Greenville County Schools
Dr. Burke Royster, Superintendent

SCHOOL RENEWAL PLAN COVER PAGE

SCHOOL INFORMATION AND REQUIRED SIGNATURES

SCHOOL Skyland Elementary

GREENVILLE COUNTY SCHOOL DISTRICT

SCHOOL RENEWAL PLAN FOR YEARS 2013-2014 through 2017-2018 (*five years*)

SCHOOL RENEWAL ANNUAL UPDATE FOR 2016-2017 (*one year*)

Assurances

The school renewal plan, or annual update of the school renewal plan, includes elements required by the Early Childhood Development and Academic Assistance Act of 1993 (Act 135) and the Education Accountability Act of 1998 (EAA) (S.C. Code Ann. §59-18-1300 and §59-139-10 *et seq.* (Supp. 2004)). The signatures of the chairperson of the board of trustees, the superintendent, the principal, and the chairperson of the school improvement council are affirmation of active participation of key stakeholders and alignment with Act 135 and EAA requirements.

PRINCIPAL'S E-MAIL ADDRESS: cstyles@greenville.k12.sc.us

STAKEHOLDER INVOLVEMENT FOR SCHOOL PLAN

(Mandated Component)

List the name of persons who were involved in the development of the school renewal plan. A participant for each numbered category is required.

<u>POSITION</u>	<u>NAME</u>
1. PRINCIPAL _____	Dr. Carolyn J. Styles _____
2. TEACHER _____	Mrs. Katie Spearman _____
3. PARENT/GUARDIAN _____	Mr. James Potts _____
4. COMMUNITY MEMBER _____	Mrs. Ellen Rogers _____
5. SCHOOL IMPROVEMENT COUNCIL _____	Mr. Jonathan Duty _____
6. Read to Succeed Reading Coach _____	Mrs. Roma Cooper _____
7. School Read to Succeed Literacy Leadership Team Lead _____	Mrs. Janie Leonhardt _____
8. OTHERS* (May include school board members, administrators, School Improvement Council members, students, PTO members, agency representatives, university partners, etc.) ** Must include the School Read to Succeed Literacy Leadership Team.	

<u>POSITION</u>	<u>NAME</u>
<u>Assistant Principal</u>	<u>Mrs. Sara Schnoor</u>
<u>Instructional Coach</u>	<u>Mrs. Kenna Brannon</u>
<u>Media Specialist</u>	<u>Mrs. Cyndie Bryan</u>
<u>PTA President</u>	<u>Mrs. Ginnifer Jones</u>
<u>Guidance Counselor</u>	<u>Mr. Phil Liston</u>

***REMINDER:** If state or federal grant applications require representation by other stakeholder groups, it is appropriate to include additional stakeholders to meet those requirements and to ensure that the plans are aligned.

ASSURANCES FOR SCHOOL PLAN

(Mandated Component)

Act 135 Assurances

Assurances, checked by the principal, attest that the district complies with all applicable Act 135 requirements.

- x** **Academic Assistance, PreK–3**
The district makes special efforts to assist children in PreK–3 who demonstrate a need for extra or alternative instructional attention (e.g., after-school homework help centers, individual tutoring, and group remediation).
- x** **Academic Assistance, Grades 4–12**
The district makes special efforts to assist children in grades 4–12 who demonstrate a need for extra or alternative instructional attention (e.g., after-school homework help centers, individual tutoring, and group remediation).
- x** **Parent Involvement**
The district encourages and assists parents in becoming more involved in their children’s education. Some examples of parent involvement initiatives include making special efforts to meet with parents at times more convenient for them, providing parents with their child’s individual test results and an interpretation of the results, providing parents with information on the district’s curriculum and assessment program, providing frequent, two way communication between home and school, providing parents an opportunity to participate on decision making groups, designating space in schools for parents to access educational resource materials, including parent involvement expectations as part of the principal’s and superintendent’s evaluations, and providing parents with information pertaining to expectations held for them by the school system, such as ensuring attendance and punctuality of their children.
- x** **Staff Development**
The district provides staff development training for teachers and administrators in the teaching techniques and strategies needed to implement the school/district plan for the improvement of student academic performance. The staff development program reflects requirements of Act 135, the EAA, and the National Staff Development Council’s revised *Standards for Staff Development*.
- x** **Technology**
The district integrates technology into professional development, curriculum development, and classroom instruction to improve teaching and learning.
- x** **Innovation**
The district uses innovation funds for innovative activities to improve student learning and accelerate the performance of all students. Provide a good example of the use of innovation funds.
- x** **Collaboration**
The district (regardless of the grades served) collaborates with health and human services agencies (e.g., county health departments, social services departments, mental health departments, First Steps, and the family court system).

x Developmental Screening

The district ensures that the young child receives all services necessary for growth and development. Instruments are used to assess physical, social, emotional, linguistic, and cognitive developmental levels. This program normally is appropriate at primary and elementary schools, although screening efforts could take place at any location.

x Half-Day Child Development

The district provides half-day child development programs for **four-year-olds** (some districts fund full-day programs). The programs usually function at primary and elementary schools, although they may be housed at locations with other grade levels or completely separate from schools.

x Developmentally Appropriate Curriculum for PreK–3

The district ensures that the scope and sequence of the curriculum for PreK–3 are appropriate for the maturation levels of students. Instructional practices accommodate individual differences in maturation level and take into account the student's social and cultural context.

