**Dr. Phillip Reavis**

Principal

**The School District of Greenville County**

**W. Burke Royster**

Superintendent

**Action Plan**

2018-2019 through 2022-2023

**SCHOOL RENEWAL PLAN COVER PAGE**

**SCHOOL NAME:** Oakview Elementary School

**SCHOOL RENEWAL PLAN FOR YEARS 2018-2019 through 2022-2023 (five years)**

**SCHOOL RENEWAL ANNUAL UPDATE FOR 2019-2020 (one year)**

**Required Signature Page**

The school renewal plan, or annual update, includes elements required by the Early Childhood Development and Academic Assistance Act of 1993 (Act 135) (S.C. Code Ann. §59-139-10 *et seq.* (Supp. 2004)), the Education Accountability Act of 1998 (EAA) (S.C. Code Ann. §59-18-1300 *et seq.* (Supp. 2004)), and SBE Regulation 43-261. The signatures of the chairperson of the board of trustees, the superintendent, the principal, and the chairperson of the School Improvement Council, and the School Read to Succeed Literacy Leadership team lead are affirmation of active participation of key stakeholders and alignment with Act 135 and EAA requirements.

**Assurances for the School Renewal Plans**

The assurance pages following this page have been completed and the district superintendent’s and school principal’s signature below attests that the school/district complies with all applicable assurances requirements including ACT 135 assurance pages.

## ASSURANCES FOR SCHOOL PLAN

**Early Childhood Development and Academic Assistance Act (Act 135) Assurances**  
(S.C. Code Ann §59-139-10 *et seq.* (Supp. 2004))

<input checked="" type="radio"/> Yes <input type="radio"/> No <input type="radio"/> N/A	<p><b>Academic Assistance, PreK–3</b> The school makes special efforts to assist children in PreK–3 who demonstrate a need for extra or alternative instructional attention (e.g., after-school homework help centers, individual tutoring, and group remediation).</p>
<input checked="" type="radio"/> Yes <input type="radio"/> No <input type="radio"/> N/A	<p><b>Academic Assistance, Grades 4–12</b> The school makes special efforts to assist children in grades 4–12 who demonstrate a need for extra or alternative instructional attention (e.g., after-school homework help centers, individual tutoring, and group remediation).</p>
<input checked="" type="radio"/> Yes <input type="radio"/> No <input type="radio"/> N/A	<p><b>Parent Involvement</b> The school encourages and assists parents in becoming more involved in their children’s education. Some examples of parental involvement initiatives include making special efforts to meet with parents at times more convenient for them; providing parents with their child’s individual test results and an interpretation of the results; providing parents with information on the district’s curriculum and assessment program; providing frequent, two way communication between home and school; providing parents an opportunity to participate on decision making groups; designating space in schools for parents to access educational resource materials; including parent involvement expectations as part of the principal’s and superintendent’s evaluations; and providing parents with information pertaining to expectations held for them by the school system, such as ensuring attendance and punctuality of their children.</p>
<input checked="" type="radio"/> Yes <input type="radio"/> No <input type="radio"/> N/A	<p><b>Staff Development</b> The school provides staff development training for teachers and administrators in the teaching techniques and strategies needed to implement the school/district plan for the improvement of student academic performance. The staff development program reflects requirements of Act 135, the EAA, and the National Staff Development Council’s revised Standards for Staff Development.</p>
<input checked="" type="radio"/> Yes <input type="radio"/> No <input type="radio"/> N/A	<p><b>Technology</b> The school integrates technology into professional development, curriculum development, and classroom instruction to improve teaching and learning.</p>
<input checked="" type="radio"/> Yes <input type="radio"/> No <input type="radio"/> N/A	<p><b>Innovation</b> The school uses innovation funds for innovative activities to improve student learning and accelerate the performance of all students.</p>
<input checked="" type="radio"/> Yes <input type="radio"/> No <input type="radio"/> N/A	<p><b>Collaboration</b> The school (regardless of the grades served) collaborates with health and human services agencies (e.g., county health departments, social services departments, mental health departments, First Steps, and the family court system).</p>
<input checked="" type="radio"/> Yes <input type="radio"/> No <input type="radio"/> N/A	<p><b>Developmental Screening</b> The school ensures that the young child receives all services necessary for growth and development. Instruments are used to assess physical, social, emotional, linguistic, and cognitive developmental levels. This program normally is appropriate at primary and elementary schools, although screening efforts could take place at any location.</p>
<input checked="" type="radio"/> Yes <input type="radio"/> No <input type="radio"/> N/A	<p><b>Half-Day Child Development</b> The school provides half-day child development programs for <b>four-year-olds</b> (some districts fund full-day programs). The programs usually function at primary and elementary schools. However, they may be housed at locations with other grade levels or completely separate from schools.</p>

<input checked="" type="radio"/> Yes <input type="radio"/> No <input type="radio"/> N/A	<p><b>Developmentally Appropriate Curriculum for PreK–3</b>  The school ensures that the scope and sequence of the curriculum for PreK–3 are appropriate for the maturation levels of students. Instructional practices accommodate individual differences in maturation level and take into account the student's social and cultural context.</p>
<input checked="" type="radio"/> Yes <input type="radio"/> No <input type="radio"/> N/A	<p><b>Parenting and Family Literacy</b>  The school provides a four component program that integrates all of the following activities: interactive literacy activities between parents and their children (Interactive Literacy Activities); training for parents regarding how to be the primary teachers for their children and how to be full partners in the education of their children (parenting skills for adults, parent education); parent literacy training that leads to economic self-sufficiency (adult education); and an age-appropriate education to prepare children for success in school and life experiences (early childhood education). Family Literacy is not grade specific, but is generally most appropriate for parents of children at the primary and elementary school levels and below as well as for secondary school students who are parents. Family Literacy program goals are to strengthen parental involvement in the learning process of preschool children ages birth through five years; to promote school readiness of preschool children; to offer parents special opportunities to improve their literacy skills and education; to provide parents a chance to recover from dropping out of school; and to identify potential developmental delays in preschool children by offering developmental screening.</p>
<input checked="" type="radio"/> Yes <input type="radio"/> No <input type="radio"/> N/A	<p><b>Recruitment</b>  The district makes special and intensive efforts to <b>recruit</b> and <b>give priority</b> to serving those parents or guardians of children, ages birth through five years, who are considered at-risk of school failure. "At-risk children are defined as those whose school readiness is jeopardized by any of, but not limited to, the following personal or family situation(s): parent without a high school graduation or equivalency, poverty, limited English proficiency, significant developmental delays, instability or inadequate basic capacity within the home and/or family, poor health (physical, mental, emotional) and/or child abuse and neglect.</p>
<input checked="" type="radio"/> Yes <input type="radio"/> No <input type="radio"/> N/A	<p><b>Coordination of Act 135 Initiatives with Other Federal, State, and District Programs</b>  The district ensures as much program effectiveness as possible by developing a district-wide/school-wide coordinated effort among all programs and funding. Act 135 initiatives are coordinated with programs such as Head Start, First Steps, Title I, and programs for students with disabilities.</p>

