ASSURANCES FOR SCHOOL PLAN

Act 135 Assurances

Assurances, checked by the principal, attest that the district complies with all applicable Act 135 requirements.

X Academic Assistance, PreK-3

The school makes special efforts to assist children in PreK–3 who demonstrate a need for extra or alternative instructional attention (e.g., after-school homework help centers, individual tutoring, and group remediation).

X Academic Assistance, Grades 4–12

The school makes special efforts to assist children in grades 4–12 who demonstrate a need for extra or alternative instructional attention (e.g., after-school homework help centers, individual tutoring, and group remediation).

X Parent Involvement

The school encourages and assists parents in becoming more involved in their children's education. Some examples of parent involvement initiatives include making special efforts to meet with parents at times more convenient for them, providing parents with their child's individual test results and an interpretation of the results, providing parents with information on the district's curriculum and assessment program, providing frequent, two-way communication between home and school, providing parents an opportunity to participate on decision-making groups, designating space in schools for parents to access educational resource materials, including parent involvement expectations as part of the principal's and superintendent's evaluations, and providing parents with information pertaining to expectations held for them by the school system, such as ensuring attendance and punctuality of their children.

X Staff Development

The school provides staff development training for teachers and administrators in the teaching techniques and strategies needed to implement the school/district plan for the improvement of student academic performance. The staff development program reflects requirements of Act 135, the EAA, and the National Staff Development Council's revised *Standards for Staff Development*.

X Technology

The school integrates technology into professional development, curriculum development, and classroom instruction to improve teaching and learning.

N/A___ Innovation

The school uses innovation funds for innovative activities to improve student learning and accelerate the performance of all students. Provide a good example of the use of innovation funds.

X Recruitment

The district makes special and intensive efforts to **recruit** and give **priority** to serving those parents or guardians of children, ages birth through five years, who are considered at-risk of school failure. "At-risk children are defined as those whose school readiness is jeopardized by any of, but no limited to, the following personal or family situation(s): Educational level of parent below high school graduation, poverty, limited English proficiency, significant developmental delays, instability or inadequate basic capacity within the home and/or family, poor health (physical, mental, emotional) and/or child abuse and neglect.

X Collaboration

The school (regardless of the grades served) collaborates with health and human services agencies (e.g., county health departments, social services departments, mental health departments, First Steps, and the family court system).

X Developmental Screening

The school ensures that the young child receives all services necessary for growth and development. Instruments are used to assess physical, social, emotional, linguistic, and cognitive developmental levels. This program normally is appropriate at primary and elementary schools, although screening efforts could take place at any location.

X Half-Day Child Development

The school provides half-day child development programs for **four-year-olds** (some districts fund full-day programs). The programs usually function at primary and elementary schools, although they may be housed at locations with other grade levels or completely separate from schools.

X Developmentally Appropriate Curriculum for PreK-3

The school ensures that the scope and sequence of the curriculum for PreK-3 are appropriate for the maturation levels of students. Instructional practices accommodate individual differences in maturation level and take into account the student's social and cultural context.

X Parenting and Family Literacy

The school provides a four component program that integrates all of the following activities: interactive literacy activities between parents and their children (Interactive Literacy Activities); training for parents regarding how to be the primary teachers for their children and full partners in the education of their children (parenting skills for adults, parent education); parent literacy training that leads to economic self-sufficiency (adult education); and an age-appropriated education to prepare children for success in school and life experiences (early childhood education). Family Literacy is not grade specific, but generally is most appropriate for parents of children at the primary and elementary school levels and below, and for secondary school students who are parents. Family Literacy program goals are to strengthen parent involvement in the learning process of preschool children ages birth through five years; promote school readiness of preschool children; offer parents special opportunities

to improve their literacy skills and education, a chance to recover from dropping out of school; and identify potential developmental delays in preschool children by offering developmental screening.

X Coordination of Act 135 Initiatives with Other Federal, State, and District Programs

The district ensures as much program effectiveness as possible by developing a district-wide/schoolwide coordinated effort among all programs and funding. Act 135 initiatives are coordinated with programs such as Head Start, First Steps, Title I, and programs for students with disabilities.

Section 1 Introduction

Westcliffe Elementary

Introduction

Westcliffe Elementary began its strategic planning process as part of our school's accreditation process through AdvancED. The leadership team at our school, being composed of the principal, administrative assistant, Title I facilitator, instructional coach, and guidance counselor, served as a guide for the school as we navigated through this process. In March 2013, we met with our entire staff and began to examine and analyze survey data from staff, parents, and students. Four teams were then created to examine the standards of our self-assessment. The teams each contained nine to ten faculty members in diverse groupings. Each team had at least one primary teacher, one intermediate teacher, one upper elementary teacher, one classroom aide, one related arts teacher, one special education teacher, and one member of the leadership team. These groups met and drafted our standings in each of the standards of our self-assessment. We then came to a group consensus on our self-assessment tool through AdvancED; deciding on our strengths as a school and areas in which we were in need of improvement. During this time, members of the leadership team also met with parents and students to gain insight into their opinions of survey and other self-assessment items.

