Introduction

Our school portfolio was developed to document the changes and progress our school has made while working to continuously improve student achievement. The portfolio provides our staff with an ongoing means for self-assessment, communication, continuous improvement, and accountability.

The categories utilized in this school portfolio are:

- Introduction
- Executive Summary
- School Profile
- Mission, Vision and Beliefs
- Data Analysis and Needs Assessment
- Action Plan
- Annual School Report Card

This school portfolio is a living document that describes Armstrong Elementary and includes actual evidence of the work being conducted in our Professional Learning Community. It describes the Armstrong Elementary Community, our vision for the school, goals, plans, progress, and achievements in the context of client demographics, school/stakeholder needs, and school partnerships. The portfolio describes how we build and utilize our overall school plan for the purpose of increasing student achievement and learning, which is our ultimate goal. One can see an overview of all the progress and changes we have been able to accomplish within each section and throughout the school during this time. This portfolio also shows how all of these parts fit together to make our school a positive, safe place for our students and faculty members

A team of teachers were involved in developing the narrative for our school portfolio based on input from the all faculty and staff. Much of the narrative content came from discussions of the staff in the process of evaluating our work on the school portfolio. In addition, information from our Advanced Ed survey was gathered through input by parents, students, and community stakeholders, as well as teachers. Input was also received by students, parents, and teachers as reported on The School Report Card survey.

Leadership

The Principal at Armstrong Elementary School is Tracy S. Atkins. This is Mrs. Atkins' third year serving in this capacity. Leadership is supported by the Administrative Assistant, Instructional Coach, Literacy Coach, and Title I Facilitator.

The decision making process is a collaborative effort that involves school and district administration as well as faculty, staff, and members of the community. Recognizing the growing demands for higher student achievement and accountability at the classroom level, our teachers have become increasingly involved in the decision-making process over the past five years as demonstrated in the diagram below:

- Armstrong Leadership Team, made up of the Principal, Assistant Principal, Instructional Coach, Literacy Specialist, and Title 1 Facilitator
 - participate in the development of Title I Needs Assessment
 - review teacher observations to determine coaching needs
 - coordinate Instructional Rounds
 - review data to determine school wide areas of opportunity
 - plan effective, specific Professional Learning Opportunities
 - enforce district and school initiatives
 - reflect on student learning and teaching
 - plan for sharing teacher best practices
- Armstrong Faculty Council, made up of the Principal and Grade/Department Representatives was established to:
 - ensure the implementation of district and state standards and school vision
 - review data and planning for improvement
 - encourage and modeling school wide-expectations of best practices
 - update and review the school portfolio plan
 - guide, enforce, and reinforce the school portfolio plan
 - coordinate grade level activities

- attend monthly focused council meetings
 - communicate team concerns, successes, and feedback on specific school initiatives
- School Committees are also in place to coordinate events throughout the school year such as American Education Week, Black History Month, Spooktacular Rocking Reading Event, Math and Science Carnival, Student-Led Conferences, and Multi-cultural Day and a variety of other activities. The purpose of these teams is to investigate different approaches to achieving our goals which includes increasing parent involvement. The teams may recommend specific courses of action that will support the implementation of a high quality instructional program aligned with the state's curriculum standards to celebrate various national holidays and observances.
- Grade Level Team/Data Teams - The purpose of grade-level teams are to maintain unity of curriculum, instruction, assessment, and to implement the standards at each grade level. Therefore, each teacher will:
- participate in meetings with his/her grade level
 - coach and support the implementation of the standards
 - study and support each other's implementation of *Best Practices*
 - support grade level efforts to integrate writing across the curriculum
 - plan instruction based on current common assessment data
- 3. Vertical Teams - The purpose of the vertical teams is to maintain consistency, specifically to:
- improve instruction school-wide
 - create continuums to implement the state standards across the grade levels
 - advise the strategic planning team of progress and concerns of grade-level and vertical team meetings
 - coach and support the quality implementation of subject areas
 - demonstrate the implementation of subject standards for teachers in each subject area
 - review data for improvement

Executive Summary

- Needs Assessment for School Climate: (Parent Survey)

- According to our parent survey, more communication needs to take place to keep parents informed of: PTA meetings, classroom activities, school safety, and curriculum/assignments for students.