# INTRODUCTION

The Oakview Elementary School self-study was conducted to evaluate our strengths and weaknesses in order to develop goals and strategies for improvement. The portfolio provides our school with an ongoing means for self-assessment, communication, continuous improvement, and accountability. The staff was organized into committees to complete the self-assessment and to determine strategies for program enhancement. Parent groups, such as Oakview’s PTA Board and School Improvement Council (SIC), provided input regarding the school improvement plan.

## **EXECUTIVE SUMMARY**

Oakview Elementary School helps students develop the world class skills, life, and career characteristics detailed in the Profile of the South Carolina Graduate by providing a safe, caring, and academically challenging learning environment. We embrace a “Habitat for Learning” mentality by challenging students to reach their full potential, promoting continuous professional growth for teachers, and engaging our parents and school community.

Our central belief is that all children are capable of learning. We believe that by setting high expectations for our students, our students will be able to achieve at their highest potential. Not only do we emphasize academic success, but we also promote the importance of outstanding character and personal responsibility. Through the implementation of continuous and quality improvement measures we believe our students will learn valuable problem solving techniques and that they will be empowered to become productive citizens beyond the walls of our schools.

Oakview Elementary School offers many programs and student opportunities which focus on the development of the whole child. Through our school-wide social and emotional learning program, “Kindness Rocks,” our students learn skills to be successful in life. The school connects students with life and career through its partnerships with community organizations and businesses. Southern First Bank provides reading volunteers and Greenville Technical College delivers architecture lessons with students as part of a bridge building unit. The school partners with outside organizations in the expansion of our nature trail into a demonstration site fitness trail and has installed a “real-time” weather station on top of the gymnasium so live weather data can stream instantaneously into our building. In addition to these partnerships, Oakview offers a wide variety of programs and student opportunities such as: an apple orchard, artist in residence, author visits, Barrier Island field trip, blueberry patch, bridge building, butterfly garden, C.A.T.C.H., chess club, chorus, climbing wall, Columbia Statehouse and Museum field trip, Cultural Arts Festival, daily news broadcast, digital nature trail, distance learning lab, drama team, Environmental Engineers, fitness station, garden club, Fossil Fun Day, geography bee, golf instruction, archery instruction, sewing club, gifted education, Grandparents Day, STEM Fest, Lego robotics,

morning tutors, morning mathletes tutoring program, parent workshops, sculpture club, Space Day, a walking track, and much more!

#### **Needs Assessment Summary for Student Achievement (2017-2018)**

- 74.5% of students in grades 3-5 scored meets or exceeds in English language arts on the SCReady assessment
- 81.3% of students in grades 3-5 scored meets or exceeds in math on the SCReady assessment
- 78.9% of students in 4<sup>th</sup> grade scored meets or exceeds in science on the SCPASS assessment
- 88.5% of students in 5<sup>th</sup> grade scored met or exemplary in social studies on the SCPASS assessment

#### **Needs Assessment Summary for Student Achievement (2016-2017)**

- 75.8% of students in grades 3-5 scored meets or exceeds in English language arts on the SCReady assessment
- 78.6% of students in grades 3-5 scored meets or exceeds in math on the SCReady assessment
- 73.8% of students in grades 4-5 scored meets or exceeds in science on the SCPASS assessment
- 93.6% of students in grades 4-5 scored met or exemplary in social studies on the SCPASS assessment

#### **Needs Assessment Summary for Teacher and Administrator Quality**

The faculty is structured into teams and committees in order to involve stakeholders in the decision making processes for the school. The groups and committees are as follows:

- **Administrative Team**
  - Consists of the principal, assistant principal, and administrative assistant
  - Reviews grade level minutes, information shared from the central office, reviews lesson plans, student achievement, teacher evaluations, professional development, school activities and events, etc.
  - Discusses instructional and operational issues to be addressed with grade level leaders, PTA, and SIC
- **School Leadership Team**
  - Consists of the principal, assistant principal, administrative assistant, instructional coach, literacy specialist, technology specialist, and two school counselors.
  - Reviews grade level supports and strategies in place on a weekly basis from all areas, information shared from the central office, reviews district initiatives, discusses coaching cycles and grade level instructional focus, reviews student achievement, plans professional development, discusses school activities and events, etc.
  - Discusses instructional and operational issues to be addressed with grade level leaders, PTA, and SIC
- **Faculty Council**
  - Consists of the administrative team, grade level team leaders, special education, counselors, and related arts
  - Discusses instructional and operational aspects of the school
  - Disseminates information to grade level teams
  - Serves as a teacher forum for discussion of school based instructional decisions and stakeholder feedback submitted for the overall improvement of the school
- **Grade Level Teams**
  - Consist of the team leader and teachers from the grade level
  - Collaborates to create effective and innovative lesson plans
  - Shares best practices

- Reviews grade level data to plan for and make adjustments to curriculum
- Record minutes to be shared with the administrative team
- Plan for formative and summative assessments for measurement of state standards
- Participates in coaching cycles for instructional improvement
- Develops benchmark assessments to measure student learning objects for the grade level

- **Data Team Committees**

- Consists of grade level teachers, special educators, instructional coach, academic specialists within the building, and administration
- Disaggregate data based on district benchmark test
- Identify strengths and weakness of individual students
- Plan and adjust instructional practices to meet the individual needs of students
- Create a plan of action to identify and support struggling students

In the 2018-2019 school year, Oakview implemented curriculum committees. These committees focused on ELA and STEM education. The groups are comprised of all certified teaching staff members in the building. The primary focus of these groups was to disseminate information received from district academic specialists, plan for integration with specialty content areas, discuss articles pertaining to the content area, and to share best practices related to the content committee on which they serve.

