# Bethel Elementary School

111 Bethel School Road Simpsonville, SC 29681

Nerissa Lewis, Principal

The School District of Greenville County

Dr. W. Burke Royster, Superintendent

Action Plan 2018-2019 through 2022-2023

#### SCHOOL RENEWAL PLAN COVER PAGE

SCHOOL NAME: Bethel Elementary School

SCHOOL RENEWAL PLAN FOR YEARS 2018-19 through 2022-2023 (five years)

SCHOOL RENEWAL ANNUAL UPDATE FOR 2018-2019 (one year)

Required Signature Page

The school renewal plan, or annual update, includes elements required by the Early Childhood Development and Academic Assistance Act of 1993 (Act 135) (S.C. Code Ann. §59-139-10 et seq. (Supp. 2004)), the Education Accountability Act of 1998 (EAA) (S.C. Code Ann. §59-18-1300 et seq. (Supp. 2004)), and SBE Regulation 43-261. The signatures of the chairperson of the board of trustees, the superintendent, the principal, and the chairperson of the School Improvement Council, and the School Read to Succeed Literacy Leadership team lead are affirmation of active participation of key stakeholders and alignment with Act 135 and EAA requirements.

#### Assurances for the School Renewal Plans

The assurance pages following this page have been completed and the district superintendent's and school principal's signature below attests that the school/district complies with all applicable assurances requirements including ACT 135 assurance pages.

#### Stakeholder Involvement for School Renewal

<u>Position</u>	<u>Name</u>
Principal	Nerissa Lewis
Teacher	Chelsea Stewart
Parent/Guardian	Lori Flaherty
Community Member	Jason Hucks
Paraprofessional	Kristine Lynch
School Improvement Council Member	Maureen Cobb
Read to Succeed Reading Coach	Mary Heaton
School Read to Succeed Literacy Leadership Team Lead	Mary Heaton
School Read to Succeed Literacy Leadership Team Member	Katie Saunders

OTHERS (May include school board members, district or school administrators, students, PTO members, agency representatives, university partners, Head Start representatives, First Step representatives, etc.)

<sup>\*\*</sup> Must include the School Literacy Leadership Team for Read to Succeed

_	Childhood Development and Academic Assistance Act (Act 135) Assurances Code Ann §59-139-10 et seq. (Supp. 2004))
Yes No N/A	Academic Assistance, PreK-3  The school makes special efforts to assist children in PreK-3 who demonstrate a need for extra or alternative instructional attention (e.g., after-school homework help centers, individual tutoring, and group remediation).
Yes No N/A	Academic Assistance, Grades 4–12  The school makes special efforts to assist children in grades 4–12 who demonstrate a need for extra or alternative instructional attention (e.g., after-school homework help centers, individual tutoring, and group remediation).
Yes No N/A	Parent Involvement  The school encourages and assists parents in becoming more involved in their children's education. Some examples of parental involvement initiatives include making special efforts to meet with parents at times more convenient for them; providing parents with their child's individual test results and an interpretation of the results; providing parents with information on the district's curriculum and assessment program; providing frequent, two way communication between home and school; providing parents an opportunity to participate on decision making groups; designating space in schools for parents to access educational resource materials; including parent involvement expectations as part of the principal's and superintendent's evaluations; and providing parents with information pertaining to expectations held for them by the school system, such as ensuring attendance and punctuality of their children.
Yes No N/A	Staff Development The school provides staff development training for teachers and administrators in the teaching techniques and strategies needed to implement the school/district plan for the improvement of student academic performance. The staff development program reflects requirements of Act 135, the EAA, and the National Staff Development Council's revised Standards for Staff Development.
Yes No N/A	<b>Technology</b> The school integrates technology into professional development, curriculum development, and classroom instruction to improve teaching and learning.
Yes No N/A	Innovation The school uses innovation funds for innovative activities to improve student learning and accelerate the performance of all students.
<b>Yes</b> No N/A	Collaboration The school (regardless of the grades served) collaborates with health and human services agencies (e.g., county health departments, social services departments, mental health departments, First Steps, and the family court system).
Yes No N/A	Developmental Screening The school ensures that the young child receives all services necessary for growth and development. Instruments are used to assess physical, social, emotional, linguistic, and cognitive developmental levels. This program normally is appropriate at primary and elementary schools, although screening efforts could take place at any location.

Yes No N/A	Half-Day Child Development The school provides half-day child development programs for four-year-olds (some districts fund full-day programs). The programs usually function at primary and elementary schools. However, they may be housed at locations with other grade levels or completely separate from schools.
Yes No N/A	Developmentally Appropriate Curriculum for PreK-3  The school ensures that the scope and sequence of the curriculum for PreK-3 are appropriate for the maturation levels of students. Instructional practices accommodate individual differences in maturation level and take into account the student's social and cultural context.
Yes No N/A	Parenting and Family Literacy The school provides a four component program that integrates all of the following activities: interactive literacy activities between parents and their children (Interactive Literacy Activities); training for parents regarding how to be the primary teachers for their children and how to be full partners in the education of their children (parenting skills for adults, parent education); parent literacy training that leads to economic self-sufficiency (adult education); and an age-appropriate education to prepare children for success in school and life experiences (early childhood education). Family Literacy is not grade specific, but is generally most appropriate for parents of children at the primary and elementary school levels and below as well as for secondary school students who are parents. Family Literacy program goals are to strengthen parental involvement in the learning process of preschool children ages birth through five years; to promote school readiness of preschool children; to offer parents special opportunities to improve their literacy skills and education; to provide parents a chance to recover from dropping out of school; and to identify potential developmental delays in preschool children by offering developmental screening.
<b>Yes</b> No N/A	Recruitment  The district makes special and intensive efforts to recruit and give priority to serving those parents or guardians of children, ages birth through five years, who are considered at-risk of school failure. "At-risk children are defined as those whose school readiness is jeopardized by any of, but not limited to, the following personal or family situation(s): parent without a high school graduation or equivalency, poverty, limited English proficiency, significant developmental delays, instability or inadequate basic capacity within the home and/or family, poor health (physical, mental, emotional) and/or child abuse and neglect.
Yes No N/A	Coordination of Act 135 Initiatives with Other Federal, State, and District Programs The district ensures as much program effectiveness as possible by developing a district- wide/school-wide coordinated effort among all programs and funding. Act 135 initiatives are coordinated with programs such as Head Start, First Steps, Title I, and programs for students with disabilities.

## Introduction

The Bethel Elementary School self-study was conducted to evaluate our strengths and weaknesses in order to develop goals and strategies. The portfolio provides our school with an ongoing means for self-assessment, communication, continuous improvement, and accountability. The staff was organized into committees to complete the self-assessment and to determine strategies for improvement. Parent groups, such as PTA Board and School Improvement Council, provided input regarding the school improvement plan.