Once our self-assessment was complete, we began our work on this document. The four teams worked on a goal area assigned to them; student achievement, teacher and administrator quality, and school climate. Each team analyzed data and created a needs assessment based on their data analysis. Teams then drafted their section of our action plan. They created goals, along with strategies and activities to meet each of those goal areas. Once the teams completed their drafts, we revised them as an entire staff and came to a consensus as to what should be in our plan. The leadership team then worked to revise and finalize our plan. We submitted a final copy to the district in June 2013.

Together, through school wide team meetings, we updated our plan during the school year 2013-2014. We submitted a revised plan to the district in March 2014.

Throughout this process, we relied heavily on the input from all stakeholders in our school and want to thank our dedicated staff, parents, and students who gave their time and energy into the creation of our school's plan.

Section 2

Executive Sumary

Westcliffe Elementary

Executive Summary

Summary of Needs Assessments

Student Achievement

In looking at data for student achievement, we see a need in the area of Math in grades K-2. We also see a need in Science in grades 3-5. Our scores show great progress in decreasing the achievement gap for our Hispanic subgroup, particularly in Reading and Math.

Teacher and Administrator Quality

In looking at our district and school wide expectations, we find that we have three main areas on which to focus. We will offer professional development sessions and trainings that are focused on our district and school initiatives, increase the communication and collaboration among all staff throughout the school, and expand professional resources, especially in the areas of educational research and best practice methods, for all staff to use.

School Climate

We feel that we have a positive and safe environment at our school. In order to sustain our climate, we will ask for feedback from staff, parents, and students about our school climate. We will also continue efforts to ensure safety and high student attendance.

Significant Challenges

In spite of our strengths, there are areas of improvement that need to be addressed. The areas that need to be strengthened are:

- Increased parent involvement in student learning and school related activities
- A more effective decision making structure
- Data driven instructional decision-making in every grade
- Increased collaboration across grade levels
- Greater use of technology in every classroom
- Increased use of writing and reading across the content areas

Significant Awards, Results, and Accomplishments

Westcliffe Elementary has been afforded many significant accomplishments over the past 3 years. These include:

- A District Top Ten Finalist and 3rd Runner-up for 2013 Teacher of the Year (Ms. Amanda Waters)
- Palmetto Gold Award for overall performance on PASS (2012; 2013; 2014; 2015)
- Palmetto Silver Award for closing the achievement gap (2012; 2013; 2014; 2015)
- Letter of Distinction from EOC for being 1 of 40 elementary schools in the state with an excellent report card rating and a poverty index greater than 90
- PalmettoPride Art Award "Litter Trashes Everyone" (2nd place)
- Gifted and Talented Bridge Competition (2012: 3rd place; 2014: 2nd place)
- Green Reader Education Grants from PalmettoPride
- Schoolyard Habitat Grant
- Wellness Grant
- Target Grant
- Safe Kids of the Upstate Awards
- Curriculum Nights for Reading and Math
- Wildcats on the Run (Running Club)
- Gifted and Talented Program
- Volunteer Program
- Red Carpet School
- Teacher Gift Cards from Wal-Mart
- Title I Reward School (2012, 2013, 2014)
- ESEA Grade A (2012, 2013, 2014)
- Safe School Award (2012, 2014)
- Laura Bush Foundation Grant of \$5,000 (2014)
- PalmettoPride Grant (2013, 2014)
- Ronald McDonald House Charities \$1,500 (2014)
- Soccer Club
- Live Well Greenville Award
- Wal-Mart Grants
- RMHC 2015 \$3,056.25
- SC Aquarium Grant for Field Trip (3rd Grade)
- SC Consortium Grant \$300
- Donors Choose Grants
- Bicycles from Horace Mann

Section 3

School Profile

Westcliffe Elementary

School Profile

School Community

Westcliffe Elementary is a Red Carpet school and one of nineteen Title I schools in Greenville County School District. It is part of the Berea community, population 14,295, within the Greenville County limits. The school is located in the Westcliffe subdivision and serves students within a five mile radius of the school. We share a district line with Berea Elementary. Our students feed into Berea Middle and Berea High School. The median household income of Berea residents, based on the 2010 census, is \$36,243.

Being a Title I school, Westcliffe receives funds from the federal government to help raise student achievement. It is a deregulated, accredited public school serving K-4 through fifth grade students.

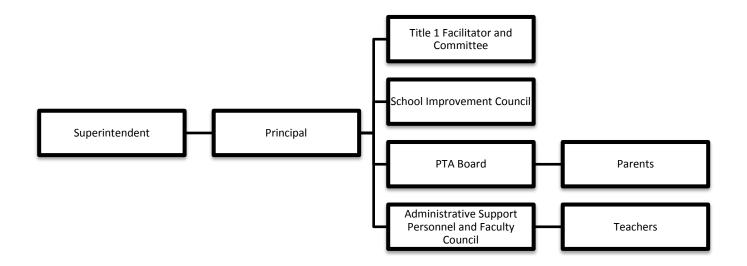

The school was rebuilt in 2003 to accommodate 600 students. The facility includes a cafeteria, media center, gymnasium, computer and science labs, multipurpose room, art and music rooms, and 22 classroom spaces. It currently houses 319 students and 38 instructional staff members.