- Needs Assessment for Student Achievement: (based on 2017-18 state testing)

- ELA- Lowest Area on State Testing- Professional development focus around Language and Word Study (Phonics and Vocabulary), Writing Workshop, Interactive Read aloud and Shared Reading
- Math- Professional development opportunities around the rigor of the classroom environment, Depths on Knowledge questioning and rigor with assessments
- Science – Increasing the Depths of Knowledge in the classroom environment and on assessments. Training and sharing best practices regarding Scientific Inquiry Standards. Integrating reading and writing into the science classrooms.
- Social Studies- increasing the Depths of Knowledge in the classroom environment and on assessments. Integrating reading and writing into the Social studies classrooms.

- Needs Assessment for Teacher and Administrator Quality: (Survey)

- According to our faculty survey, teacher lesson plans, and observations, all faculty and administration need professional development in the following areas: creating common assessments, technology integration across content areas, balanced literacy components, inclusive practices, Student Centered Learning, and Differentiated Instruction.

- Significant Challenges for 2015-2018:

- Armstrong Elementary School's population of students is in need of intense instruction in foundations of reading practices. We have realized many of our students are very hesitant to read because they struggle with basic reading practices which include vocabulary development, Text Dependent Analysis in ELA, interpreting and creating charts and graphs, informational text, and mathematical problem solving. We are continuing to address these challenges with professional development, focused professional learning communities, and studying the Matthew Effect in reading.

- Significant awards, results, or accomplishments for 2017-18:

- Armstrong was a PEP Grant Recipient for the 2017-18 school year. This grant provided many instructional resources for all teachers as well as a collection of 10 books for every student to take home in a book bag and keep for their own personal use.

- Armstrong has a Buddy Program, which will continue over the next five years. At the beginning of the year, teachers identify students that need someone to mentor them throughout the school year. Faculty and staff members serve as mentors for students recommended by their teachers. These buddies meet weekly to check on their students' academic and emotional needs and reach out to the proper personnel and agencies to assist these students.
- Armstrong will begin a Summer School Program in the summer of 2019 to better serve our students' needs through integrated, hands-on activities which provide intense reading support services. All activities are standard driven and project-based whereby the teacher serves as a facilitator and the students are involved in most of the decision making and research necessary to complete such projects.
- Armstrong began enrichment clubs (2015-2016 and continued 2016-2017 school year) and will continue this into the 2018-2019 school year, based on Greenville County's G+ initiative which gave our students opportunities to develop their skills in sports, dramatic arts and physical fitness. Teachers and community members volunteered to serve as instructors and shared with the students' information and knowledge that promoted career readiness.

School Profile Summary

Armstrong Elementary School (AES) has continued to be a transient population throughout the years. Our student enrollment has changed in terms of cultural diversity, and our faculty and staff continue to work diligently to accommodate our changing population. As we have grown, our student population has become more diverse regarding both ethnicity and socio-economic status. Our free and reduced lunch percentages have risen rapidly. One hundred percent of our student population receives free lunch and universal free breakfast to all students. Armstrong also provides universal free breakfast to all students. Due to our percentage of students on free and reduced lunch, we became a Title I school for the 2004-2005 school year. Through research, best practices, and targeted professional development, our school strives to improve student achievement with a focus on English Language Arts and Math.

In addition to excellent educational opportunities, Armstrong Elementary School encourages participation in various enrichment clubs and social/academic groups. Our programs include chorus, after school extended day program, Moby Max tutorial, character education with emphasis on Focus 5 activities, Jump Rope for Heart, Safety Patrols, and Student Council. Armstrong has an active Parent Teacher Association (PTA) that supports school activities, provides quarterly newsletters, and is available to support teachers by purchasing instructional materials and student incentives. The PTA hosts various events for the teachers, students and their families, including Meet the Teacher, Teacher Appreciation Week, Skate Nights, Family Movie Nights, Parent Trainings, Parent Lunch and Learns, Spring Carnival and host quarterly PTA meetings.

Armstrong rewards academic achievement in many ways. We have an Academic Honor Roll, Principal's Honor Roll, End of the Year Celebrations, and classroom-based student recognition programs such as Terrific Kids. In addition to this, on any given day, a student may come to share a note of praise from the teacher and receive special recognition from the office. Armstrong promotes reading through many parent involvement activities that focus on the importance of reading with your child. Our PTA is constantly planting academic seeds to help our students reach academic success.

Armstrong Elementary School also teaches students that in order to become responsible individuals, we must reach out to others. Each year at Christmas the faculty and staff, business partners, and Santa Helpers provide Christmas toys and gifts for numerous families in need. To help others in our community and beyond, our students also participate in many goodwill and fundraising activities such as: *Goodies for Soldiers, Jump Rope for Heart,, Canned Food Drive, Community Blood Drive and Juvenile Diabetes*. Armstrong faculty members

have made donations to the United Way and sponsored canned food drives for local food pantries along with Toys for Tots during the holiday season. In addition, we assist Berea First Baptist Church by providing week end food bags for many families in our community.