#### Committee 1 (Math/Technology)

**Executive Summary** 

Janet Herrea-Gantt (5th) Shannon Bennett (2nd) Haley Cabaniss (K5)

Shalonda Blakeney (Instructional

Technology)

Kathi Peer (Special Education)

Sharon Davis (1st)
Jennifer Reynolds (4th)
Ronda Smith (Art)
Sarah Meekins (Music)

#### Committee 2 (ELA)

**Executive Summary** 

Mary Heaton\* (Literacy Coach)

Chelsea Stewart\* (1st)

Kriss Kirkindoll (Media Specialist)

Kim Brice (Instructional Coach

Abby Aguirre (4th) Penny Spell-Knight (3rd)

Holly Betsill (3rd)

Farrah Stephen (Kindergarten)

Rosie Overby (1st) Erin Jenkins (5th) Diana Dailey (Music) Nerissa Lewis (Principal)

Katie Saunders (Multiage - 1st/2nd)

Melissa Fairbanks (2nd) Madelina Delgado (ESOL) Krista Hall (Kindergarten)

Jeanette Burdette (Reading Interventionist)

Christie Evatt (Special Education)

## **Committee 3 (Social Studies)**

School Profile

Jessica Acor\* (5th)
Nick King (4th)
Kim Pruette (4th)
Jennifer Desing (3rd)
Susan Arnold (2nd)
Vicki Williams (1st)
Sara Beth Gilbert (K5)
Tainaka Seabrook (1st)

Rebecca Poole (Special Education) Susan Skelton (Assistant Principal)

Linda Manley (5th)

## **Committee 4 (Science)**

**Executive Summary** 

Moriah Mullen\* (5th) Joe Whitham (PE) Sierra Owens (1st) Sabrina Sollee (1st)

Karen Newton (Multiage - 1st/2nd) Katie Wheeler (Kindergarten)

Wendy Rodgers (4th) Patti Ellis (2nd) Hope Edlin (5th)

Carol Lynn McCuen (Assistant Principal)

Melissa Stallcup (3rd)

## **Executive Summary**

Central to everything we do is the belief that all children are capable of learning. High expectations challenge students to reach their greatest potential. We not only emphasize academic achievements, but also the importance of outstanding character and personal responsibility. Our daily goal is to facilitate our students' life-long journey to become responsible, caring individuals. Through the use of Continuous Quality Improvement, our students learn valuable problem solving techniques, enabling them to become productive citizens beyond the walls of our school.

Students benefit from a nurturing environment that addresses their social and emotional needs while encouraging them to take an active part in a variety of school activities. Numerous clubs and school events are available in which students can participate, fostering school pride within a community of learners. Each year a school-wide theme promotes cohesiveness within our school family. This theme is woven into curricular experiences, visuals throughout the building, and school-wide events. A safari school theme accented the school environment throughout the year encouraging students, families, and staff to join together for "Our Wild World of Learning".

#### **Needs Assessment Summary for Student Achievement**

- 50.9% of students in grades 3-5 scored meets or exceeds in english language arts on the SC READY assessment
- 61.5% of students in grades 3-5 scored meets or exceeds in math on the SC READY assessment
- 58.7% of students in grades 4-5 scored meets or exceeds in science on the SCPASS assessment
- 86.1% of students in grades 4-5 scored met or exemplary in social studies on the SCPASS assessment

#### **Needs Assessment Summary for Teacher and Administrator Quality**

The faculty is structured into teams and committees to involve all staff in decision making. These groups/committees are as follows:

#### • Administrative Team

- Consists of the principal, assistant principals, instructional coach, and instructional technology specialist.
- Reviews grade level minutes, information shared from the central office, lesson plans, student achievement, teacher evaluations, and school activities and events
- Discusses instructional and operational issues to be addressed with grade level leaders, PTA, and SIC

#### Faculty Council

- Consists of the administrative team, grade level leaders, including special education, related arts, multiage, and guidance/speech
- Discusses instructional and operational aspects of the school
- Disseminates information to grade level teams

#### Grade Level Teams

- Consists of the team leader and teachers from the grade level
- Collaborates to create lesson plans
- Shares best practices
- o Records minutes to be shared with the administrative team

# • Curriculum Committees (ELA, Math/Technology, Science/Health and Social Studies)

- Consists of curriculum committee chairperson, administrator, and teachers from each grade level
- Disseminates information received from the district Academic Specialists
- Discusses articles pertaining to their content area
- Shares best practices related to the curriculum content area
- Plans school wide, content-area focused activities (i.e. Veterans Day, Black History Month, American Education Week, and Red Ribbon Week)

#### **Needs Assessment Summary for School Climate**

As visitors approach our school, they observe an attractive exterior, adorned with freshly planted flowers, seasonal wreaths and flags. The lobby is welcoming and comfortable. A bulletin board outside the front office displays student work from a different grade level each month. Students, teachers and parents spend each day in an inviting facility where there is space to provide instruction and encourage learning. Developmentally appropriate classrooms support daily instruction. The administration outlines expectations and provides regular feedback to staff regarding classroom environment. Quality student work labeled with title and standard is attractively displayed in the hallways, and the class mission statement is posted by each door. Eye-catching murals decorate the walls throughout the building. A local artist painted inviting outdoor scenes in our cafeteria to create a warm, friendly environment. Playground equipment is inspected regularly to comply with safety codes. Students, staff, and the community use the paved walking track to improve physical fitness. A butterfly garden provides additional opportunities to enhance instruction. Sun shades provide an area out of the sun for students and teachers to enjoy.

Our maintenance staff, including one plant engineer and four custodians, maintains our appealing building and grounds. This staff takes pride in keeping the building clean and all equipment in working order. Maintenance of the school grounds and landscaping are included in custodial duties. Inspection results from energy audits are provided to the staff to create an awareness of energy saving efforts. To further ensure all issues are addressed, we use custodial inspections and survey results on the overall cleanliness of the school to make necessary modifications and improvements. The custodial staff, as well as school personnel, immediately reports all safety concerns, both inside and outside the building. Our well maintained facility enables us to provide a safe learning environment for students and staff.

Our school utilizes the district Crisis Response Plan as well as daily operating plans to ensure the safety and well-being of students and staff. Evacuation maps are clearly posted in each room. Fire, lockdown, tornado, earthquake, and bus evacuation drills are held on a regular basis. Procedures are emphasized during classroom instruction on topics such as fire, bus, drug, personal, home and playground safety. Our school has several communication devices which contribute to a safe environment. For constant access, the administration, custodial and office personnel use two-way radios. A telephone is available in each room as well as a two-way

intercom system with an emergency call button. Security measures are used to ensure safety in our facility daily. A zoned officer from the Mauldin Police Department patrols the school campus on a regular basis. Signs on all exterior doors instruct visitors to report to the main office, where they are required to sign in and out through Simple Track, and receive a visitor's badge indicating a reason for the visit. Safety is assured with time-stamped video cameras, fire and motion detectors, security alarms, a weather radio, and a two-way radio linked directly to security at the central office. Establishing a safe, secure environment for our students and staff is a priority. As a result of our continued efforts, our school has continued to receive the Safe Schools Award.