### **Needs Assessment for School Climate**

As visitors enter our school property they observe an attractive exterior embellished with freshly planted flowers and seasonal décor. The lobby is welcoming and comfortable. Eye-catching murals decorate the walls throughout the building and a bulletin board proudly displays the various honors and awards received by Oakview students, teachers, and PTA. Student work is displayed throughout the building along with class writings displayed on our “Windows of Writing” wall. Students, teachers, parents, and community members spend each day in an inviting facility where the space is ample and the environment is healthy.

Developmentally appropriate and engaging lessons are observed in classrooms. The administration team outlines expectations regarding daily instruction and provides regular feedback to staff regarding classroom environment. Attractive student work displays are located inside and outside of classrooms and are labeled with the work title and state standards.

Playground equipment is inspected regularly to comply with safety codes. Students, staff, and community use the paved walking track to improve physical fitness. The schools sharing garden and butterfly garden, both outdoor classrooms, provide additional opportunities to enhance instruction. In addition, Oakview’s nature trail and outdoor learning lab allow students to become one with nature and provide an opportunity to experience learning in a contemporary environment. This space will also be expanded to include 13 fitness stations to support health and wellness for students and employees.

Our maintenance staff, including one plant engineer, one head custodian, and five custodians maintain our appealing building and grounds. This staff takes pride in keeping the building clean and all equipment in proper working order. Maintenance of the school grounds and landscaping are included in custodial duties. Also, survey results and custodial inspections provide us with the opportunity to make necessary modifications and improvements to our facility and grounds. Results from energy audits create an awareness of energy saving efforts. The custodial staff, as well as school personnel, immediately report any and all safety concerns that might arise. Our well maintained facility enables us to provide a safe learning environment for all students and staff.

Our school utilizes the district Crisis Response Plan as well as daily operating plans to ensure the safety and well-being of students and staff. Evacuation maps are clearly posted in each room. Fire, lockdown, tornado, earthquake, and bus evacuation drills are held on a regular basis. Procedures are emphasized during classroom instruction on topics such as fire, bus, drug, personal, home and playground safety. Our school has communication devices which contribute to our safe environment. For constant access the administration, custodial, and office personnel use two-way radios. A telephone is available in each room as well as a two-way intercom system with an emergency call button. Security measures are used to ensure safety in our facility on a daily basis. A zoned officer from the Greenville County Police Department patrols the school campus multiple times throughout the school day. All exterior doors are locked and signs are located on all exterior doors directing visitors to the front entrance where they are required to sign in and out through the computer system. Safety is assured with time-stamped video cameras, fire and motion detectors, security alarms, a weather radio, and a two-way radio linked directly to security at the central office. In 2019, the school security camera system was expanded to include nearly 50 cameras inside and outside of the building. Establishing a safe, secure environment for our students and staff is our top priority. As a result of our continued efforts in the area of safety, our school has regularly received the Safe Schools Award.

### **School Challenges**

- Implementation of Balanced Literacy with fidelity
- Implementation of word study in Kindergarten and First Grade
- Implementation of Technologically Integrated Lessons
- Personalized Professional Development for Teachers

*Balanced Literacy:* Our instructional coach and school based literacy specialist provide support throughout the building in order to train teachers using the balanced literacy approach. Through conferences, pop-up professional development sessions, coaching cycles, model lessons, data analysis, assessment development, one-on-one training, and planning days we offer support for teachers in order to help close the gap in reading instruction.

### Action Plan for Improving Balanced Literacy Implementation

- Our school will continue to provide additional materials for teachers
- Our school will continue to expand media center titles/options for individualized reading
- Our school will provide professional development workshops/conference attendance for teachers in the area of balanced literacy
- Our coaches will model lessons in classrooms
- Our coaches will provide coaching cycles
- Our coaches will help teachers understand strand data for English/Language Arts in order to identify student needs
- Our teachers, when applicable, will conduct site visits to view best practices in action and will address areas for growth within the grade levels
- Our teachers will form an ELA curriculum committee to share best practices across our school

*Word Study Integration:* Our school district places a high value on literacy. A key component of literacy includes sound phonics instruction. Phonics instruction is viewed as a cornerstone in the development of spelling and reading skills. As a district and a school we are committed to providing quality literacy instruction for the students that we serve. Oakview's administration, instructional coach and school based literacy specialist provide support for kindergarten and first grades in order to train teachers using the Fountas and Pinnell Word Study Kits. Through training, model lessons, and grade level planning we offer support for teachers in order to implement this new curriculum.

### Action Plan for Improving Word Study in Kindergarten and First Grade

- Our district will provide word study training kits
- Our district will provide word study training sessions for building leaders and teachers
- Our school will continue to provide additional materials for teachers for implementation
- Our coaches will provide professional development on word study kits at the school level
- Our coaches will model lessons in classrooms
- Our coaches will provide coaching cycles on word study implementation when necessary

*Technology Integration:* In the 2018-2019 school year, Oakview students in grades 3-5 received personalized learning devices. Our district, along with our school stakeholders, agree that providing access to technology will allow students to develop pertinent 21<sup>st</sup> century learning skills. Along with this technology, our teachers desire to know more about programs and platforms that allow for technology enhanced lessons and assessments. In an effort to provide teachers with confidence to deliver lessons utilizing various platforms, our school has developed an action plan as part of its comprehensive Technology Plan posted on the school web site.