x Parenting and Family Literacy

The district provides a four component program that integrates all of the following activities: interactive literacy activities between parents and their children (Interactive Literacy Activities); training for parents regarding how to be the primary teachers for their children and full partners in the education of their children (parenting skills for adults, parent education); parent literacy training that leads to economic self-sufficiency (adult education); and an age-appropriated education to prepare children for success in school and life experiences (early childhood education). Family Literacy is not grade specific, but generally is most appropriate for parents of children at the primary and elementary school levels and below, and for secondary school students who are parents. Family Literacy program goals are to strengthen parent involvement in the learning process of preschool children ages birth through five years; promote school readiness of preschool children; offer parents special opportunities to improve their literacy skills and education, a chance to recover from dropping out of school; and identify potential developmental delays in preschool children by offering developmental screening.

x Recruitment

The district makes special and intensive efforts to **recruit** and give **priority** to serving those parents or guardians of children, ages birth through five years, who are considered at-risk of school failure. “At-risk children are defined as those whose school readiness is jeopardized by any of, but no limited to, the following personal or family situation(s): Educational level of parent below high school graduation, poverty, limited English proficiency, significant developmental delays, instability or inadequate basic capacity within the home and/or family, poor health (physical, mental, emotional) and/or child abuse and neglect.

x Coordination of Act 135 Initiatives with Other Federal, State, and District Programs

The district ensures as much program effectiveness as possible by developing a district-wide/school-wide coordinated effort among all programs and funding. Act 135 initiatives are coordinated with programs such as Head Start, First Steps, Title I, and programs for students with disabilities.

Introduction

Skyland Elementary School's Strategic Plan was developed to document the changes and progress our school has made while working to continuously improve everything we do. This plan is modeled after the Victoria Bernhardt framework for school improvement and provides our staff with an ongoing means for self-assessment, communication, continuous improvement, and accountability. Our plan is revisited annually to update and revise based on student performance data.

This strategic plan is a living document that describes Skyland Elementary School and includes actual evidence of our work. It describes who we are, our vision for the school, goals, plans, progress, and achievements in the context of client demographics and needs, and school partnerships. The strategic plan also describes how we build and utilize our overall school plan for the purpose of increasing student learning – our ultimate outcome. The last section, Continuous Improvement and Evaluation, summarizes and evaluates Action Plan. This overview details the progress and changes we have been able to accomplish within each Goal area and throughout our school during this time. It also shows how all of the parts fit together to make our school a positive place for our students.

The Administrative and Curriculum Committees have looked at the data disaggregated from the 2014-15 test scores. From this, summaries were formed and next steps developed. This information was presented to the Skyland faculty and staff for review and recommendations. Final drafts were then presented to the Leadership Committee, the School Improvement Council, and the PTA Board for input.

Skyland uses the consensus model for decision-making. Every grade level has a chairperson who dispenses information and facilitates communication within the grade level. During the school year, the faculty meets as needed with grade level professional learning communities as well as vertical subject area teams. These teams strengthen communication and understanding between classroom teachers, related arts teachers, and support staff. This type of setting has enabled our faculty to see the “big picture” and has helped everyone to understand and value each person's unique role/position within the school. Faculty and staff members, students, parents and community members have input in the decision-making process.

School-wide committees help Skyland to stay focused on our mission and offer a way to communicate throughout the process of evaluation for continuous student improvement. Our school committees play an integral role in the development of the strategic plan. They include: The Leadership Committee, Curriculum Committee, Student Recognition Committee, A-Team Committee, Fitness Club, Social/Sunshine Committee, Technology/Promethean Support Committee, Student Council, Skyland Express, Art Club, Headliners/Skyland Scoop, and SETV.

Committees 2015-2016

Wednesdays should be reserved for faculty meetings, committee meetings, and professional development. These functions will be carried out on a rotational basis as determined by administration. Each committee is responsible for adding relevant events to the school-wide calendar in the main office and informing administration of those events.

Leadership

Members: (11 members) Principal, Assistant Principal, Instructional Coach, Special Education Coordinator, Related Arts Representative and Grade Level Team Leaders will serve on this committee.

Purpose: Leadership will meet to review other committee reports, discuss grade level events, specific committee-led functions, and additional responsibilities as assigned by the chair/principal.

Responsibilities: Leadership members will be responsible for responding to the reports of other committees, communicating information to relevant school personnel, updating the school-wide calendar, and any other functions as assigned by the chair/principal.

Carolyn Styles (Chair-Principal)

Katie Spearman (K)

Kathleen Ross (1)

Denise Smith (2)

Fonya Page (3)

Teri Hannon (4)

Debby Huff (5)

Cyndie Bryan (RA, TAC)

Kim Coggins (SPED Coordinator)

Kenna Brannon (IC)

Sara Schnoor (AP)

Curriculum Contacts

Members: Instructional Coach

Purpose: Curriculum Contacts will attend and participate in district information sessions for the purpose of providing Leadership and Skyland faculty members information related to district curriculum.

Responsibilities: Curriculum Contacts will be responsible for attending and participating in all scheduled curriculum information sessions as assigned by Instructional Coach. Notes regarding curriculum information, changes, or requests for feedback from teachers will be collected and emailed to faculty members in a timely manner. Curriculum Contacts will also communicate to faculty members relevant professional development and training opportunities to consider, in and out of district.

Kenna Brannon (Chair)

Student Activities

Members: (12-15 members) Guidance Counselor and Instructional Coach, Co-Chairs. Subcommittees include Student Groups, Recognition, and Special Events. A member may belong to 1-2 subcommittees or be responsible for more than one activity within a subcommittee.

Purpose: Student Activities will plan, organize, and carry out the implementation of student extra-curricular groups, student recognition, and/or school-wide special events.