# Needs Assessment: Building a Framework to Support the Culture Required for Student Centered Learning

The student centered learning framework focuses on the following areas of school improvement:

- Culture
- Data Driven Decision Making
- Professional Learning
- Leadership
- Curriculum and Instruction

We recently participated in the student centered training provided by our district. Teachers were given an opportunity to complete a survey evaluating current practices in our school. Survey results are listed below:

#### Strengths (Areas in which the majority of the staff rated 5 or higher on a linear scale):

- Opportunities for teachers to collaborate (grade level team meetings, vertical teams, faculty leadership team, and data teams)
- Collaboratively agreed upon curriculum that focuses on what students are expected to learn.
- Collaboratively developed assessments

#### **Next Steps:**

- Continue to provide time for teachers to discuss common assessment results and instructional strategies during the school day (Data Team / Grade Level Meetings, etc.).
- Provide more opportunities for teachers to collaborate during the school day.
- Utilize vertical teams to improve across grade level curriculum planning.
- Celebrate teachers and students throughout the school year that recognize accomplishments (behavior and academic).

#### **School Challenges**

- Meeting the needs of our diverse population of students this includes both academic and behavioral
- Closing the Achievement Gap between our subgroups (see table below put page number)
- Implementation of Balanced Literacy
- Implementation of personalized devices and technology integration

#### **School Awards and Accomplishments**

•	2018	SC PTA Outstanding Support Staff of the Year Finalist, Candy Lotowicz
•	2018	GCS Employee Spotlight Award Winner, Kim Lancaster, K5 Aide
•	2017	GCS Staff Member of the Year, Kim Brice, Instructional Coach
•	2016	National Blue Ribbon School of Excellence
•	2016	Palmetto Gold Award
•	2016-2017	Greenville County School's Teacher of the Year, Katie Saunders
•	2015-2016	American Heart Association Gold Fit-Friendly Worksite
•	2015-2016	Energy Star Rated Facility
•	2014-2015	National Beta Club School of Distinction
•	2014-2015	God's Pantry Certificate of Excellence and Appreciation
•	2014-2015	LiveWell Greenville Out of School Time Silver Award Winner (EDP)
•	2014-2015	SC PTA Award of Excellence in Membership Promotion

## **School Profile**

#### **School Community**

Bethel Elementary School was established between 1801 and 1810; the original school was housed in a one-room log building. In 1916, a two-room school replaced the original building, and the deed was transferred to the Board of Trustees. The school was built on its present site in 1964 to educate 477 students. Today, the school sits in the heart of the fastest growing region of South Carolina. Cornfields have given way to housing developments, country roads to highways. The tiny sand-colored school was enlarged to three times its original size in a \$6 million expansion in 1995. In 2015, we proudly celebrated our 50th Anniversary.

Currently, our school is one of nearly 100 schools in the county. We are located in a growing suburb in the Upstate. Our reputation of providing a quality education, caring faculty, and outstanding student achievement is a reflection of the high expectations of our stakeholders. Parents and community value education as evidenced by PTA membership and dedicated volunteers.

Students benefit from a nurturing environment which addresses their social and emotional needs while encouraging them to take an active part in a variety of school activities. Each year a school-wide theme promotes cohesiveness within our school family. This theme is woven into curricular experiences, visuals throughout the building, and school-wide events. A safari motif accented the school environment throughout this year welcoming students, families, and staff to embrace "Our Wild World of Learning".

Since 1997, multiage classes have been an innovative option to consider in lieu of a traditional classroom setting. Our Primary Multiage consists of first and second graders, while our Intermediate Multiage has third and fourth graders. Thematic projects, STEAM integration, literature circles, and cooperative learning centers are incorporated based on curriculum standards.

Early identification and intervention of struggling students are critical components of student success. At the first sign of a struggling student, teachers intervene and develop strategies to assist the student. Intervention may include a change in delivery method to meet the student's learning style or additional remediation activities. Students are served through our Response to Intervention (RTI) and special education programs.

The Extended Day program offers a service to the school community and provides enriching, structured care for children. It is offered to students in all grade levels from 2:30-6:00 on school days. Students are provided homework assistance, recreational activities, snack, arts and crafts, and access to educational technology. While attending the program, students utilize

computerized learning programs to impact academic achievement. Special events such as a talent show and outdoor water games are planned throughout the year.

Our counseling staff provides a high level of support services for our students. These services include school-wide character education, parent education, mentoring programs, classroom instruction, and small group and individual counseling. The school counselors conduct monthly classroom guidance lessons that are based on Sean Covey's book, The 7 Habits of Happy Kids. This curriculum teaches children seven principles that focus on social-leadership skills, problem solving, and successful communication. Career Education is integrated into classroom lessons using SCOIS (SC Occupational Information System). Career interest inventories are completed and portfolios are created which expose students to career clusters.

#### **Our Leaders**

Ms. Nerissa Lewis was named principal at Bethel Elementary in July 2014. She holds a Bachelor's Degree in Elementary Education from Winthrop University and a Master's Degree in Administration and Supervision from Furman University. She is a member of the South Carolina Association of School Administrators (SCASA). Her previous experience includes principal of Mitchell Road Elementary and Baker's Chapel Elementary, assistant principal, administrative assistant, and teacher.

Our intermediate assistant principal, Susan Skelton, has been at Bethel for twenty years. She has a Bachelor's Degree in Elementary Education, a Master's Degree in Curriculum and Instruction, and an Educational Specialist Degree in Elementary/Middle School Administration and Supervision. She has thirty years of experience in education, and fifteen of these have been in administration. She is a member of the South Carolina Association of School Administrators. Ms. Skelton was named Greenville County Schools Assistant School Administrator of the Year in 2011.

Carol Lynn McCuen is our primary assistant principal. She attended Furman University where she studied elementary and special education. Ms. McCuen graduated and began teaching for Greenville County Schools in 1996. She graduated again in June 2005 from Furman with my master's degree in School Leadership and Administration. She taught elementary aged students for nine years at Lake Forest Elementary, Grove Elementary, and Armstrong Elementary. Ms. McCuen has been an elementary school administrator over the past ten years at Lake Forest, Welcome, and Bethel.

#### **Parental and Community Involvement**

Our administrators, teachers, and community are involved in the process of gathering data that encourages continuous improvement. Community and parent volunteers are an ever-present source of support. The School Improvement Council (SIC) and Parent Teacher Association (PTA) Board are comprised of community members, parents, teachers, and administrators providing leadership through which many decisions are made that impact the school. Meeting dates are published and open to the public. The SIC assists with developing the school improvement plan, the School Report Card narrative, Report to the Parents, and with identifying strengths and strategies for effective school improvement. School Report Card surveys are administered to students, teachers, and parents to evaluate all aspects of the school program.

Results are also used to monitor communication efforts, program effectiveness, and community input.