Our current organizational structure includes a four-year-old kindergarten class, two five-year-old kindergarten classes, a primary developmental self-contained class, an intermediate special education self-contained class, and sixteen first through fifth grade classes. Our kindergarten and self-contained classes have full-time paraprofessionals. The average class size is fifteen students in first and second grade and seventeen students in third, fourth, and fifth grade. All classes are grouped heterogeneously by grade level and the gender mix is approximately equal per grade level.

Parent involvement is a high priority at Westcliffe. Classes are offered, using a flexible schedule, throughout the year on topics such as homework, literacy, MAP, SC READY, and PASS for Parents, math and reading nights, and home and health. Interpreters are provided during the sessions for our Hispanic population. Resource materials, in English and Spanish when possible, and books are provided to parents to use with their children to support knowledge from the classes at home. We also work closely with community agencies such as Safe Kids Upstate and the Greenville County Library System.

Organizational Structure

The current structure of the school leadership at Westcliffe Elementary is shown by the graphic organizer. *Partnerships*

Westcliffe's partnerships include:

- ☐ "Meet the Teacher" night
- ☐ School Improvement Council (SIC)
- □ PTA Board
- Parent training workshops
- ☐ Math Night and Literacy Night
- ☐ Math and Literacy Parent Share Fairs
- □ Title I Planning Committee
- Parent volunteers

School/College/University Partnerships

- □ North Greenville University Spanish for Educators
- □ North Greenville student teachers and clinical students
- $\hfill \square$ North Greenville University student tutors

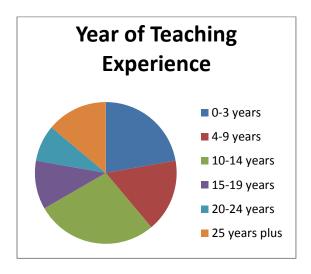

Business Partnerships

- ☐ McDonald's
- □ Wal-Mart
- □ Zaxby's

- □ Bruster's Ice Cream
- ☐ Safe Kids Upstate
- □ PalmettoPride
- ☐ Greenville County Library System
- □ South Carolina First Steps
- ☐ Harvest Hope
- ☐ God's Pantry
- ☐ Fluor Corporation
- Operation Santa
- □ Greenville Federal Credit Union

School Personnel

Westcliffe employs 2 administrators, 18 classroom teachers in grades K4-5th, and 2 special education teachers in self-contained classes. We also have an art teacher, music teacher, physical education teacher, media specialist, Response to Intervention (RTI) teacher, Literacy Specialist (2nd and 3rd grade), speech teacher, English as a Second Language (ESOL) teacher,(1.5) resource teachers, and a gifted and talented teacher. All three kindergarten classes have paraprofessionals, as well as the special education classes. The school personnel is also comprised of a Title 1 facilitator, guidance counselor, social worker, instructional coach, ESOL paraprofessional, a full time nurse, attendance clerk, and secretary. Three classroom teachers are paid through Title 1 funds in order to reduce class size.

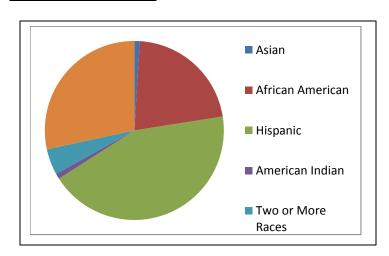

Our teachers have a wide range of teaching experience. Over half (61%) of our teachers have been teaching more than ten years. Twenty-two percent of teachers have in excess of 20 years' experience in the classroom. The majority of teachers are white females. Sixty percent of our faculty holds advanced degrees. Eight teachers hold National Board Certification. Five faculty members are teacher consultants with the Upstate Writing Project. Most of the teachers are certified in either Early Childhood or Elementary Education, and many have multiple certifications. Teacher attendance rate is 94.3 percent.

Ms. Carolyn Morgan has been principal of Westcliffe Elementary for 18 years. She has been involved in education for 39 years. Ms. Morgan obtained her BS in Early Childhood Education from USC-Spartanburg. She has since earned two Masters Degrees from Furman University, one in Elementary Education and the other in Administration.

Westcliffe's administrative assistant, Beth Farmer, joined the school during the 2015-2016 school year. Mrs. Farmer has a Bachelor's in Accounting from Wofford College, a Master's Degree in Elementary Education from Converse College, and an Education Specialist Degree in School Leadership from Clemson University. Mrs. Farmer has 10 years' experience as an educator.

Asian -1% African American 21.6% Hispanic 43.6% American Indian/ Alaskan Native -1% Two or More Races 4.7% White 28.5%

Student Population

Currently, 319 students are enrolled at Westcliffe in K4-5th grade. According to PowerSchool, the ethnic distribution of our school as of March 2016 includes: 43.6 percent Hispanic/Latino, 28.5 percent White, 21.6 percent African-American, 4.7 percent of 2 or more races, less than 1 percent Asian, and less than 1 percent American Indian/Alaska Native. The majority of our student population is driven to school or walk. Students are also transported to school on one regular education bus, one special education bus, and local day-care facilities.