### Action Plan for Improving Technologically Integrated Lessons

- Our teachers will receive ongoing professional development in the area of technology
- Our teachers will understand and utilize the SAMR model for technology integrated lessons
- Our school will employ a technology specialist
- Our coaches/specialists will model lessons in the classroom
- Our coaches/specialists will provide varied professional development based on personal interests, skill level, and grade level appropriateness

*Personalized Professional Development:* Our staff, like our students, learn best when professional development addresses personal needs and interests. Also, varying levels of knowledge should be considered when planning for appropriate learning opportunities. In an effort to abolish the “one size fits all” approach to professional development our staff expressed interest in workshops that are varied, grade level appropriate, and engaging. In an effort to provide the staff with these experiences the administration team has developed the following action plan:

### Action Plan for Delivering Personalized Professional Development

- Coaches/specialists will conduct a needs assessment in order to gauge desires and interests among staff
- Coaches/specialists will provide varied professional development opportunities that allow for teacher choice
- Coaches/specialists will provide individualized professional development upon request
- Coaches/specialists will collaborate with grade levels to provide primary grade level and intermediate grade level focused professional development
- Coaches/specialists will conduct coaching cycles in order to help teachers attain professional/personal goals in the area of technology

### **School Awards and Accomplishments**

- 2018-2019 South Carolina BlueCross BlueShield Wise Grant
- 2018-2019 United Way Campaign of Excellence Award
- 2017-2018 PTA Award of Excellence in Communications
- 2017-2018 Platinum Membership Award
- 2017-2018 Award of Excellence in Family and Community Involvement

- 2017-2018 Award of Excellence in Enrichment Programs
- 2017-2018 Gold Apple Award Winning Teacher-Ivie Greaves
- 2017-2018 PEP Building STEAM Grant Award-Daniele Szynal
- 2017-2018 Energy Star Certified Facility
- 2016-2017 DHEC Rising Star Award for Recycling and Composting
- 2016-2017 South Carolina PTA Outstanding Teacher of the Year Award-Karissa Page
- 2016-2017 Energy Star Certified Facility
- 2016-2017 Safe Schools Award
- 2016-2017 United Ways Campaign of Excellence Award
- 2016-2017 Smart Arts Award Grant Recipient
- 2015-2016 Metropolitan Arts Council Local Artists Award-Sandy Young
- 2015-2016 Smart Arts Award Grant Recipient
- 2015-2016 Energy Star Certified Facility
- 2015-2016 Palmetto Gold Award
- 2015-2016 United Ways Campaign of Excellence Award

Students continue to maintain a high level of achievement as measured by test scores. Data from curriculum based assessments and the MasteryConnect district benchmark tests are used to evaluate progress at the beginning, middle, and end of the school year for all students. In addition, kindergarten through fifth grade students were assessed using a variety of instruments including FastBridge, KRA, ITBS, CogAT, MAP, SC Ready, SCPASS, and/or the Fountas & Pinnell reading benchmark assessments. Data from the reading inventory was used to develop leveled reading groups in all grade levels. SCReady results show Oakview to be performing at the top of our district and state when compared to schools like ours.

During the 2018-2019 school year, teachers wrote and received over \$13,365 in grants to carry out innovative instructional strategies in their classrooms. Partnering with Greenville County Schools, Oakview expanded its technology offerings to add Chromebooks for all third, fourth and fifth grade students. The school continues its use of a Distance Learning Lab in order to host virtual field trips, school to school collaborations, and video conference professional development opportunities.

## SCHOOL PROFILE

### History

Oakview was named for the 100+ year old oak tree that stands tall and proud at the entrance of the school. Two sisters, Margaret and Charlotte Greene, submitted the proposal for the school name that was chosen in a “Name the School” contest. The tree represents strength, growth and a strong foundation, just as Oakview Elementary helps students to grow and develop a strong academic foundation.

Our school maintains a reputation of providing a quality education, caring faculty, and outstanding student achievement. Oakview Elementary School is one of 52 elementary schools included in The School District of Greenville County. Oakview is located in one of the fastest growing areas of Greenville County, the Golden Strip. Oakview Elementary consists of preschool through fifth grade. The school opened in 1995 with 752 students and now enrolls 1,026 students. Oakview Elementary has continued to enroll 1,000+ students for the past four years.

### School Leaders

Dr. Phillip Reavis was named principal of Oakview Elementary in July 2001. He holds a bachelor’s degree from the University of North Carolina at Chapel Hill and a master’s degree in school counseling from the University of North Carolina at Charlotte. Dr. Reavis has also earned a PhD in Educational Administration from the University of South Carolina at Columbia. His previous experience includes two years as assistant principal at Oakview Elementary School, eleven years of experience as an elementary school teacher and school counselor, and he also served as an administrator in private education for five years.

Meredith Welch, assistant principal, joined Oakview Elementary School in the fall of 2018. She earned a bachelor’s degree in education from Anderson University in 2010 and is dually certified at the early and elementary level. Additionally, Mrs. Welch has obtained a master’s degree in Administration and Supervision from Anderson University. Mrs. Welch is currently pursuing her doctorate degree in curriculum and instruction from Liberty University.

Our Administrative Assistant Jessica Preisig attended Greenville County Schools as a K-12 student. She earned a bachelor's degree in Elementary Education and a master's degree in Administration and Supervision from Clemson University. Jessica has served in public education for 13 years as a teacher, interventionist and administrator.

### **Parental and Community Involvement/Partnerships**

Our administrators, teachers, and community are involved in the process of gathering data that encourages continuous improvement. Community and parent volunteers are an ever-present source of support. The School Improvement Council (SIC) and Parent Teacher Association (PTA) Board are both comprised of community members, parents, teachers, and administrators and provide forums through which many decisions are made that will potentially impact the school. Meeting dates are published and open to the public. The SIC assists with developing the school improvement plan, the school report card narrative, report to the parents, and with identifying strengths and strategies for effective school improvement. School Report Card surveys are administered to students, teachers, and parents to evaluate all aspects of the school program. Results are also used to monitor communication efforts, program effectiveness, and community input.