Several programs support students academically, socially, and physically. Mentoring programs provide one-on-one tutoring and positive role models. Mentoring programs are designed to support students' self-esteem, behavior choices, character, and academic success. Service Learning and Big Brother/Big Sister programs utilize high school students who assist in the classrooms weekly. Kid's Hope is a national mentoring program in which our school pairs a dedicated adult from a local church with a child in need. The mentors spend quality time, one-on-one, with students who need positive adult role models. Paws Up Reading is a national program that uses trained therapy dogs to improve the literacy skills of children. Roxy visits our second grade students weekly. Students are able to relax and read aloud in a non-judgmental environment. Backpack Blessings is a volunteer-based, donation-driven organization that provides bags of food to students each week.

Our school uses a variety of methods to effectively communicate with all stakeholders in a timely and continuous manner. Bethel Bulletin and Calendar News are school-wide PTA publications routinely distributed to families. They include details about upcoming events, contact information for the school, and times for all school activities. In addition, parents and community members can receive the weekly E-News, an electronic newsletter. Located at the front of the school, an electronic marquee displays upcoming activities, opportunities, and student/faculty recognition. Classroom newsletters are also sent home and accessible through teacher's websites. Our school also utilizes social media, such as Facebook, Instagram, and Twitter, to communicate with the community. On Mondays, a phone blast is sent to parents, communicating all the events happening within our school that week. Parents can also download the Bethel app, provided by PTA, to find pertinent information.

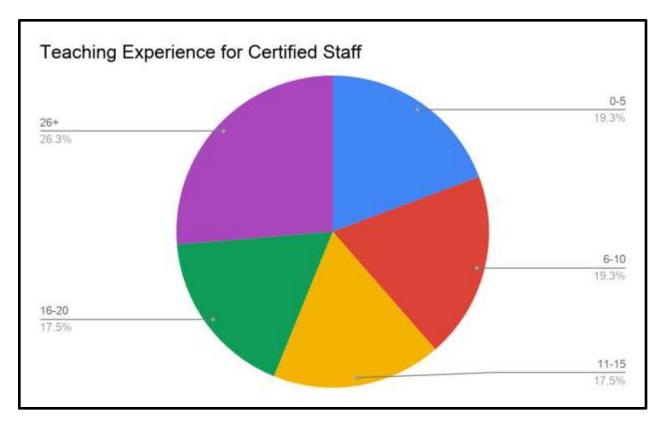

Our school website provides an extensive source of information for students, parents, and the community. Information is included regarding current school announcements, special recognitions, school newsletters, PTA and SIC information, school calendar, and a link to our Facebook page.

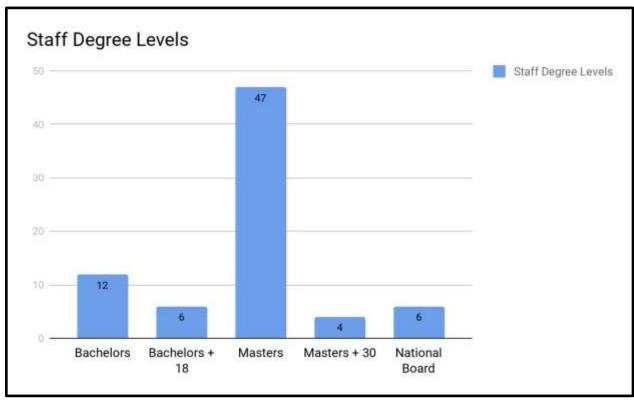

Active community involvement and strong parental support are essential to our school's mission of providing "a nurturing environment which encourages students to be productive citizens." Local businesses provide financial support. Community speakers present "Lunch and Learn" parenting workshops through our guidance department. Workshop topics include study skills, Internet Safety, and middle school registration. Through Junior Achievement, local business partners provide students an understanding of our world through consumer awareness. The Kiawanis Club of Greenville provides our Terrific Kid program. This program recognizes students who are responsible, respectful, and studious. We are fortunate to work alongside a supportive community to benefit our school.

#### **School Personnel**

Our staff consists of forty-four classroom teachers. We have six related arts teachers, three of those are full time and three that are part time. There is a STEAM lab teacher who serves fourth and fifth grade students. Our special education department consists of three resource teachers, two speech teachers, and two self-contained classes that serves students with

neurological and developmental disorders. Other support staff includes a gifted and talented teacher, a reading specialist, a full time and a part time reading interventionist, instructional coach, instructional technology specialist, two guidance counselors, an ESOL teacher, and a media specialist.

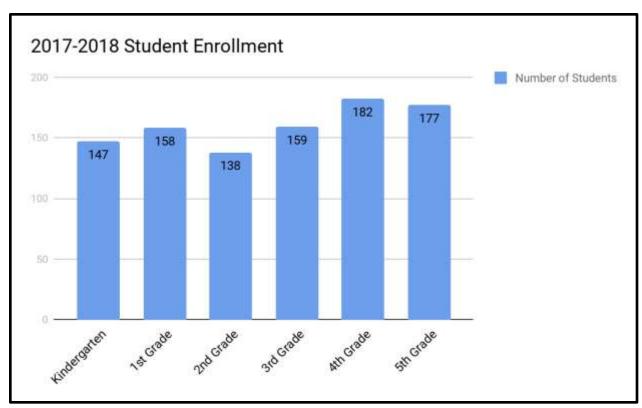

All of our teachers are highly qualified in the area in which they teach. We have 74% of our staff with advanced degrees, and there are six teachers that have received National Board Certification.

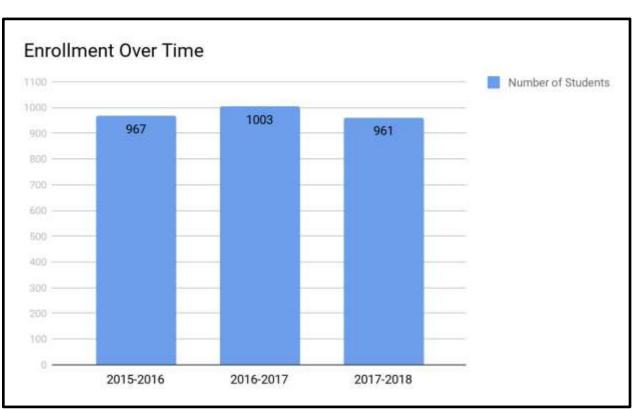

Teacher Attendance		
2016-2017	92.7	
2015-2016	94.5	
2014-2015	94.6	

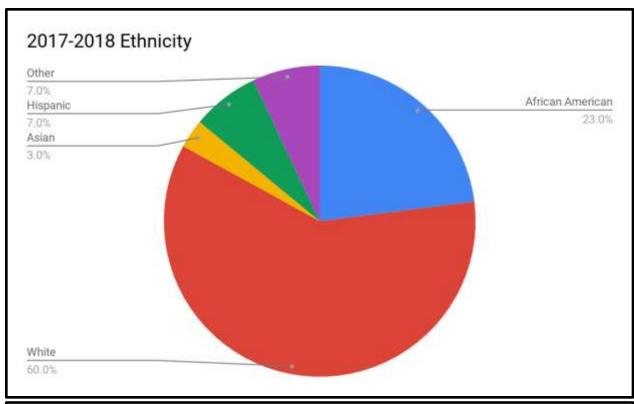

Additional personnel include four office personnel, two school nurses, a plant engineer, four custodians, ten paraprofessionals, media center clerk, cafeteria manager, and seven food services workers. We have an extended day program with a director and thirteen staff members. Nine bus drivers (two special education) provide transportation services to our students. Other district personnel, such as the school psychologist and physical and occupational therapists serve as support to the instructional program and are available to assist in meeting the needs of the Bethel Elementary population.