The student attendance rate is 95.32 percent. The school's retention rate is 2.7 percent. The percent of students served by Gifted and Talented is 5.6 percent. Students classified with disabilities 21 percent. 29.5 percent of students have an ESOL plan (English for Speakers of Other Languages). 29.4 percent of students attend Speech.

Because of the Community Eligibility Program, our families no longer fill out a Free/Reduced lunch application. All of our students receive free lunch. There is no longer a breakdown. Title I reports that 55.18% of our students receive direct certification services. This percentage is based on a formula that GCS District receives from the state department.

Academic and Behavioral Features, Programs, and Initiatives

Balanced Literacy

In June 2013, our faculty began to receive training in a Balanced Literacy model founded by renowned literacy experts Irene Fountas and Gay Su Pinnell. This systemic approach to literacy includes teachers instructing students in whole group, small groups, and individually. Teachers match books and texts to students at their levels, making instruction more individualized and meaningful.

Response to Intervention (RTI)

Due to the changes in the federal IDEA laws for identifying students for placement in a special education class, the Greenville County School District has developed a Response to Intervention plan to help remediate at-risk students before they fail and provide a more accurate identification of students with learning disabilities. Identification of students is done with the AIMsWeb computer based assessment. Those students identified are served until results of ongoing progress reports show that they are no longer in need of intervention help. RTI is fully implemented this year, in reading, for Kindergarten through First Grade.

Team Planning

Teacher collaboration is essential to creating a pervasive, consistent, and rigorous curriculum. Our grade level teams have two common planning times each week that are used for team planning. Through the use of common assessments, grade levels monitor and discuss student progress and adjust plans as needed. Plans are written through a backwards planning format using Learning Focused unit planning. They also meet an average of twice a month with the Instructional Coach.

Reduced Class Size

Research shows that a reduced class size aids in student performance at primary grade levels and with populations of higher poverty. We are dedicated to continuing to have smaller classrooms by using the majority of our Title I funds to pay for three additional classroom teachers.

<u>Technology</u>

We believe that technology is a valuable tool to help students learn. Every classroom, as well as the media center, computer lab, and science lab, is equipped with a Promethean Board (interactive whiteboard) for which all teachers have had training. Teachers also have access to Promethean

items such as ActivExpressions and ActiVotes which help to engage learners by letting them remotely answer questions through selecting a multiple choice answer or texting a response. Many of our students are presently learning how to use Google Drive and its various apps. We were lucky to have funds this year to hire a Computer Lab Teacher.

The computer lab contains 30 new laptops (as of Spring 2017) for student use. Classes visit the lab once a week and teachers can sign up for additional times. Individual classrooms also have several computers and some have mini iPads (as of Spring 2017). The entire school has a wireless Internet connection.

All teachers have an iPad for teacher and student use. Students have access only under teacher supervision and can use it to practice skills with apps, take pictures or record video and/or sound, and many other functions related to school. The school also has additional iPads to check out for classroom use.

Many computer programs are used to aid in increased student achievement. Compass Learning is used in the lab and is individualized for each student's unique learning needs. Students work on activities primarily in English Language Arts and Math at their own levels and progress at their own pace. Teachers can also create additional assignments and assessments and are able to track student performance. Another computer program available is Accelerated Reader. Students read books at their own levels and accumulate points by taking computerized tests. English in a Flash is a program used by our English Language Learners to work on learning the English language.

Character Education

Building character is an essential component in becoming responsible citizens. Our guidance counselor spends time teaching character education lessons in each teacher's classroom once a month. We also support character education programs, such as Terrific Kids.

Extra-Curricular Activities

Upper elementary students who have demonstrated responsible behaviors, both academically and in character, have the opportunity to participate in extra-curricular activities. Students in grades 3-5 elect student council representatives each year. They meet with our administrative assistant and plan service projects. Our fourth and fifth grade students create and produce our news morning show with the help of our fifth grade teachers and media specialist. This morning show gives students the opportunity to showcase their talents along with giving them responsibility outside of the classroom. Additional activities include:

*PE Club *Art Club *Chorus

*Media Managers *Safety Patrols *Wildcats on the Run (Running Club)

Coordinated School Health

At Westcliffe, we are dedicated to keeping our students and staff safe and healthy. Our school participates in the Coordinated Approach to Child Health (C.A.T.C.H.) and the Safe Kids Upstate programs. Beginning in the 2013-14 school year, we became a culinary school. Our safe and healthy programs and initiatives include:

- Safety Patrols
- Housewise Streetwise
- Red Ribbon Week
- Field Day
- Jump Rope for Heart (American Heart Association)
- VERB program (physical education)
- Wildcats on the Run (Running Club)
- Walk to School Day
- Bully Prevention
- Morning Exercise Program
- The Box (economical produce box from Marvin's Produce)

Academic Excellence

We feel it is important to encourage and celebrate academic excellence with our students. Our academic programs and initiatives include:

- Data driven goal setting across all grade levels
- Quarterly academic and attendance awards
- American Education Week Celebration
- Book club (4th and 5th grade)
- Junior achievement

Parent Involvement

Parents are of vital importance to us and we grow and nurture their children. We feel a strong relationship is necessary for student success. Our parenting programs reflect the needs expressed to us by our parents and include:

How to Keep Your Child Learning Over the Summer

- What Will My Child Learn Next Year?
- Rolling Up to 5K
- Math and Literacy nights
- Parent Volunteer Program
- Share Fairs
- Westcliffe on Wheels

Section 4

Mission, Vision, and Beliefs

Westcliffe Elementary

Mission, Vision, Beliefs

The purpose of Westcliffe Elementary is to...