Responsibilities: Student Activities members will be responsible for planning, organizing, and carrying out the implementation of their assignment. Members given the same assignment will meet regularly or as needed to satisfactorily complete the required tasks. A report of the meeting will be given to the co-chairs, Guidance Counselor and Instructional Coach.

Phil Liston (Co-Chair)

Kenna Brannon (Co-Chair)

<u>Student Groups</u>	<u>Recognition</u>	<u>Special Events</u>
Art Club <i>Angie Bryant</i>	Author's Chair <i>Kenna Brannon</i>	Arts Showcase <i>Angie Bryant</i> <i>Carol Godfrey</i> <i>Ryan Evett</i>
Book Buddies <i>Kristy Paddock</i> <i>Angie Lewis, Markisa Fowler</i>	AR Rewards <i>Mark Klein</i> <i>Denise Smith</i> <i>Heidi Sever</i>	Career Day/Week <i>Phil Liston</i>

History Club <i>Ron Gunter, Katie Spearman,</i> <i>Shana Finely</i>	Other	Kid's Vote (Election Year)/Literacy Week/Math & Science Day <i>Cindy Grice</i> <i>Debbie McAbee</i> <i>Elizabeth Poole</i>
Safety Patrol <i>Sara Schnoor</i>		Other
SETV <i>Ron Gunter, Stephanie Smits, Kristen</i> <i>Gullette, Lisa Jameson, Terri Gilbert</i>		
Skyland Express <i>Beth Fisher, Susan Menard</i>		
School Wellness & Skyrobics <i>Ryan Evett, Peggy Smith</i>		
Student Council <i>Jenny Roberson,, Erin Painter</i>		
Genius Hour <i>Sara Schnoor</i>		

Technology

Members: (2-3 members) Media Specialist, TAC

Purpose: Technology will assist teachers with technology needs that may include replacing Promethean bulbs, accessing PowerTeacher, computer/device operations, and providing information about opportunities for training regarding technology, in and out of district.

Responsibilities: Technology members will be responsible for responding to teacher technology needs in a timely manner. The members will inform school personnel of district procedures for requesting tech assistance and create procedures for requesting in-house tech assistance. They will make sure teachers are aware of and follow the set procedures. Members will also inform relevant school personnel about opportunities for technology training. The members will meet regularly to maintain the school-wide computer lab spaces--assessing and responding to equipment needs, creating displays, and a schedule/sign-up for teachers. The displays will include lab procedures and internet safety tips. The committee will also update the school technology plan. The TAC, Media Specialist, will keep Leadership informed of committee actions, needs, and questions.

Cyndie Bryan (TAC)

Jill Parker

Stefanie Smith (Chair)

Jessica Tooley

Debby Smith (webmaster)

*Kenna Brannon (PowerTeacher)

Public Relations/Marketing

Members: (2-3 members)

Purpose: Public Relation/Marketing will work to build and strengthen our image and connection with the greater community. Members will work together to create and maintain a comprehensive approach to communication and a platform for social media with the purpose of informing and engaging the Skyland community, as well as our partners in education (parents, organizations, businesses, news, etc.).

Responsibilities: Public Relations/Marketing members will be responsible for maintaining the quarterly school-wide publication of Skyland Scoop, school website, Facebook page, and Twitter feed. The members will put in place procedures for submitting "scoop," samples of outstanding student work, pictures, special event details (school and/or classroom), and significant achievements to be included in the Skyland Scoop, website, FB, twitter and local news. They will encourage submissions throughout the school year and set/meet appropriate quarterly submission goals for the committee. Members will nurture current partnerships and seek out opportunities to create new partnerships by collaborating with PTA, SIC, and other community organizations. They will assist individual teachers and/or plan professional development/training for faculty as needed.

Debby Huff

Natalie Barrineau

Social

Members: (2 members)

Purpose: Social will organize opportunities for all school personnel to make positive connections with and be supported by one another.

Responsibilities: Social members will be responsible for leading efforts to collect “Sunshine” membership (\$5.00). The membership fund will be used to purchase flowers, food, decorations, etc. as designated by the “Sunshine” bylaws. They will collaborate with Leadership, PTA, and/or appropriate school personnel to provide teacher supports that may include snacks, personalized tokens of appreciation, and other supplies. The members will meet regularly to review calendar and plan for upcoming tasks.

*Kathleen Ross
Nell Kennedy*

A-Team

Members: Assistant Principal (1-2 members)

Purpose: A-Team will provide support to teachers working with students that are experiencing difficulty in the classroom.

Responsibilities: The A-Team members will be responsible for the referral process and timely maintenance of the toolkit. They will effectively communicate with parents and all members of the A-Team (teacher, speech, psychologist, nurse, IC, etc.) as needed. Members will collaborate with the appropriate school and district personnel to support the teacher with areas of need as identified during the process. The members will also provide professional development and training regarding the process, interventions and documentation, and using toolkit.

Sara Schnoor

Executive Summary

Skyland's leadership and curriculum committees conduct annual analyses of the following three areas in order to assess our current state and determine our future needs. These areas include: student achievement, teacher and administrator quality and the school climate.

Needs

In the area of student achievement, the team identified trends over time and developed future goals based on an analysis of 2014-2015 MAP, ACT Aspire and PASS data. Skyland students continue to make steady improvement on district and state assessments. This analysis indicated the following needs:

- Achievement goals in reading and math for grades 2-5
- More differentiated instruction to address varied student needs

The team surveyed the faculty and administration to determine professional growth needs. The following needs are based on that survey information and relate to the area of teacher and administrator quality.