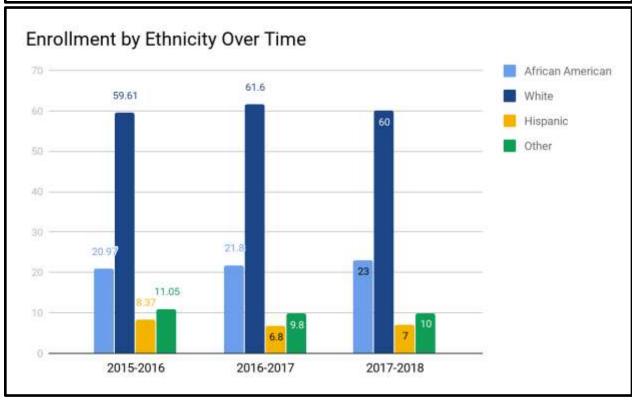

Teachers have received grants totaling \$3,900.00 to enhance instruction in their classrooms. The grants were used to purchase books, technology, and to advertise art education in South Carolina.

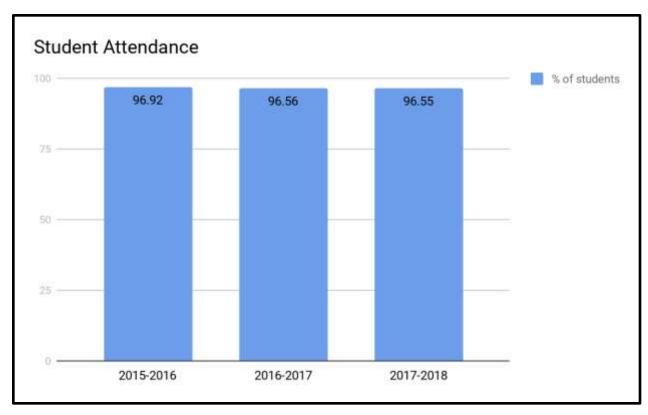

#### **Student Population**

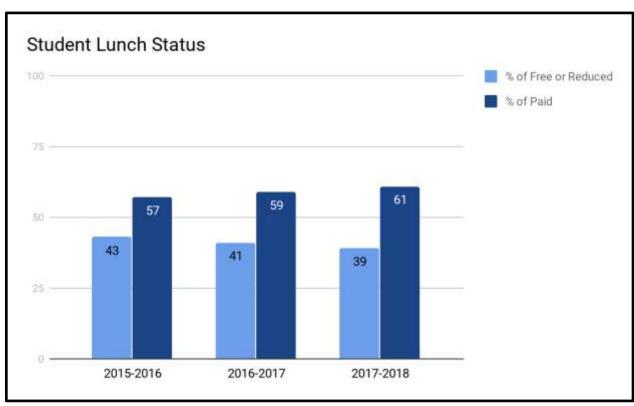

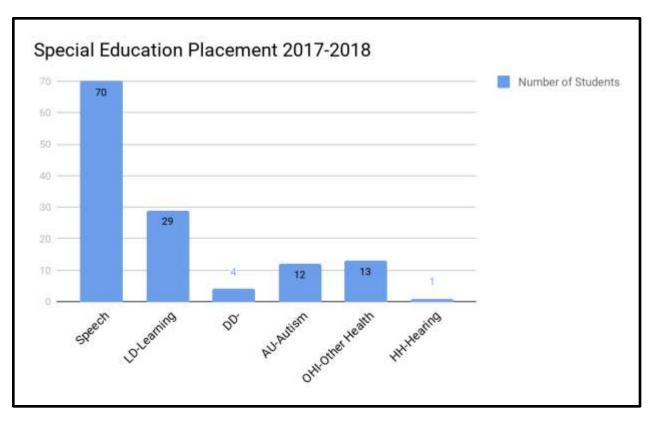

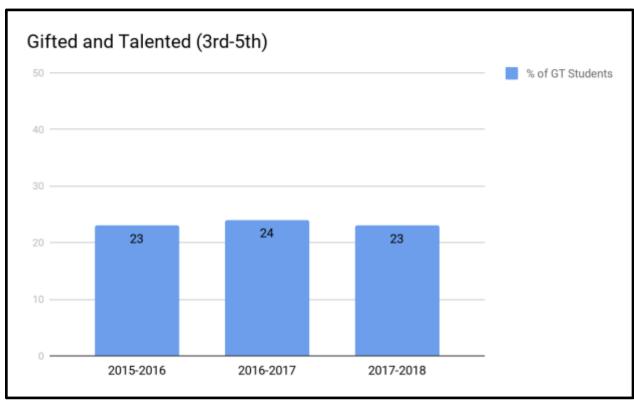

#### **Academic and Behavior Programs**

The core curriculum provides rigorous learning activities in the areas of reading, math, science, and social studies. Essential learning is facilitated through the use of the South Carolina College and Career Ready Standards and correlating support documents, district-developed units of

study, and supportive instructional materials. Twenty-first century learning skills are reinforced through student use of the media center, STEAM lab, and available technology.

A Balanced Literacy Model is used to provide instruction in Guided Reading, Independent Reading, and Word Study. Approximately two hours of instruction is allocated to the Balanced Literacy model each day. The Leveled Library, along with the Houghton Mifflin Harcourt Basal Reading Series, is used to support the curriculum and the development of strategic readers. Teachers benchmark students in the fall to determine their instructional and independent reading levels. Groups are then formed to provide small group guided reading instruction focused on each student's level.

Writing is the tie that binds the curriculum and is integrated throughout other subject areas. The writing process is used to guide students from brainstorming to a published piece. Student work is published in many ways through individual or student created books, class displays, and as a part of local and state contests. Lucy Calkins Units of Study are utilized to enhance writing instruction and support student responses to district writing prompts that focus on specific types of writing - opinion, narrative, and informational.