- Educate, foster, inform, and benefit the lives of children and their families.
- Teach children in a caring and safe environment with a staff who is supportive of the students and each other.
- Teach children the universal character attributes which promotes a peaceful and productive member of the world's society.
- Provide fundamental skills that will produce life-long learners in an ever-changing environment.

Mission

The mission of Westcliffe Elementary is, in cooperation with home and community, to prepare students to be life-long learners and citizens of good character in an ever-changing world.

Vision

The vision of Westcliffe Elementary School includes an environment that is inviting and conducive to learning. The curriculum is consistent, based on research, and aligned to standards that encourage our students to be life-long learners. Teachers provide quality, challenging, child-centered instruction that meets the needs of our students. Student progress is assessed through formal and informal evaluations, which serve as diagnostic tools which help to determine and meet individual needs.

Beliefs

	<u>Delieis</u>
We believ	/e
	All students can learn.
	Students are the center of the educational process.
	Students learn best in an environment nurtured by competent teachers, principals, and support personnel.
	Students have the right to equal access of educational opportunities.
	Students have the responsibility to be active learners.
	Instruction should be provided consistent with the needs of all students.
	A balanced curriculum ensures that students communicate effectively, compute accurately, think critically, and act responsibly.
П	Education is the shared responsibility of the home school, and community

Section 5

Data Analysis and Needs Assessment

Westcliffe Elementary

Data Analysis and Needs Assessment

Student Achievement Data Analysis

SC Palmetto Assessment of State Standards

Each year, students in grades four through eight are administered the SC Palmetto Assessment of State Standards (SCPASS) throughout the state of South Carolina, as mandated by state law. SCPASS test items measure student performance on the South Carolina Academic Standards. SCPASS test results are used for school, district, and federal accountability purposes.

This year grades 4 and 5 will take Science and Social Studies SCPASS the week of May 15th. Students in grades 3-5 will take the SC READY May 2nd-May 10th for Writing, English, Reading, and Math. These tests are not timed.

Each year, schools are evaluated based on the results from SCPASS and are reported on the State Report Card. In July 2012, the South Carolina Department of Education was granted a waiver from several requirements of the Elementary and Secondary Education Act. The new rating system includes a weighted points total and a letter grade conversion.

In November 2015, State Report Cards were released for all in South Carolina. Westcliffe was given an absolute rating and a growth rating of *excellent*. We were awarded a Palmetto Gold Award for our high levels of absolute performance and a Palmetto Silver Award for closing the achievement gap. We have been designated as a Title I School for Performance, meaning that we were among the performing Title I schools during the testing year.

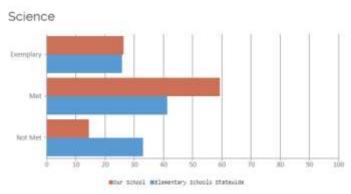

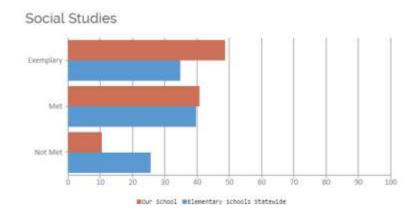

schools of good

Reward highest

SC PASS Science and Social Studies 2015-2016 by Grade and Performance Level

The graph below shows our school's 2015 SC Palmetto Assessment of State Standards (SCPASS) results for each subject area for the entire school, as reported by the State Report Card. (WES is represented in RED)

Science

Our School: Percent Met and Above for each grade level

Social Studies

Our School: Percent Met and Above for each grade level

March 2017

The SC Palmetto Assessment of State Standards (SCPASS) was given to students in grades 4 - 8 in Spring 2016. Students were assessed in the subject areas of Science and Social Studies.

"Exemplary": student demonstrated exemplary performance in meeting the grade level standard.

"Met": student met the grade level standard

"Not Met": student did not meet the grade level standard.

*Note: Results include SC-Alt assessent results.

Our 2015-2016 SC PASS scores show strength in Social Studies, with only 10.5% of students scoring Not Met. Science is an area needing improvement with 14.5% of students scoring Not Met, 59.2% scoring Met, and 26.3% scoring Exemplary.