Oakview is extremely fortunate to have an active and involved PTA. Since Oakview opened in 1995, the PTA has been a continuous support for all that is done at Oakview. Many of the current resources available at Oakview are a result of PTA's activities and fundraisers. Oakview's PTA has won numerous awards over the years. Some of the awards in past years include: 1st place Newsletter, Best Program, top 10% in the state for membership, Parental Involvement, School of Excellence Award, the Excellence in Family and Community Involvement Award, and Excellence in Enrichment Programs Award. Parents and community value education as evidenced by PTA membership and dedicated community volunteers.

Several mentoring programs support students academically and socially by providing one-on-one tutoring and positive role models. Mentoring programs are designed to support students' self-esteem, behavior choices, character, and academic success. The mentors spend one-on-one quality time, with students who need positive adult role models and support with reading. Service Learning programs utilize high school students who assist in the classroom weekly. The Reading Tutors Program supports students in the area of literacy.

Our school effectively communicates with all stakeholders in a timely and continuous manner. A variety of methods are used to communicate with students, parents, and community members. The Acorn and Calendar News are school-wide PTA publications routinely distributed to families. They include details about upcoming events, contact information for the school, and times for all school activities. In addition, parents and community members can receive the E-News, an electronic newsletter. Located at the front of the school, an electronic marquee displays upcoming activities, opportunities, and student/faculty recognition.

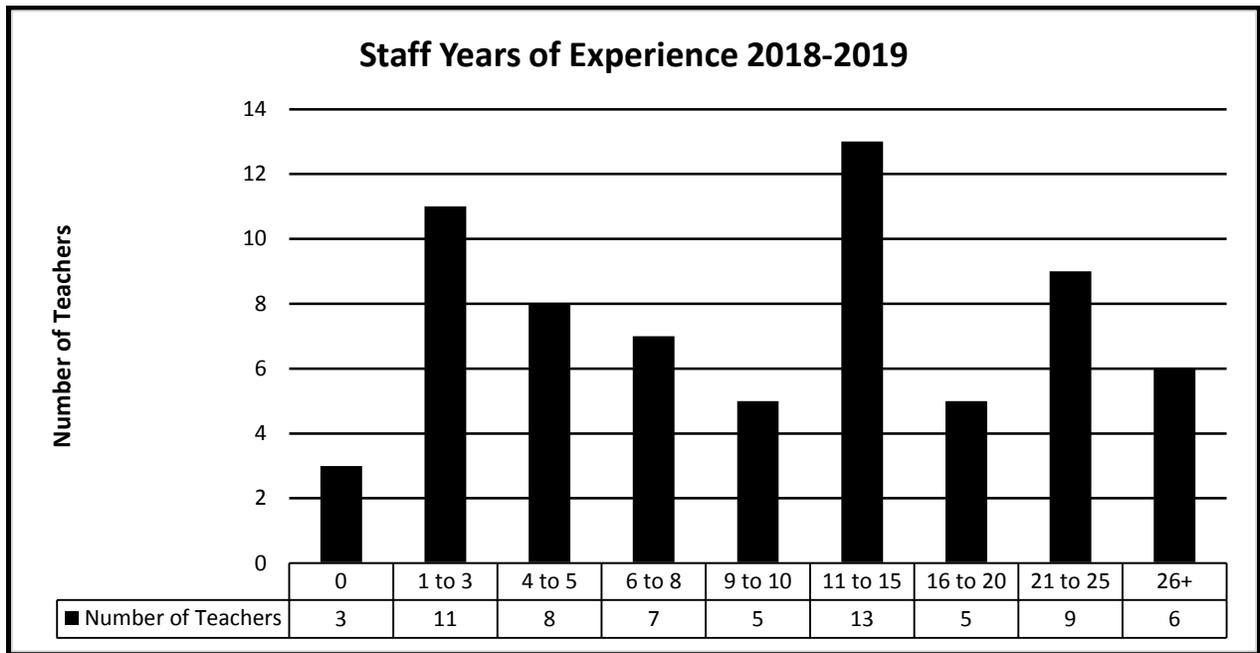

Our school website provides an extensive source of information for students, parents, and the community. Information is included regarding current school announcements, special recognitions, school newsletters, PTA and SIC information, school calendar, and a link to our Facebook/Instagram pages.