Our mathematics program is academically challenging. It is active, relevant, and integrated with other curriculum areas. The Houghton Mifflin Mathematics series is used in all grades to support the curriculum. Approximately one hour is scheduled for math each day. Students capitalize on previously learned knowledge, focusing on building number sense, basic numeric operations, algebraic concepts, geometric patterns and relationships, measurement, logical reasoning, probability, and statistics. Our instruction emphasizes problem-solving and hands-on strategies, which allow students the opportunity to make connections between classroom learning and real-life experiences. Daily Oral Math and Core Bites are warm-up activities used to spiral the curriculum. Hands-On Equations are used with our gifted and talented students as an introduction to algebra.

A wide variety of instructional materials are utilized to support the science curriculum. Teachers channel student interests into inquiry-based lessons addressing physical science, earth science, and life science. The Pearson series is used in all grades. District science kits are incorporated to provide a more hands-on approach to science. Students are encouraged to showcase their knowledge of science through participation in our Science Fair. Teachers supplement science instruction through field trips to Roper Mountain Science Center, The Children's Museum of the Upstate, Riverbanks Zoo, Paris Mountain, Lake Conestee, and Cedar Falls Park.

The social studies curriculum integrates research, writing, and presentation skills as students are introduced to various aspects of our physical and social world. Teachers utilize the South Carolina standards, state support documents, and district curriculum guides to drive instruction. Student created interactive notebooks are a valuable tool used to facilitate the social studies curriculum. The Pearson textbook is a resource used by teachers as a supplemental material. Various publications, such as Social Studies Weekly, provide additional curriculum resources. Our fifth grade students participate in real-life learning experiences such as Hooverville and Immigration Day. The curriculum is also supplemented through the integration of novels and field trips to Columbia, Charleston, Atlanta, and Washington, DC. The amount of time allocated

for both science and social studies instruction varies by grade level due to integration into other subjects through thematic units.

We implement an array of support services to address students performing above and below grade level. We provide services for English Language Learners through a pull-out program designed to assist them with overcoming language barriers. Students in kindergarten through second grade who read significantly below grade level participate in a Response to Intervention (RTI) program. Students in RTI receive 30 minutes of supplemental instruction daily in a small group setting that supports core classroom instruction. Kindergarten teachers use the Sounds and Motion program to increase student learning. Gifted and talented students receive enrichment in all academic areas. These programs are data driven in order to identify the needs and best placements for students.

#### **Counseling and Other Student Support Services**

Our counseling staff provides a high level of support services for students at Bethel. Such services include school-wide character education, parent education, classroom instruction, and small group and individual counseling. Our guidance counselors provide classroom and small group instruction in study skills.

#### **School Initiatives**

Since 1997, multiage has been an innovative option to consider in lieu of a traditional classroom setting. Our Primary Multiage classroom consists of a combination of first and second graders, while our Intermediate Multiage classroom has third and fourth grade students. Admittance to the multiage program involves an application process and selection by lottery. Thematic projects, literature circles, and cooperative learning centers are incorporated based on curriculum standards. Assessment is often times open-ended and respects differences in learning abilities, as well as levels.

Recently, Bethel has promoted a healthier school climate for students and employees. A team of staff members received training for CATCH (Coordinated Approach to Child Health). Strategies are implemented to support the CATCH program. A new Culinary Creations Menu was adopted in the cafeteria and students are encouraged to take advantage of the healthier options. Teachers infuse movement into their daily instruction. The PTA assists in our efforts by encouraging parents to provide healthier food options during class parties and student incentives. As a result our school has received numerous awards: American Heart Association's Fit-Friendly Worksite Gold Achievement and Greenville County Elementary Healthy School of the Year Award. Along with the Healthy School Award, we received \$1,250.00 to be used toward future wellness initiatives.

#### **Enrichment Programs**

Bethel offers many programs to enhance the educational experiences of all students. Among those offered are art, music, physical education, clubs, Lego Blast, strings, chorus, and Challenge. These programs play an integral part in students' growth and development and are based on state and national standards. Kindergarten students receive 30 minutes of instruction while first through fifth grade students receive 45 minutes of instruction in related arts three times a week.

In music, students participate in a variety of skills including singing, playing instruments, dancing, composing, improvising, and listening to music. These skills are not only important in allowing all students to be lifelong consumers of music but also in their education beyond the music classroom. Music can often help students remember facts in their academic subjects. There is also a direct correlation between songs and historical events. Performance opportunities reinforce intrapersonal development of students' intelligence.

Additionally, students in fourth and fifth grade can participate in chorus. This ensemble meets weekly before school for 45 minutes. Cardinal Chorus performs concerts during the school year and for community events such as the all-district chorus and Rotary Night. Students in fourth and fifth grade are invited to participate in an after school strings program where they learn important note reading skills and how to play an instrument.

In visual arts, students study a variety of media including painting, mixed media, collage, printmaking and sculpture. Students understand an assortment of materials can be used for self-expression and that sculpture can be created for multiple purposes. Art allows students the opportunity to express themselves, be creative, and solve problems. Students make natural connections between the visual arts and other areas of the curriculum. They learn about art history and their connection to historical events.

Our physical education program is critical for children to develop fundamental motor skills. Motor skills strengthen social, cognitive and physical development, and increase the likelihood of participation in physical activity. While students are moving, they improve brain function, and as a result, classroom learning is enhanced. Classroom curriculum is integrated into physical education lessons whenever possible. In an effort to encourage physical activity and fitness, an Archery Club has been established for students in third through fifth grade.

Annually, the related arts team showcase their programs for the students and parents with an "All Arts Night." This event is a culmination of what students have learned throughout the year. "All Arts Night" allows students and parents the experience of learning about the arts and how a meaningful arts curriculum positively impacts the lives of students. The Principal's Art Gallery is also revealed showcasing selected artwork from students in all grades. Students in strings and chorus perform during event. The art teachers showcase the student's artwork in the hallways and include a fun scavenger hunt.

All classes have access to four computer labs twice a week where they work on a variety of educational activities and websites. Students utilize Chromebooks to work on research and other assignments. The media center promotes technology with the use of iPads and Nooks. The media specialist and instructional technology teacher work with teachers and students to support creative ways to share their ideas and research through technology. Our computer lab manager gives an Internet safety presentation annually to all students. This presentation includes suggestions for being safe while using the Internet at school or home. On Tuesdays, we share Internet safety tips on the morning news.

Bethel's media center provides over 14,000 books to support students as they become lifelong readers and users of information. Primary grades visit the library once a week for 30 minutes which includes a lesson and book check-out. Intermediate grades visit the library biweekly. The

media specialist collaborates on a flexible schedule with teachers on projects, research, and technology.

To develop effective communication skills, rising fifth grade students audition for the Bethel Broadcasting News Team. The media specialist sponsors the Bethel News Crew and the "Battle of the Books" team. The Scholastic Book Fair is held in the fall and spring.

In addition, students who demonstrate higher skills or aptitude need opportunities to grow and accelerate their learning. Challenge, the gifted and talented program, is designed to meet the needs of academically gifted and talented students. In order to qualify for the program, students must meet the state criteria in aptitude, achievement, and academic performance. This pull-out enrichment program encourages inquiry, flexibility, creativity, and critical thinking. Third grade students attend Challenge for 125 minutes each week. Fourth and fifth grade students attend for 200 minutes each week. The program currently serves 118 students at Bethel.