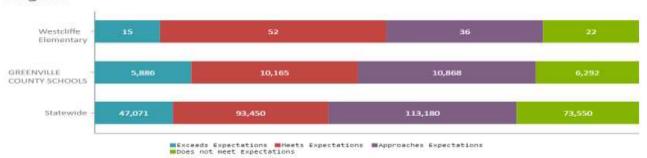

SC Ready (2015-2016) - English, Reading, Mathematics, and Writing by Grade Level and Performance Level

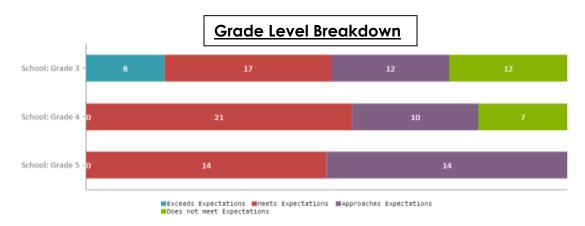

South Carolina College-and Career-Ready Assessments (SC READY)

The South Carolina College-and Career-Ready(SC READY) assessment was given to students in grades 3-8 in Spring 2016. Students were assessed in the subject areas of Reading. English, Mathematics and Writing.

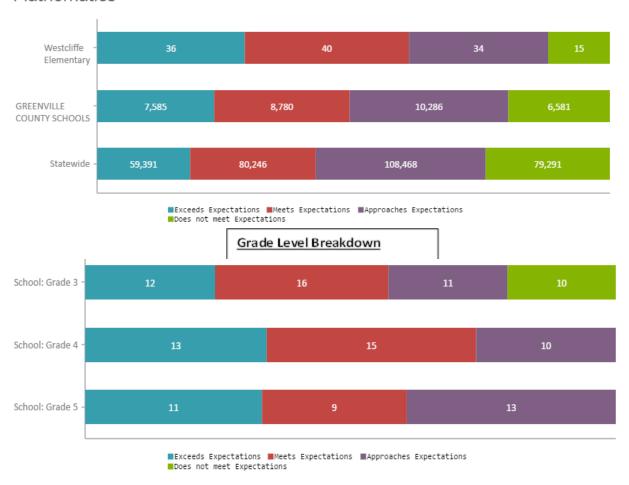

o = Results for groups with 4 or fewer students

English

Mathematics

Our 2015-2016 SC Ready scores show that for every grade level in <u>Math and English</u> our students scored higher in "meets" or "exceeding" compared to the district norm. Our SC READY scores for English are 53.6% for meets or exceeds expectations. Our SC Ready scores for Math are 60.8% for meets or exceeds expectations.

Iowa Test of Basic Skills

Each year, second graders are administered the lowa Test of Basic Skills (ITBS). This test measures the achievement level of students in the areas of Reading Comprehension, and Math Concepts/Problems. Students are scored and ranked nationally by normed scores.

Percentile Rank of Average Student Score based on National Student Norms

November 2015: Reading Comprehension (43)
Math (38)

November 2016: Reading Comprehension (39) Math (28)

The information above shows that students in second grade showed a decrease in Reading Comprehension and Math Concepts/Problem scores from 2015 to 2016. Scores in Reading Comprehension have remained fairly constant over the past 2 years, while scores in Math Concepts/Problems have decreased.

Student Achievement Needs Assessment

Upon examining the PASS scores from 2012 to 2016 in Science and Social Studies for 4th-5th grades, we see that we have a need to strengthen our Science scores by increasing the number of students scoring Exemplary. We plan to focus more efforts on Science process skills throughout the school in all grade levels. Based on our scores from spring of 2016 compared to spring of 2015:

Science

- *Increased the number of students scoring Exemplary to 26.3% from 21.5% (2015). That is an increase of 4.8%.
- *Decreased the number of students scoring Met to 59.2% (2016) from 62% (2015). That is a decrease of 2.8%.
- *Decreased the number of students scoring Not Met to14.5% (2016) from 16.5% (2015). That is a decrease of 2%.

Social Studies

- *Increased the number of students scoring exemplary to 48.7% (2016) from 45.6% (2015). That is an increase of 3.1%.
- *Decreased the number of students scoring Met to 40.8% (2016) from 45.6% (2015). This is a decrease of 4.8%, which in this case is GREAT because they moved to Exemplary.
- *Decreased the number of students scoring Not Met to 10.5 % (2016) from 8.9% (2015). This is a decrease of 1.6%.

We have made great strides in increasing our scores with our Hispanic students. We will continue our efforts in closing the achievement gap with our students. We are noticing that our African American males in grades 4 and 5 are not meeting the expected norm.

Upon examining the second grade ITBS scores we see a need to strengthen our Math score in Concepts and Problems and our Reading score in Reading Comprehension. We will continue our efforts in grades K-2.

Teacher and Administrator Quality Data Analysis

District Priorities and Initiatives

During the 2011-2012 academic school year, district leaders met with school leaders and other district personnel in order to collect data related to the following three questions:

Where are we now? Where are we going? How do we get there?