- More professional development regarding technology
- More focused and strategic use of professional learning communities

Skyland has continued to maintain a high attendance percentage (96% or higher) over the past five years. However, the team decided that an emphasis needed to be placed on this area in order to maintain this high percentage. Therefore, the team identified the following school climate related need:

- Implement programs to encourage and reward perfect attendance

Findings

The following performance goals for the 2014-15 school year were developed based on the needs assessment and are outlined in the school action plan.

Goal Area: Raise the academic challenge and performance of each student. (District Ed. Plan –Goal 1).

- **Performance Goal 1:** Meet or exceed the standard in Writing as measured by the ACT Aspire. (baselines to be established in 2014-15)
- **Performance Goal 2:** Meet or exceed the standard in English as measured by the ACT Aspire. (baselines to be established in 2014-15)
- **Performance Goal 3:** Meet or exceed the standard in Reading as measured by the ACT Aspire. (baselines to be established in 2014-15)
- **Performance Goal 3:** Meet or exceed the standard in Math as measured by the ACT Aspire. (baselines to be established in 2014-15)

Goal Area: Ensure quality personnel in all positions. (District Ed. Plan- Goal 2)

- **Performance Goal 1:** The amount of time teachers and administrators are engaged in professional development activities will meet or exceed the district minimum requirement of twelve hours at the school level from 2013-14 to 2017-18.

Goal Area: Provide a school environment supportive of learning. (District Ed. Plan- Goal 3).

- **Performance Goal 1:** The student attendance percentage will meet or exceed 96% or better from 2013-14 to 2017-18.

Challenges

Like most schools during the economic decline of recent years, Skyland has had challenges. Most significant among these is the loss of specific programs due to cutbacks in personnel. For example: Skyland lost a computer lab instructor and a science lab instructor. From an analysis of the data, it is clear that these cutbacks impacted learning. MAP and ACT Aspire data indicate the area of research as a weakness in grades 3, 4 and 5. Before the loss of the computer lab instructor, this person worked along with the Media Specialist to teach research skills. Science scores have fluctuated some due to the loss of the science lab instructor; however, the use of the district science kits has allowed teachers to shore up this area.

These economic concerns have increased the need to use resources creatively in order to address school needs. At Skyland, we have utilized creative scheduling to continue our RTI program and to allow time in the day for teachers to participate in professional learning communities. The school PTA has offered teacher grants to provide resources and has supported the school by purchasing student iPads.

Awards & Achievements

In recent years, Skyland has received numerous awards and recognition as noted below:

- NCLB Adequate Yearly Progress 2007-2011
- Palmetto's Finest Finalist 2008-2009
- Palmetto Gold or Silver 2004, 2005, 2008-2015
- SCEOC Closing the Achievement Gap 2005, 2009-2012, 2015
- Greenville County School District Clean Glove Award 2008-2009
- PTA Family-School Partnership Award of Merit 2008-2009
- The Bill Page Award for Excellence in Teaching Grant 2009-2010
- Red Carpet Award 2008-2011
- Palmetto Showcase School 2009
- National PTA School of Excellence 2004-2007
- The Peace Center for the Performing Arts Intensive Development in Education Through the Arts 2005-2013
- Greenville County School District Gold and Bronze Website Awards 2002-2007

School Profile

Skyland Elementary School

Founded in 1957, our school moved to its current facility in 1998. We are located on 21 acres in a beautiful pastoral setting nestled in the foothills of the Blue Ridge Mountains. Currently we serve approximately 725 students from four-year-old kindergarten through fifth grade. Enrollment has steadily increased over the past few years. Two full day K4 classes and the addition of approximately 100 special permission students have helped to increase our overall numbers. As families move to our area from other parts of the United States, we have seen an increase in the numbers of subdivisions being built in our attendance area. While this is a new trend, it has added a dimension of regional diversity to our school population. New industries in our region partially account for this change, as does the desire of parents to raise their children in a more rural, close-knit community setting. Our community demonstrates a unique socio-economic make-up. Many parents work second and third shift blue-collar jobs with incomes in the lower and middle socio-economic range. Yet, only 43% of our students take advantage of the free or reduced breakfast or lunch program. This interesting dynamic can be attributed to their cultural, mountain pride that will not allow for what they deem as charity. We are noticing an increase in the number of families from the middle to upper-middle socio-economic range with the influx of new families. Many of these families have one stay-at-home parent who actively volunteers in our school. Even with these changes in population, we continue to be a true community school with local citizens desiring this school to remain true to its historical foundation as it continues to serve many generations of families within this community.

COMMUNITY INVOLVMENT

Being a true community school, we thrive on the contributions of our numerous parent/community volunteers and partners. Each class has at least one parent serving as a liaison between home and school. Many volunteers serve as chairmen for specific school wide committees such as volunteerism, fundraising, Fall Carnival, or landscaping, just to name a few. Several grandparents are daily volunteers in our classrooms and one of our local youth ministers visits students at lunch as part of a mentoring program. Our volunteers are truly an extension of our team. They have a centrally located office/workroom from which they work to further support the mission of our school. Having their own space has shown that we value their support and input, thus strengthening our school/community partnership. By serving on our PTA Board or School Improvement Council, parents actively participate in improving our school. During monthly meetings, our PTA Board makes important decisions regarding finances and school wide programs. Every decision is thoughtfully analyzed to determine its effect on our overall goal of meeting the educational, emotional, social and physical needs of each student. Through their teacher grant program, the PTA has given thousands of dollars to allow classroom teachers to explore new strategies that will enhance their classroom instruction. They have been instrumental in funding library books, technology, and landscape improvements. Their most recent project, the culmination of a three year dream, is an outdoor education center that is used by school and community members. This year they have provided us with additional resources including a class