## **Mission and Beliefs**

#### Mission

The mission of Bethel Elementary School is to engage children in a nurturing learning environment and to provide a quality education.

#### Beliefs

We believe that:

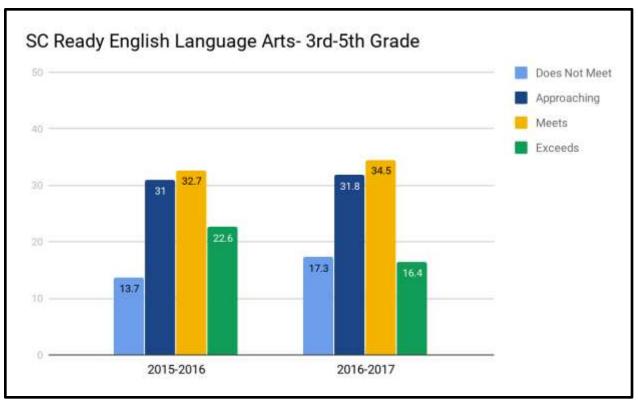

- Students achieve best in a safe and inviting environment where they are engaged in learning.
- Students must have highly competent and caring teachers, principals, and support staff.
- Students must have equitable and high-quality educational opportunities that evolve and change to reflect the world around them.
- A successful educational culture empowers students to communicate and collaborate effectively, solve problems competently, think critically and creatively, and act responsibly.
- A successful educational culture develops students who are empathetic, respectful, resilient, and act with integrity.
- Embracing diversity and inclusion leads to mutual respect and breaks down barriers.
- Education is the shared responsibility of students, home, school, business, and community.
- Curriculum and instruction must meet the needs of all students and prepare each student for success.

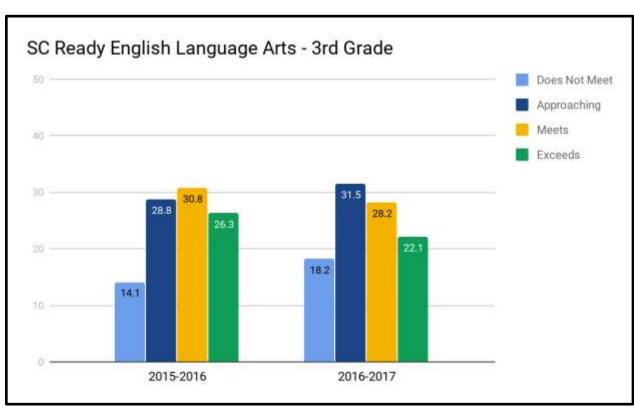

- Early reading and mathematical thinking are the foundations for educational success.
- Our educational organization prepares students to value learning and contribute to society, which has a lasting positive impact on our communities.

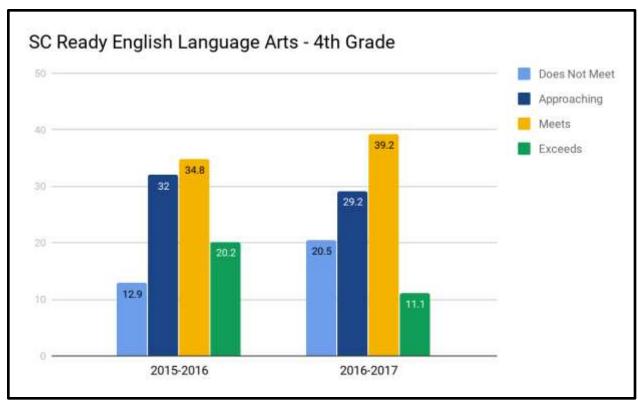

# Data Analysis and Needs Assessment

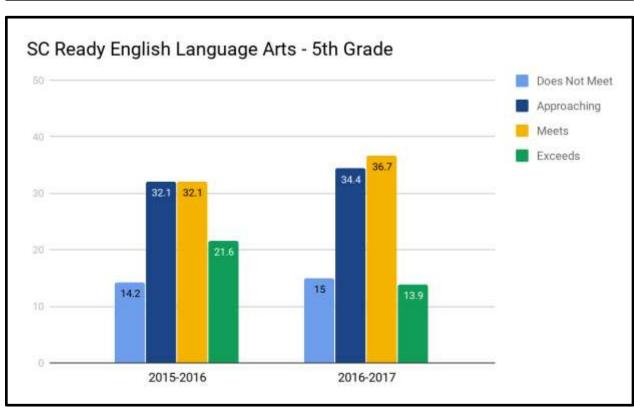

#### **Student Achievement Needs Assessment**

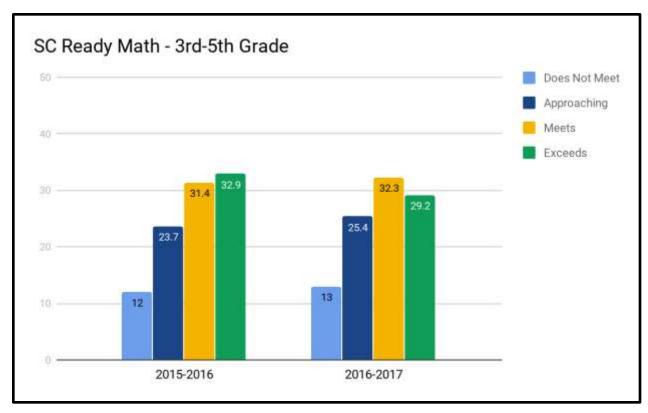

South Carolina College-and Career-Ready Assessment (SC READY) Grades 3-5 SC READY assessment was first administered during the 2015-2016 school year Data reflects percentage of students at each level.