After receiving input from multiple groups through a series of meetings and conferences, the district developed a set of five academic priority initiatives that will guide our work over the next 3-5 years and help us to achieve a common focus throughout the district. These priorities are in line with Goal 1 of our Strategic Education Plan: Raise the academic challenge and performance of each student. These five district priorities are:

- 1. Fully implement the SC College and Career Ready Standards across all grade levels in the areas of ELA and Math. South Carolina Academic Standards and Performance Indicators for Science 2014 will be in full effect during the 2016-2017 school year in all grades.
- 2. Ensure literacy proficiency for all students, enabling them to read for knowledge and communicate effectively through written and spoken language.
- 3. Develop and maintain systems of support that build instructional expertise and promote rigorous best practices.
- 4. Provide innovative teaching, planning, and assessing strategies to meet the needs of 21st Century learners.
- 5. Improve academics and health in Greenville County Schools through a Coordinated School Health (CSH) system.

Priority Initiative: SC College and Career Ready Standards (SCCCS)

In order to implement the SCCCS, the school and district will be developing a common vision and understanding of the impact on teaching and learning, rigorous instructional practices, and the demands of SCCCS assessments. We will work towards aligning curriculum and curricular resources. We will also follow an implementation plan including ongoing support, monitoring, and evaluation.

Priority Initiative: K-12 Literacy

In coordination with implementation of the SCCCS, we will emphasize literacy across all grade levels and curricular areas. All facets of literacy need to be integrated into content areas, including reading, writing, speaking, listening, thinking (analytical research/inquiry), and media/technology.

Priority Initiative: Instructional Expertise

In order to achieve the first two priorities, we must have instructional leaders in our schools. We will have research based professional learning that not only focuses on the district priorities, but is also targeted towards identified school needs. Professional learning will need to be aligned with National Standards for Professional Learning and the district's performance evaluation systems. It will be continuously monitored and evaluated for effectiveness.

Priority Initiative: 21st Century Learning

A focus will be placed on equipping ourselves with 21st century teaching and learning strategies. We expect continued growth of our district and school instructional leaders, ongoing professional development for teachers and professional staff, and collaboration between schools and communities to create partnerships to promote innovation.

Priority Initiative: Coordinated School Health

School health serves as a backdrop to help in achieving the other priorities. Coordinated school health includes the school environment, physical health, psychological and emotional health, sound nutrition, family support, and staff wellness.

School Priorities and Initiatives

We examined our school wide data to determine what programs and initiatives we currently have in place in the school, or will have in place in the upcoming school year. We then looked to see how these programs and initiatives overlapped with the district plan.

Priority Initiative: SC College and Career Ready Standards (SCCCS)

The 2014-2015 year, our school began implementing the SCCCS in both English Language Arts and Math. We have been provided with tools to aid in this process. Beginning summer 2015 and continuing through spring 2016, our school provided training with a refresh of the Fountas and Pinnell Balanced Literacy Model and several PD's/PLC's about the new SCCCS. In previous years, teachers received professional development in writing strategies through the Upstate Writing Project and math strategies through the use of AIMS materials. All teachers are trained in Everyday Counts Calendar Math. Students and teachers use Compass Learning to individualize learning in ELA, Social Studies,

Science, and Math. Accelerated Reading and English in a Flash are also both available for instructional purposes. Response to Intervention is utilized for students in the primary grades who need remediation in reading (K5-1st). As of 2015-2016 we have a Literacy Coach that works with 2nd-3rd grades to improve and strengthen student's reading weaknesses. We also have a school news program in place, requiring students to use communication skills. For 2016-2017, Literacy Mentors are in their second year of training. They are now sharing and implementing strategies with classroom teachers.

Priority Initiative: K-12 Literacy

A great emphasis has been placed on reading and the integration of reading into content areas. Along with the above programs that benefit our students in this area, students have been involved in the RED (Read Every Day) Campaign. The school has purchased books to increase the number of content related informational texts and nonfiction books in classroom libraries. Fourth and fifth grade students meet monthly for Book Club. Fourth and fifth grade students are also involved in science club and science fair.

Priority Initiative: Instructional Expertise

We recognize the instructional expertise of our teachers by having them conduct workshops through our Westcliffe Experts series. Teachers regularly attend district in-service sessions appropriate to their grade level content and standards. Attendance is high at professional development sessions offered through the year at the school. We have faculty members who serve on district teams for curriculum writing and are Teacher Consultants with the Upstate Writing Project. As of 2015-2016 we have a primary and an intermediate Literacy mentor. Faculty members serve as trainers for Calendar Math, iPads, and Promethean boards. We also began to expand choices and offerings of professional development by using web based tools such as Edmodo, Kahoot, and Word Press. Our school began the shift to GAFE during the 2015-2016 school year.

Priority Initiative: 21st Century Learning

To promote 21st century learning, teachers attend technology workshops on a regular basis. Last year, teachers received iPads to use with students in their classrooms. We have a fully functioning computer lab, along with mobile laptop carts and computer stations in classrooms. The entire building has wireless throughout. Students interact with technology to practice skills, publish writing, conduct research, and produce work in other projects as directed by the teacher. Students are asked to use technology in extracurricular activities such as the production of the school news programs and duties as media managers. Teachers also have the option to use web based tools for learning themselves through virtual PD sessions offered by the school.