set of Activexpression handheld devices to be utilized with our current Promethean Boards and a publication center with a state of the art book binder. Our SIC members act as representatives for our parent/community stakeholders and collaborate regularly with the administration to make decisions that positively impact our student body and community. They are an integral part of creating our written improvement plan and monitoring progress toward established goals. They provide suggestions, voice concerns and work side-by-side with faculty and staff to achieve school wide improvement. Our community partnerships are quite diverse. Local restaurants donate coupons and certificates to be used for incentives and awards, and local businesses and financial institutions have provided funding for various school wide projects such as author visits, artists in residence and additional educational resources. Our partnerships with area universities allow us to help prepare the next generation of educators and give us additional support in the classroom. Working with neighboring churches and Veterans' organizations has led to one of our most successful community activities- our Veteran's Day Celebration and luncheon. Last year's volunteers gave over 15,000 hours of service, our Veteran's Day program had more than 150 guests, and more than 600 parents, students and community members attended the Fall Festival.

Safety, Cleanliness, and Adequacy of School Facilities

Skyland Elementary School and the district are both committed to having a safe and clean environment for learning. At the site level, there is an emergency preparedness plan that is updated annually. All staff members receive yearly training that reinforces our Safety Plan. They each have an emergency manual to use in the event of an emergency. Procedures are in place for a variety of situations that include unwanted intruder; tornado or other types of severe weather; fire; earthquake; hazardous material emergency; terrorist and bomb threat. Emergency drills are practiced regularly in the event a true emergency situation occurs. Our school community is kept informed of the various safety procedures we follow through our monthly school newsletter.

Planning for various potential emergencies is done in coordination with regional agencies, the district, and individual school plans stressing safety for the students first. At least one coordinated drill is held regionally in which the district participates.

Specific safety concerns regarding buildings and grounds at the school site are handled by the maintenance department if they cannot be remedied by site custodians assigned to Skyland. Our professional staff of five full-time custodians performs basic cleaning operations in all rooms and throughout the building every day.

Other aspects of the school/district safety program include:

- District safety committee
- Bus evacuation drills
- Fire safety inspections
- Campus supervision

Enrollment by ethnicity at Skyland Elementary has remained consistent over the past several years. Minorities account for approximately 14% of our enrollment.

Student attendance rates have been consistent with the rate of similar schools in the state and district. Skyland attendance decreased slightly from the previous year.

Skyland Elementary serves special needs students through several placements. Students may be served as Speech/Language Disabled, Learning Disabled, Autistic, Other Health Impaired, and Orthopedic Disabled. The Learning Disabled, Autistic and Other Health Impaired students are served in a resource setting for a designated amount of time as set by the student's IEP. Students also receive speech/language services in a pullout program. Additional services such as Orthopedic Therapy are provided by district specialists. Some children qualify for more than one service. Our retention rate is currently 2.6%, which is up from 2013 by 1.5% and above other elementary schools like ours, which is at 0.5%.

Gifted and Talented Students

The number of students who qualify for gifted and talented services has varied over the past years at Skyland. From 2013 to 2015, we experienced a slight decrease. The gifted and talented students at Skyland Elementary are served through the district Challenge program, which is a weekly pullout enrichment program. Currently, 74 students (10%) in grades 3-5 are served.

Number of Gifted and Talented Students

	2013	2014	2015
Grade 3	19	24	14
Grade 4	24	27	34
Grade 5	18	29	26
Total	61	80	74

Free and Reduced Lunch Profiles

The percentage of students in each category has changed little over the past three years. Approximately 43% of our students take advantage of free or reduced lunch.

Skyland Elementary Student Lunch Status

Skyland Elementary School Staff

The Skyland Elementary Staff includes: thirty-two regular classroom teachers, three full-time related arts teachers and three part-time, one part-time Literacy Specialist and one part-time RTI teacher. We have one media specialist and two part-time media clerks. We have two full-time and one part-time special education teachers and one full-time speech therapist who also serve our students. We have additional part-time faculty members in the following areas: Challenge (G&T) and ESOL. Our support staff includes one Instructional Coach and one Guidance Counselor. Of these teachers, we have four male full-time teachers.

All of our teachers are highly qualified in the area in which they teach, with 48.7% having earned advanced degrees. Teacher attendance is at 95%, which is very close to other elementary schools like ours who are at 95.1%. We have a balance of veteran and beginning teachers who possess talents in many areas outside the educational arena. Areas of certification include guidance and counseling, curriculum and development, business administration, speech correction, social work, administration and supervision, studio art, art education, library science, health and physical education, English, mathematics, learning disabilities, ESOL, mentally handicapped, emotionally handicapped, orthopedically handicapped, reading, gifted and talented, nursing, elementary education, early childhood education, and interdisciplinary studies. We have a number of teachers who are IDEA trained, certified in CPR and licensed as first aid responders.

Additional personnel include the school principal, the assistant principal, one full time secretary, one part time secretary, one attendance clerk, nine paraprofessionals, a full time nurse, one plant engineer, four full time custodians, and a full staff of food service workers. Several bus drivers also provide services to students.

Other support personnel available to assist in meeting the needs of Skyland students include the district psychologist, a network computer engineer, and computer hardware technician.