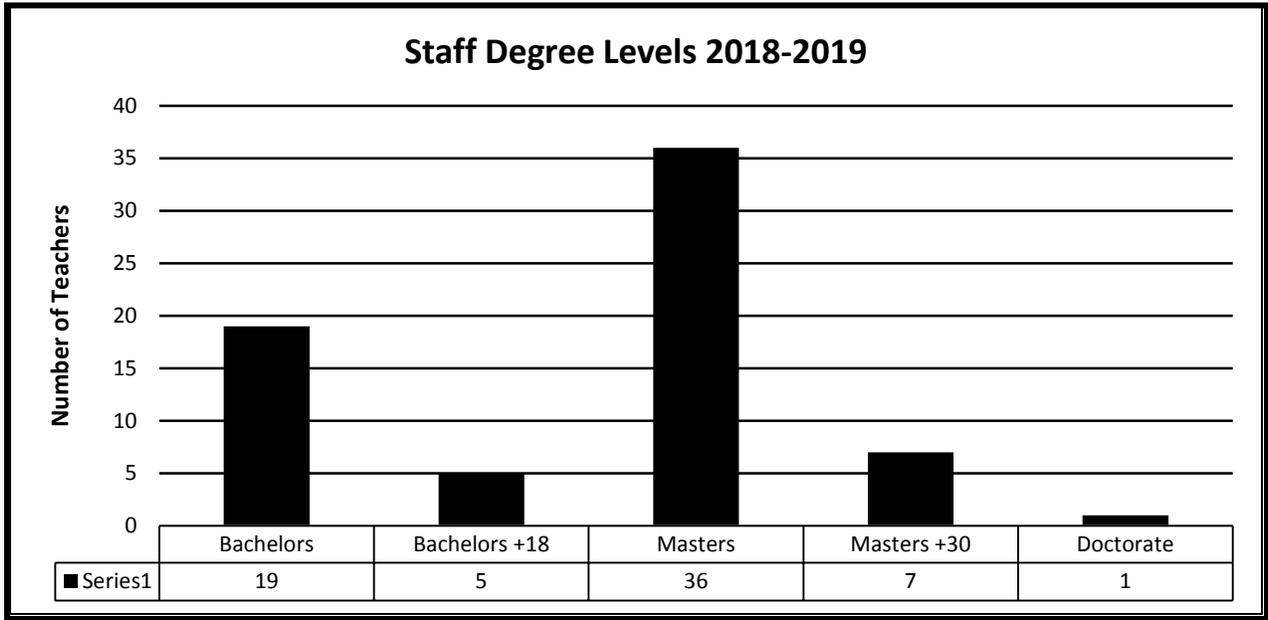

Active community involvement and strong parental support are essential to our school's mission of providing students with "strong character who are college and career ready, responsible citizens, and lifelong learners." Local retail stores provide financial support. Community speakers and school staff present "Lunch and Learn" parenting workshops through our guidance department. Workshop topics include study skills, learning disabilities, social and emotion wellness, middle school registration, and testing programs. Through Junior Achievement, local business partners provide students an understanding of our world through consumer awareness. We are fortunate to work alongside a supportive community to benefit our school.

In conclusion, our students benefit from a nurturing environment which addresses their social and emotional needs while encouraging them to take an active part in a variety of school activities. Each year a school-wide theme promotes cohesiveness within our school family. This theme is woven into curricular experiences, visuals throughout the building, and school-wide events. A “Make A Positive Connection” motif accented the school environment throughout this year in order to encourage students, families, and staff. This year our staff participated in a school-wide book study which focused on positivity and productivity. Monthly activities encouraged students and staff to make positive connections through personal notes, team building activities, and individual nominations for recognition.