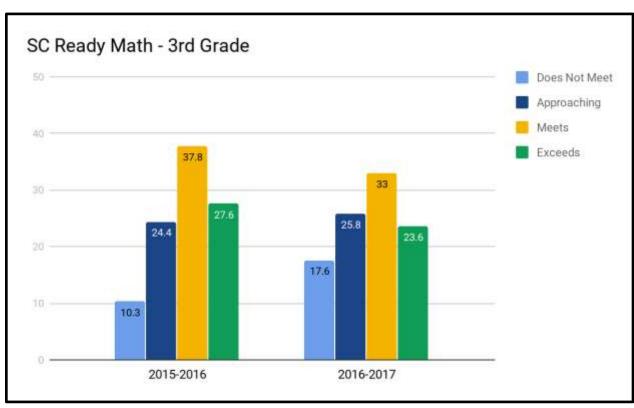

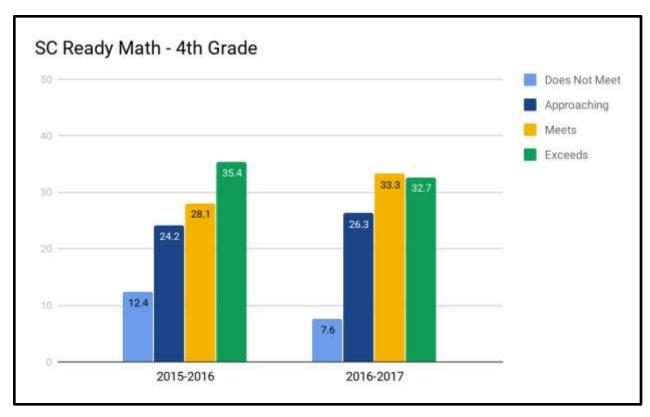

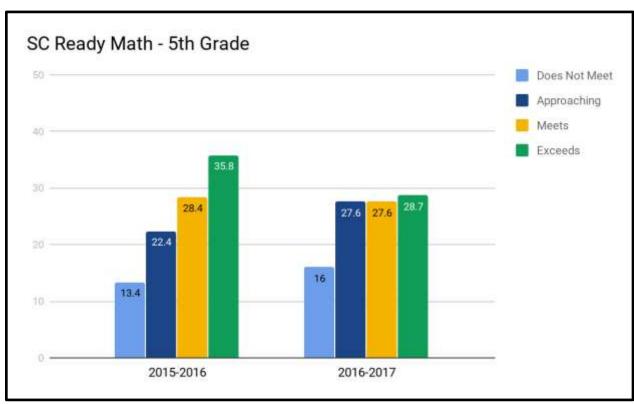

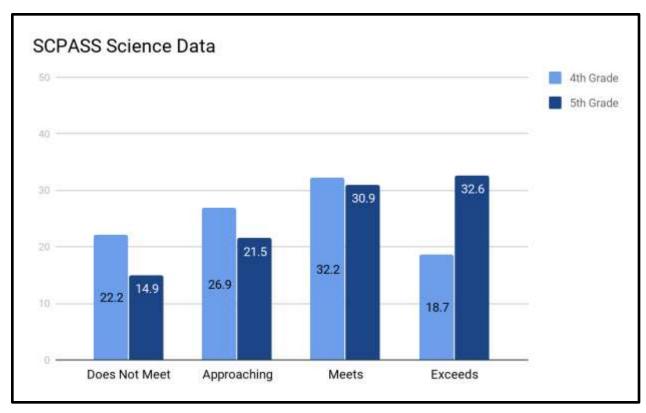

SC READY Subgroup Data by Race % of Students Scoring Meets or Exceeds 2016-2017

	ELA	Math
Asian	71%	81%
African American	21%	35%
Hispanic	42%	36%
Multiracial	41%	55%
White	64%	71%

SC READY Subgroup Data by Gender % of Students Scoring Meets or Exceeds 2016-2017		
	ELA	Math
Male	59%	62%
Female	44%	59%

SC READY Subgroup Data by Students with Disabilities (SWD) % of Students Scoring Meets or Exceeds 2016-2017		
	ELA	Math
Non-SWD	58%	67%
SWD	14%	22%

SC READY Subgroup Data by Limited English Proficiency (LEP) % of Students Scoring Meets or Exceeds 2016-2017		
	ELA	Math
Non-LEP	54%	63%
LEP	23%	32%

SCPASS Subgroup Data by Race % of Students Scoring Meets or Exceeds 2016-2017

	Science	Social Studies
Asian	73%	87%
African American	23%	68%
Hispanic	50%	75%
Multiracial	31%	92%
White	72%	93%

SC READY Subgroup Data by Gender % of Students Scoring Meets or Exceeds 2016-2017								
Science Social Studies								
Male	57%	84%						
Female	Female 58% 87%							

SCPASS Subgroup Data by Students with Disabilities (SWD) % of Students Scoring Meets or Exceeds 2016-2017						
Science Social Studies						
Non-SWD	64%	89%				
SWD 16% 63%						

SCPASS Subgroup Data by Limited English Proficiency (LEP) % of Students Scoring Meets or Exceeds 2016-2017						
Science Social Studies						
Non-LEP	60%	88%				
LEP 17% 52%						

#### **Teacher and Administrator Quality**

Professional development is determined by student achievement, district initiatives, teacher evaluations, and staff surveys. Some offerings are required by the school and/or district, while

others are optional in order to meet the needs of individual teachers. A professional development calendar is given to teachers indicating training opportunities offered at our school.

# Bethel Elementary Professional Development Calendar 2017-2018

Principal – Nerissa Lewis Assistant Principal – Carol Lynn McCuen

Assistant Principal – Susan Skelton Instructional Coach – Kim Brice

Date	Time	Title	Presenter	Description	Where	Audience	Points		
	August								
8-18- 2017	11:00- 2:00	Website Workshop	Michael Simmons	Teachers will learn how to create a new website using the new Google Sites platform.	3 <sup>rd</sup> Grade Computer Lab	Teachers	2		
8-21- 2017	8:00- 11:00	Lucy Calkins Writing Training	Kristy Jennings	Teachers will learn the overview of the Lucy Calkins Writing Pathways.	Library	K-2 <sup>nd</sup> Grade Teachers	3

## **School Climate Needs Assessment**

# **South Carolina Report Card Survey Results**

Our school administers surveys to students, teachers, and parents for the yearly **School Report Card**. Below is a summary of the results from 2016-2017 survey.

Number of surveys returned (2016-2017)	Teachers 32 responded	Students* 168 responded	Parents* 70 responded
Percent satisfied with learning environment	96.9%	94.6%	95.7%
Percent satisfied with social and physical environment	96.9%	95.8%	97.2%
Percent satisfied with home-school relations	100%	87.7%	82.4%
Percent feeling safe during the school day	100%	98.8%	98.6%

<sup>\*</sup>Only students at the highest elementary school grade level and their parents were surveyed.

Parents, students, and teachers all reported high levels of satisfaction in all areas of the survey. After looking closely at the data for 2016-2017, the following statements had lower rates of satisfaction and could be viewed as challenges:

#### **Parents**

My child's teachers tell me how I can help my child learn. (21.7% disagreed)

## **Students**

Bathrooms are kept clean. (39.9% disagreed)

Based on this data, strategies have been developed to address these areas of concern. The Action Plan that follows includes strategies that will be implemented.

# **AdvancED Climate and Culture Survey**

Our school administered the **AdvancED Survey** to students. Below is a summary of the results from 2017-2018 survey.

Number of surveys returned (2017-2018)	Students (444 responded)
Percent of students describing their teacher as caring	88%
Percent of students report feeling afraid	4%
Percent of students report feeling lonely	8%
Percent of students report feeling angry	9%

Students reported high levels of satisfaction in all areas of the survey. After looking closely at the data for 2017-2018, the following statements had lower rates of satisfaction and could be viewed as challenges:

# **Students**

35% reported feeling bored at school 26% reported feeling supported at school

Based on this data, strategies have been developed to address these areas of concern. The Action Plan that follows includes strategies that will be implemented.