Administration

Our principal, Dr. Carolyn Styles, obtained her Bachelor of Science degree in Education in 1984 from Erskine College and her Master's degree in Elementary Education in 1988 from Furman University. She obtained a second Master's degree in Elementary Administration and Supervision from Furman University in 1992. She completed a doctorate in Educational Leadership from South Carolina State University in December 2010. Prior to becoming the principal, she taught for ten years at various grade levels. Our principal was the first in twenty years in Greenville County to move from the classroom to the position of principal. Her strong leadership skills and thorough knowledge base in the area of curriculum and instruction prepared her to make such a tremendous move. Prior to becoming the principal, she was twice selected by her peers as Teacher of the Year. In addition, she was recognized by the Rotary Club for Excellence in Education, and by our district for Excellence in Teaching. While in the classroom, she was the recipient of numerous grants including SC EIA grant, Alliance for Quality Education grant, and a BellSouth Grant. She serves as a mentor for beginning principals in our district. Dr.

Styles is well respected by community members, parents, and staff as an advocate for children. This is evidenced by her outstanding approval rating on a recent survey of community stakeholders.

Sara Schnoor, our assistant principal, comes to us from Berea Elementary where she was an administrative assistant. She graduated from Lawrence University with a BM in Cello Performance and Music Education. She earned her MEd in Administration and Supervision from Clemson University.

School Leadership and Administration Structure

Vertically, the leadership and administrative teams of Skyland Elementary School are led by our principal who receives her directives from the Superintendent's office and from the department heads at our Central Office. Our principal then delegates responsibility for decision making throughout our staff and faculty. The assistant principal works closely with the principal to carry out her duties as support to staff and students. She becomes responsible when the principal is out of the building.

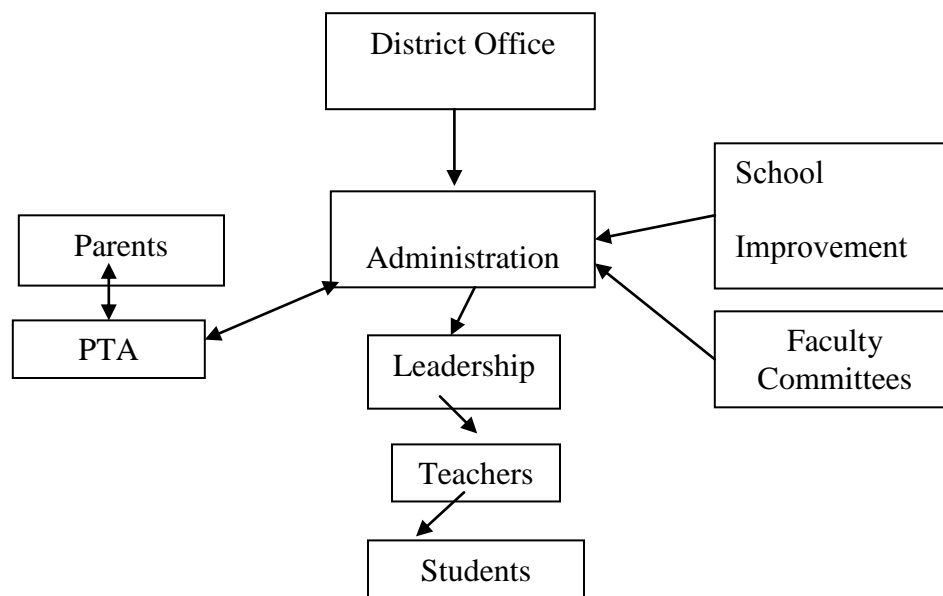

The leadership team, made up of grade level, related arts, and special area teacher chairpersons, is the liaison between the staff and the administration. They meet regularly to discuss curricula and instructional issues and then disseminate information to their colleagues. The teachers, in turn, disseminate instruction and information to our students and parents.

Horizontally, the leadership structure stems from the Central Office to the school administration who, in turn, disseminates pertinent school information to our parents and the community through our PTA organization and the School Improvement Council that is made up of teachers, administrative personnel, community business partners, and parents. These two groups meet regularly to plan and communicate how they will assist the school through volunteering, fund raising, and purchasing needed equipment. This information is shared with the administration and staff.

Skyland also has faculty committees that meet regularly to organize and plan the many activities that supplement and support curriculum. These various committees have chairpersons who report to the staff as a whole and work closely with the administrators to plan the activities that will be included on our school calendar each month.

Decision-making Structure

A decision-making structure was established to clarify how decisions are made at our school. We use committees to make decisions and bring recommendations forth to the entire faculty.

Learning Climate

Skyland Elementary School provides a disciplined, but stimulating, learning climate for students. The climate for learning at Skyland is enhanced by involved parents. Parents are encouraged to become involved in school committees and councils, to help with homework, and to encourage and honor their children's success. Student discipline is the responsibility of all Skyland staff members.

A major goal is to provide a positive climate for learning in order to assure student achievement, enhance self-esteem, and develop positive social behavior. To reach this goal, Skyland offers many opportunities for student participation and recognition. Skyland students are held to high expectations. Every child and adult is expected to do his or her individual part to make our school a better place. A school wide system is in place that encourages classes to receive compliments for demonstrating self-reliance. Some examples of behaviors that merit compliments are: monitoring their own behavior, showing extra effort, and taking pride in the school environment. Once a class reaches their compliment goal, it participates in its own unique celebration. Students are involved in developing classroom management plans that promote self-discipline and use natural consequences. Character education is held in high regard as we strive to mold students into model citizens.

Our classrooms are arranged on grade level halls to encourage cooperation and collaboration among teachers in each grade level. Each hall has a workroom that provides space for team meetings and allows for storage and easy sharing of materials. Close proximity and shared common areas encourage teachers to share strategies and ideas to increase instructional effectiveness.