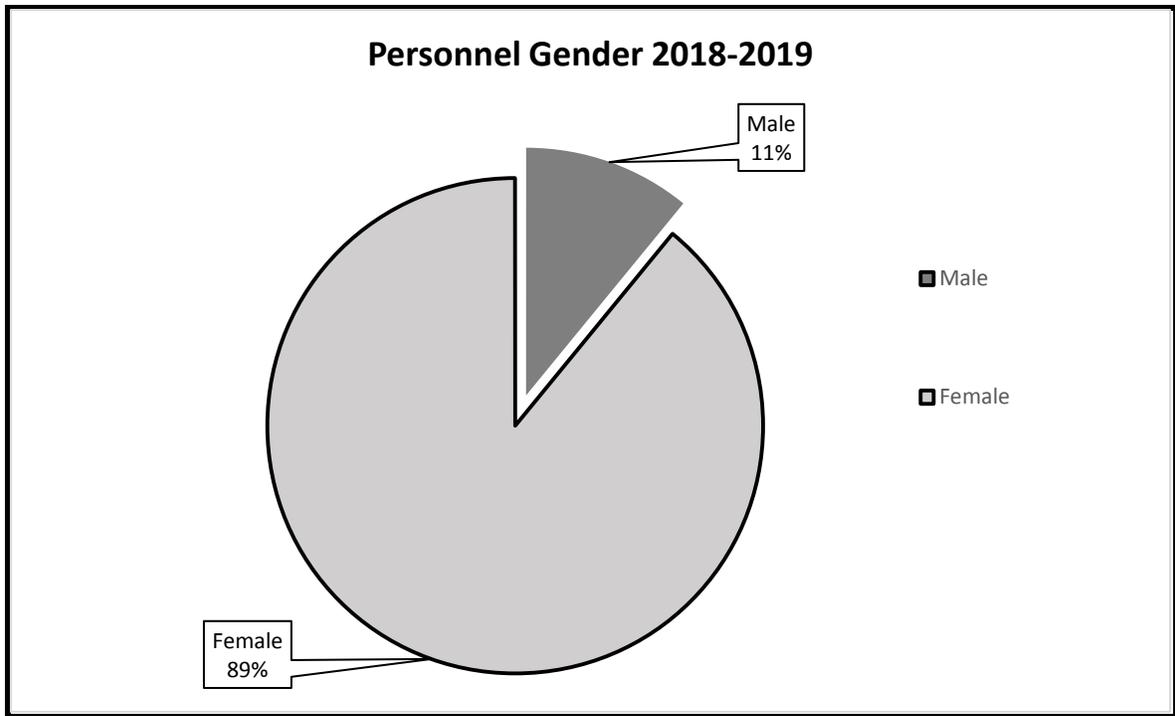

**Personnel Data**

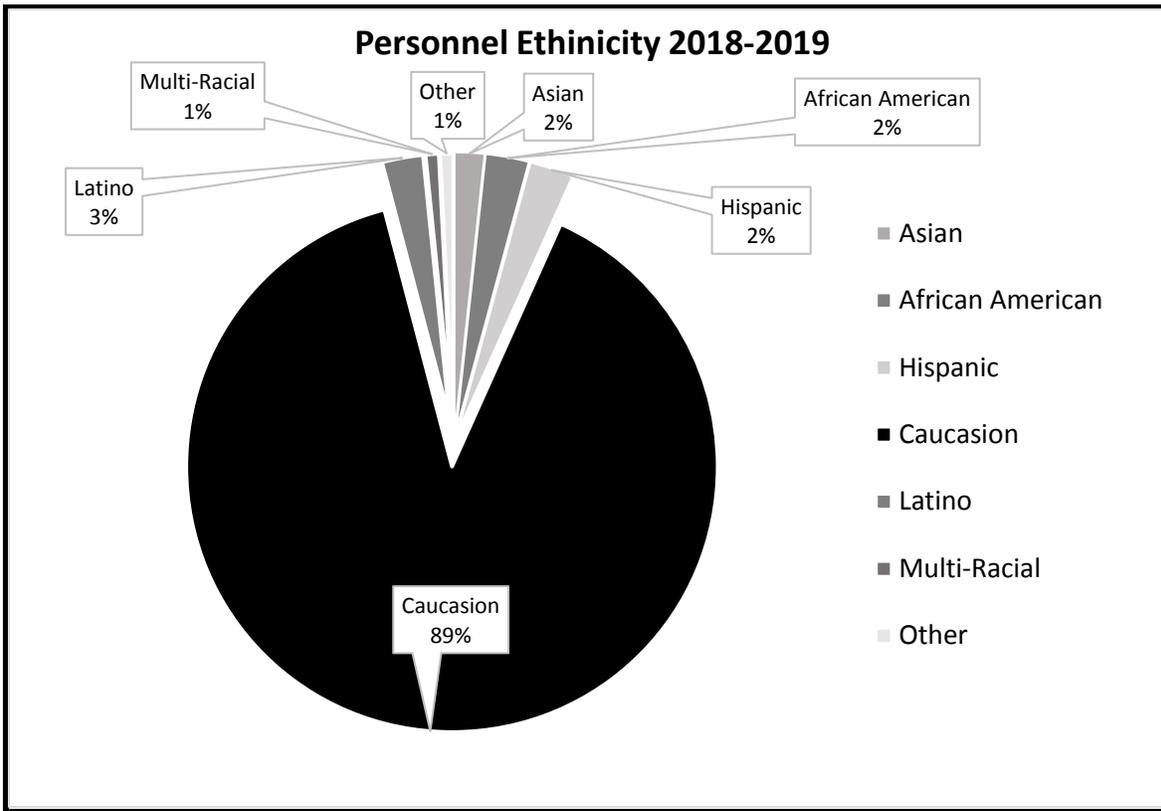

The administrative staff of Oakview Elementary consists of one principal, one assistant principal, and one administrative assistant. The teaching staff consists of 63 certified regular and special education teachers. Instructional support staff at Oakview includes two full time special education resource teachers, one preschool special education teacher, two self-contained multicategorical special education teachers, 1.8 speech teachers, two guidance counselors, 1.6 gifted education teachers, a part-time ELL teacher, a literacy specialist, one part time reading interventionist, a technology integration specialist, one part time technology assistant, one school-based occupational therapist, one STEM lab instructor, one instructional coach, one media specialist, and one media. Oakview has 2 related arts teacher teams (art, music, and physical education). With the exception of 1 male Physical Education teacher, 2 male classroom teachers, and 1 male teaching assistant, all of the teaching staff are females. Fifty-seven percent of the teachers have earned master’s degrees or higher teaching certificates. Seven teachers have earned National Board Certification. In addition to the instructional support staff, the building level support staff consists of one secretary, one attendance clerk, one office clerk, 1.5 nurses, six kindergarten aides, seven special education aides, one plant engineer, six housekeeping staff, eight food service staff members, and ten extended day program employees.

The majority of the teachers at Oakview are veteran teachers. Some turnover at the school does occur, but the stability of teachers has been one of the school’s strong points. For the year 2017-2018, 83.0% were returning teachers, down from 83.9% the previous year. In 2017-2018, the teacher attendance rate was 92.4%.

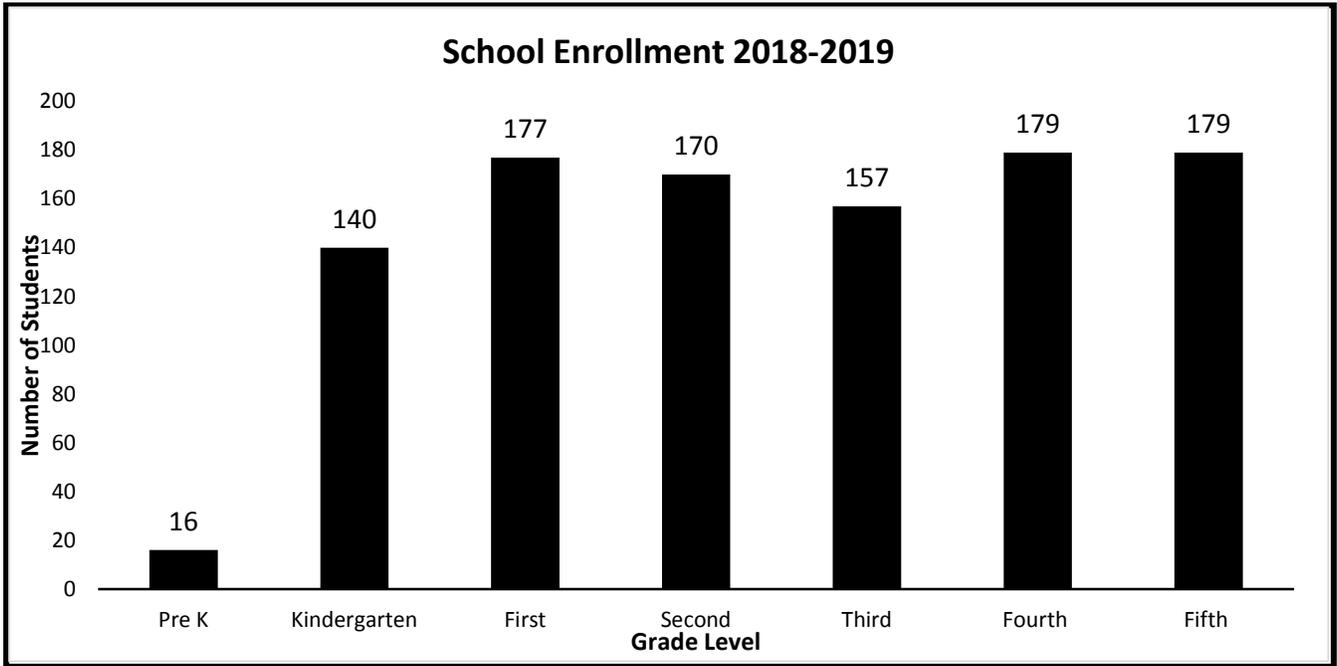

The Oakview administration is working closely with district recruiting staff to identify candidates of diversity. Candidates of diversity are being considered for all open positions for the 2019-2020 school year and beyond.