As we continue our path to excellence, our challenge remains to meet the needs of each student, both academically and socially as we prepare tomorrow's leaders and help them achieve their personal best. Each child is important and deserves our very best efforts.

School Governance and Financial Management

Armstrong Elementary school is under the jurisdiction of Greenville County Schools. All financial claims and monies are handled using the processes outlined by Greenville County School District. Additional funds that may become available at the school level are requisitioned using the appropriate forms and are approved by the principal. PTA allows teachers the opportunity to request funds for special projects within their classrooms. Teachers submit proposals and the PTA Board decides whether or not to grant their request.

Parent Involvement

Title I has provided funding for a full-time Parent Involvement Coordinator. This position provides many services for school personnel as well as our school community. Our Parent Involvement Coordinator is bilingual, so she serves as a translator at parent trainings, teacher conferences, and whenever her services are needed at the school. A complete analysis and breakdown of this position can be found in the AES Title I Plan. Classroom teachers are also responsible for numerous parent involvement activities which include PASS/SC Ready Review, Rocking Reading Night, and Multicultural Day.

Instructional and Organizational Priorities

In our instructional setting, the content of the curriculum, instructional strategies, the monitoring of student achievement, and the professional development programs of our school are congruent with each other and well aligned with the schools mission and beliefs.

Based on studies done for the SACS and our school portfolio, the following instructional organizational priorities have been established:

- Student achievement and performance standards for self-assessment, as well as school-wide improvement
- Continuing development of collaborative networks with families and community members
- Continuing development of a collaborative decision-making process these same studies have helped us to establish the following student learning needs and desired results

- Personal and social responsibility-increased evidence of students taking responsibility for personal actions, demonstrating respect for self and others, and good citizenship
- Thinking and reasoning skills-increased evidence of students gathering information and using varied strategies to learn and generate new ideas
- Communication Skills-increased evidence of students using, understanding, and analyzing a variety of communication forms

Mission, Vision, Values, and Beliefs

The implications of current educational research were reviewed and discussed by the planning team, which helped us take into account “best practices” identified through research and the challenges and opportunities our students will likely face in the future.

Mission

The mission of Armstrong Elementary School is to build an integral community of successful citizens by empowering all stakeholders, promoting and celebrating student achievement, while developing positive relationships throughout Greenville.

Vision

WE PROMISE TO.....

Collaborate productively and efficiently to cultivate a community of learners;
Develop the potential of individual students while promoting a love for life-long learning;
Empower our students to make a difference and achieve excellence;
Encourage our students to be confident learners as we collectively share best practices through a quality education.

Values and Beliefs

Values and beliefs are the core of who we are, what we do, and how we think and feel. Values and Beliefs reflect what is important to us; they describe what we think about work and how we think it should operate. Staff was asked to brainstorm independently before we produced our core beliefs about what curriculum, instruction, assessment, and environment will increase our students’ learning.

We believe...

- We believe all children can learn.
- We believe all people have positive qualities.
- We believe everyone is entitled to equal access to the educational process.
- We believe in respect and dignity for all people.
- We believe children are entitled to a nurturing atmosphere at home and at school, enabling them to reach their full potential.
- We believe learning is a lifelong process.
- We believe all people are responsible for their actions.
- We believe education must equip everyone to succeed in a changing world

Shared Vision

The following are the curriculum, instruction, assessment, and environment factors that support effective learning for Armstrong Elementary School students:

Curriculum

- Integrated between content area and connected to real world experience; children see a purpose to what they are learning
- Multiplicity of role models, from both the technical and professional fields
- Instruction that addresses the needs of all students
- A set of rigorous standards for measuring and improving the quality of school work
- Focus on Pacing as set through District Rubicon Atlas

Instruction

- Developmentally appropriate instructional programs
- Every student engaged in learning
- Experience - based instruction
- Instruction that matches the learning style of the students
- Instruction utilizing available technologies
- Inclusive Practices

Assessment

- Realistic assessment that gives students the opportunity to show what they learned in a variety of situations
- Academic subjects and real world tasks in a system of standards based instruction
- Common Assessments
- Data Teams/PLC that focus on assessment and student growth

Environment

- Actively involved in a community of learning in a structured environment which stresses high expectations tempered by love
- We want to see a unity of purpose
- Student-centered integrated activities school wide
- Provide a safe, inviting, technology rich environment for learning in which the active involvement of parents is welcome and essential to their children's success