Skyland curriculum continues to be reviewed on a regular basis. Academic standards have been developed in alignment with State Academic standards and local needs. Strategies and

approaches are regularly revised based on data generated during the year through benchmark and diagnostic assessments.

Student Support Services

Students at Skyland still receive the benefit of a full-time counselor who meets with children in small groups or on an individual basis. In addition, the counselor promotes character education through his visits to the classroom for bimonthly guidance lessons.

Students participate in a variety of extracurricular activities through school enhancement teams such as: Safety Patrol, Student Council, Chorus, Art Club, Skyland Express, Genius Hour, Skyland Sprinters, History Club and Skyrobics Teams.

Major Features

Our total school environment is designed to allow all children to flourish and our curriculum matches this philosophy. Based on the Common Core and South Carolina State Standards, the overall curriculum is rigorous yet child-centered due to our willingness to incorporate a variety of techniques and strategies to reach every learning style. We utilize the Learning Focused planning model which emphasizes the use brain-based research and strategies such as advanced organizers, student collaboration and acceleration to increase student mastery. Another unique feature of our curriculum is the integration of the arts through the IDEA program. In addition, our district's Curriculum Connection portal, now called Rubicon Atlas, provides teachers with a plethora of units, lessons, activities and website links to further enhance all curricular areas.

- Social Studies correlated novel studies in grades three through five
- Response to Intervention program for “at risk” kindergarten and first grade students
- *Compass Learning Odyssey* computer program in grades two through five
- School wide web-based Accelerated Reader Program (Renaissance Place)
- Summer reading challenges
- Annual Literacy Week celebrations
- *English in a Flash* Computer program for limited English proficiency students
- *SRA Corrective Reading* series in special education resource and self-contained classrooms
- *Fountas and Pinnell* balanced literacy program implementation 2013-14
- *SMART arts* (IDEA) arts integration
- Professional Learning Communities
- Stetson Inclusion Training

Mission, Vision, Beliefs

We envision a school that provides an atmosphere incorporating a partnership of parents, teachers, and community working together to encourage students to achieve their maximum potential.

We envision a school that will produce a well-rounded student with high academic standards.

We envision a school with a safe environment where students feel secure.

Our Purpose

The purpose of Skyland Elementary School is to create a world-class learning environment for students, parents, and teachers.

Skyland Elementary Mission

The mission of Skyland Elementary School is to develop responsible, productive, lifelong learners by providing a safe environment and a variety of educational learning experiences which enable students to grow academically, creatively, and socially while respecting individual differences.

Skyland Elementary Beliefs

- We believe student learning is the chief priority of the school.
- We believe all students can learn.
- We believe students need to not only demonstrate their understanding of essential knowledge and skills, but also need to be actively involved in solving problems and producing quality work.
- We believe students learn at different rates and learn best when they are actively engaged in the learning process.
- We believe the commitment to continuous improvement is imperative if our school is going to enable students to become confident, self-directed, lifelong learners.
- We believe education is the shared responsibility of the home, school, and community.
- We believe school should provide a safe physical, social, and emotional environment in order to promote learning.
- We believe our school must function as a learning organization and promote opportunities for all those who have a stake in the success of the learning community.
- We believe everyone should be treated with dignity and respect.
- We believe cultural diversity aids in a better understanding of our society.
- We believe challenging expectations increase individual student's performance.
- We believe the integration of technology prepares students for the future.
- We believe that a holistic approach to nutrition and fitness aids students in developing healthy lifestyles.
- We believe arts integration aids students in academic achievement and creativity.

Data Analysis & Needs Assessment:

Measures of Academic Progress (MAP)

Math MAP Percentage meeting Target RIT

Grade	2011-12	2012-13	2013-14	2014-15
3	72.9	65.8	56	59.4
4	45.7	70.7	75.3	50.5
5	60.0	76.8	66.4	46.2

Reading MAP Percentage meeting Target RIT

Grade	2011-12	2012-13	2013-14	2014-15
3	61.9	43.8	50.5	51.5
4	50.5	62.1	54.8	40.2
5	52.2	71.0	54.8	59.3

We continue to experience student growth in most grade levels in both Reading and Math MAP. We did experience a lower percentage of students meeting their growth targets in the area of Reading in grade 4 and in Math in grades 4 and 5.

ACT Aspire 2014-15 Results

In all grade levels and subject levels, except for Writing, we exceeded both the district and state in scoring Ready or above on the ACT Aspire test. Data was examined by strand during grade level team meetings to help strengthening instructional planning.

Palmetto Assessment of State Standards

Both grades 4 and 5 scored above the district and state in the areas of Social Studies and Science. Specific strands, as well as trends, were discussed in depth during team meetings.

ITBS Percentile Rank Skyland Elementary 2010-2015

	2012	2013	2014	2015
Reading Comprehension	72%tile	77%tile	69%tile	64%tile
Math Concepts	57%tile	60%tile	59%tile*	54%tile*
Math Problems	61%tile	63%tile	59%tile*	54%tile*

ITBS data indicates some fluctuation over the last 4 years, but 2014 data supports a slight increase in the areas of Math (*combined) and Reading Comprehension. Both areas remain well above the district's 50%tile projection.

Teacher and Administrator Quality

On-site Professional Development Hours

2011	2012	2013	2014	2015
15 hours	20 hours	20 hours	20 hours	20 hours

The chart documents the on-site professional development hours offered at Skyland. While the district requirement is 12 hours, we have exceeded that number each year. In addition, many staff members exceeded the total required professional development hours (24 hours) by participating in a wide variety of in-service opportunities through the district and through the Peace Center. During the last few years, several teachers also completed advanced degrees including Masters, Masters +18, Masters +30, Educational Specialist and National Board Certification.