Priority Initiative: Coordinated School Health

Our school has a wellness team that meets and analyzes our commitment to health and wellness programs, and determines where we need improvements. The team developed a plan for our school to follow and received a grant of \$1000 to implement the strategies. Our cafeteria continues to serve healthier school meals to our faculty and students. Foods are labeled as Go-Slow-Whoa. The 2014-2015 school year, we also became a culinary school. Teachers can order fresh fruits and vegetables from a local distributer who delivers to our school weekly. Students move to an exercise video each day prior to the morning news show. Our school sponsors events such as Jump Rope for Heart and Field Day. Our school began sponsoring Wildcats on the Run Running Club and a soccer club. Highlighting the importance of the whole child, students can participate in after school activities such as Art club, Chorus, PE Club, and Safety Patrols. Our school is designated as a Safe School by Safe Schools Upstate. The school is dedicated to bully prevention; including scheduling activities such as plays about bullying from the SC Children's Theater and incorporating a bully box to report incidents.

Teacher and Administrator Quality Needs Assessment

After closely examining our data, we have considered what we must have in place at our school in order to accomplish meeting the demands of the district priority initiatives.

- 1. Offer professional development sessions and trainings that are focused on both district and school wide initiatives. These will include a PLC setting starting in the 2016-2017 school year.
- 2. Increase the communication and collaboration among all staff throughout the school.
- 3. Expand professional resources, especially in the areas of educational research and best practice methods, for all staff to use.

Focused PD

Professional development will focus on the five district priorities and complement the needs of the school. PD sessions need to spiral through the year, giving teachers opportunities to implement strategies and curriculum in the classroom, as well as reflecting on practice. Teachers need multiple options for PD sessions, based on individual needs.

Increased Communication and Collaboration

The staff will participate in activities designed to increase the collaboration, not only horizontally, but vertically as well.

Expanded Professional Resources

With impending change coming, teachers and staff have a need for access to proven research methods in the education field. Teachers need reliable resources containing best practices in teaching, and also need opportunities to share and discuss articles.

 - 1st Wednesday- Faculty Meeting 3:00-4:30
 - 2nd Wednesday- Faculty Council
 - 3rd Professional Development with TIF, IC, and Literacy Specialist and Literacy Mentors
 - 4th Wednesdays- Grade level Curriculum Planning with a focus on Math
 - TIF and IC will train faculty on Thinking Maps and Write From the Beginning Response to Text either PD or Curriculum Planning days
 - Discovery Learning and other district initiatives will be added to calendar as needed
 - PD text for 2016-2017: The Reading Strategies Book by Jennifer Serravallo

Westcliffe Professional Development Focus 2017-201 School Year

School Climate Data Analysis

Each year, staff, parents and students take surveys regarding our school climate. The results are reported on our School Report Card annually. All staff members complete the survey, while only 5th grade students and their parents complete the student and parent surveys.

Percent Satisfied with Learning Environment						
	2012-2013	2013-2014	2014-2015	2015-2016		
Teachers	91.3%%	100%	97%	100%		
Students	100%	97.3%	100%	97.3%		
Parents	100.1%	96.2%	89%	93.1%		

Teacher and student satisfaction has remained fairly constant over the past three years, and has always remained above or right at 90 percent. Parent satisfaction dropped in 2013-2014 to 96.2 percent. Then in 2014-15 it dropped once again to 89 percent. We will work to increase our parent satisfaction.

^{*}Sustain Thinking Map Training for K4-5

^{*}Continue Implementation of Write from the Beginning and Beyond: Response to Text and Comprehension Strategies for Constructing Meaning

^{*}Title I Academic Specialist will continue to support programs that are currently in place

School Safety Survey Results							
2015-2016 2014-2015 2013-14 2012-13							
Parents who indicated their	100%	96%	88.5%	93.5%			
child feels safe at school							
Students who feel safe at							
school during the school	97.3%	97%	97.3%	97.3%			
day							
Teachers who feel safe at							
school during the school	100%	100%	100%	100%			
day							

Survey results for school safety show that all teachers and students feel safe at school. Most parents indicated that their child feels safe at school. Student attendance rates are strong. They have been over 95% for the past three years.

Student Attendance Rate			
School Year Percentage			
2015-2016	95.4%		
2014-2015	95.8%		
2013-2014	96.7%		
2012-2013	96.4%		

School Climate Needs Assessment

After analyzing the surveys, we feel that overall our school climate shows that we have an excellent environment for learning at our school.

Because the survey results reported on the School Report Card only target 5th grade students and parents, we feel there is a need to gather data from all students and parents throughout the school year so that we can better gauge our school climate satisfaction. We also have a high number of families who speak Spanish, so we will continue to offer translations and interpreters when possible. Title I surveys and forms will serve as our main source of feedback.

We will continue to gather feedback from the staff throughout the year and continue efforts so that our school environment remains excellent.

Student attendance and safety are definite strengths for our school, and we will continue our endeavors for success in these areas.

Section 6 School Renewal

Plan

Westcliffe Elementary

SCHOOL RENEWAL PLAN FOR 2013-14 through 2017-18

\boxtimes Student Achievement	☐Teacher/Administrator Quality	School Climate	Other Priority