School Climate Survey Results (%)

Skyland Elementary

2011-15

<i>Teachers</i>	2011	2012	2013	2014	2015
Percent satisfied with learning environment.	100	100	100	97.7	100
Percent that report feeling safe at school.	100	100	100	97.6	100

<i>5th Grade Students</i>	2011	2012	2013	2014	2015
Percent satisfied with learning environment.	93.9	87.7	94.8	93.2	92
Percent that report feeling safe at school.	99	92.6	96.9	97.7	96.7

<i>5th Grade Parents</i>	2011	2012	2013	2014	2015
Percent satisfied with learning environment.	92.7	70.6	95.1	94	100
Percent that report feeling safe at school.	100	91.9	100	96.1	100

The tables above show high percentages of satisfaction with Skyland's learning environment from teachers, students, and parents. We hope to continue to increase the number of 5th grade parent surveys returned to help give us a more accurate view of parent satisfaction with the learning environment.

Needs Assessment

OUTCOMES	NEXT STEPS
<p>Goal Area 1: Raise the academic challenge and performance of each student. (District Ed. Plan –Goal 1).</p> <p>Performance Goal 1: Meet or exceed the standard in English, Writing, Reading and Math as measured by ACT Aspire.</p> <p>Interim Performance Goal: The percentage of students scoring Ready or above on the 2014-15 ACT Aspire will be comparable to our district's performance.</p> <p>Results: The Interim Performance Goal was met because students met standard in all areas, with the exception of Writing which was low statewide.</p>	<p>Goal 1</p> <ul style="list-style-type: none"> • Use of IDEA (Intensive Development in Educating through the Arts • Continue to implement Learning Focused Strategies. • Employ a Reading Interventionist and implement the Response to Intervention program in K and 1st grade. • Use MAP testing to determine students' Lexile scores. • Examine ELA test data, survey information, writing prompts, reading benchmarks and MAP results. • Work with students to set appropriate goals based on MAP data. Review and revisit goals periodically throughout the year. • Continue use of Compass Lab instructor so students can have weekly Compass Odyssey lessons. • Purchase online version of Renaissance Place to increase use of AR program as a motivational tool. • Purchase additional kits and have teachers trained in the use of <i>Everyday Math Counts</i>. • Use of IDEA (Intensive Development in Educating through the Arts) • Continue the use of the Fantastic Five Program in grades 2-5 • Use of district Rubicon Atlas • Utilize Learning Focused strategies • Use the Compass Odyssey computer program once a week. • Examine common assessments, survey information, Measures of Academic Progress (MAP) to track student progress. • Work with students to set appropriate goals based on MAP data. Review and revisit goals periodically throughout the year. • Use creative scheduling to allow more time for collaborative planning.

	<ul style="list-style-type: none"> • Conduct vertical teaming sessions to review writing samples and establish grade level expectations • Administer annual writing benchmarks and analyze results during PLC meetings • Use the Compass Odyssey computer program once a week. • Continue to use Daily Oral Language activities each day.
<p>Goal Area 2: Ensure quality personnel in all positions. (District Ed. Plan- Goal 2)</p> <p>Performance Goal 1: The amount of time teachers and administrators are engaged in professional development activities will meet or exceed the district minimum requirement of twelve hours at the school level from 2008-09 to 2014-15.</p> <p>Interim Performance Goal: Teachers and administrators will participate in twelve or more hours of professional development at the school level during the 2014-15 school year.</p> <p>Results: Skyland teachers and administrators participated in 20 hours of on-site professional development during the 2014-15 school year, therefore the Interim Performance Goal was achieved.</p>	<ul style="list-style-type: none"> • Continue to survey faculty regarding PD needs • Continue to plan professional development that is research based and reflects best practices. • Continue to use PLCs to promote collaboration and gain feedback regarding PD • Use creative scheduling to allow more time for collaboration. • Peer observations will be used as a means of job-embedded staff development • Offer a greater variety of in-services through Teachers Teaching Teachers in-services.
<p>Goal Area 3: Provide a school environment supportive of learning. (District Ed. Plan- Goal 3).</p> <p>Performance Goal 1: The student attendance percentage will meet or exceed 96% or better from 2008-08 to 2014-15.</p> <p>Interim Performance Goal: We will maintain or improve our 96% student attendance percentage during the 2014-15 school year.</p> <p>Results: Skyland's attendance rate was 96.5% during the 2014-15 school year, therefore the Interim Performance Goal was achieved.</p>	<ul style="list-style-type: none"> • The leadership team will review the current perfect attendance recognition strategies and determine necessary changes. • Continue to use incentives and recognition strategies to encourage perfect attendance • Continue to collaborate with the PTA to recognize students and classes with perfect attendance. • Expand community partnerships to secure additional resources for perfect attendance incentives.

SCHOOL RENEWAL PLAN FOR 2013-14 through 2017-18

☒ Student Achievement ☐ Teacher/Administrator Quality ☐ School Climate ☐ Other Priority

GOAL AREA 1: Raise the academic challenge and performance of each student.

PERFORMANCE STATEMENT: Meet the state and federal accountability objectives for all students and subgroups in writing each year.

FIVE YEAR PERFORMANCE GOAL: Meet or exceed the standard in writing as measured by SC Ready.

ANNUAL OBJECTIVE: Annually meet or exceed the standard in writing as measured by SC Ready.