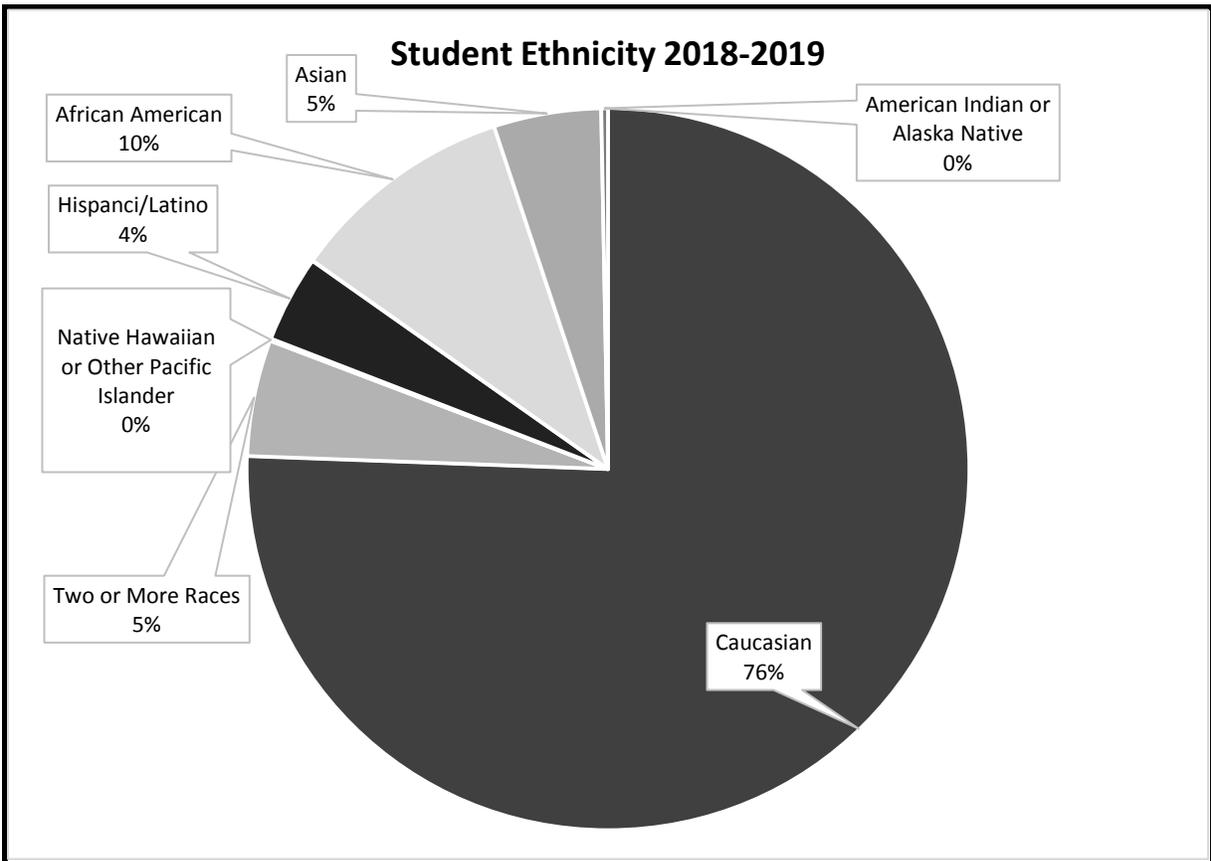

Teacher Attendance Over Time	
2018-2019	96.2%
2017-2018	92.4%
2016-2017	92.9%

### Population Data 2018-2019

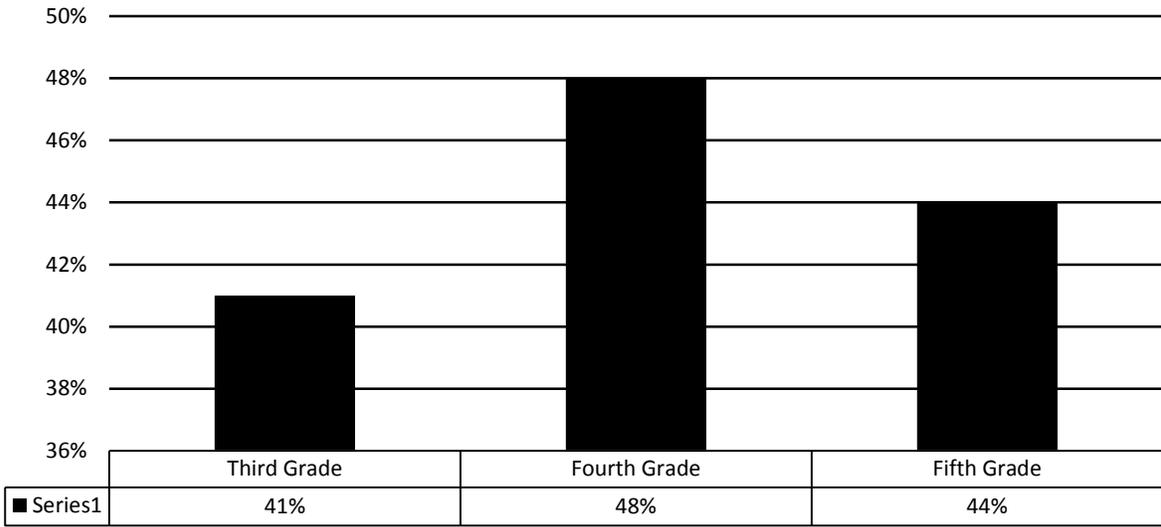

During 2018-2019, school year, Oakview’s student body was composed of 75.5% Caucasian, 10.1% African American, and 4.8% Asian students. In addition, 3.9% of the population is Hispanic/Latino, while 5.2% are two or more races. Finally, a total of 0.3% are considered to be American Indian or Alaskan Native and 0.1% is Native Hawaiian or other Pacific Islander. Oakview has students who were born in many countries around the world: Canada, Spain, China, Ethiopia, Romania, Mexico, Poland, Germany, France, Japan, India, Brazil, Turkey, Austria, Taiwan, South Africa, Lithuania, Iraq and United States including Puerto Rico. The 2017-2018 retention rate was 1.5%.

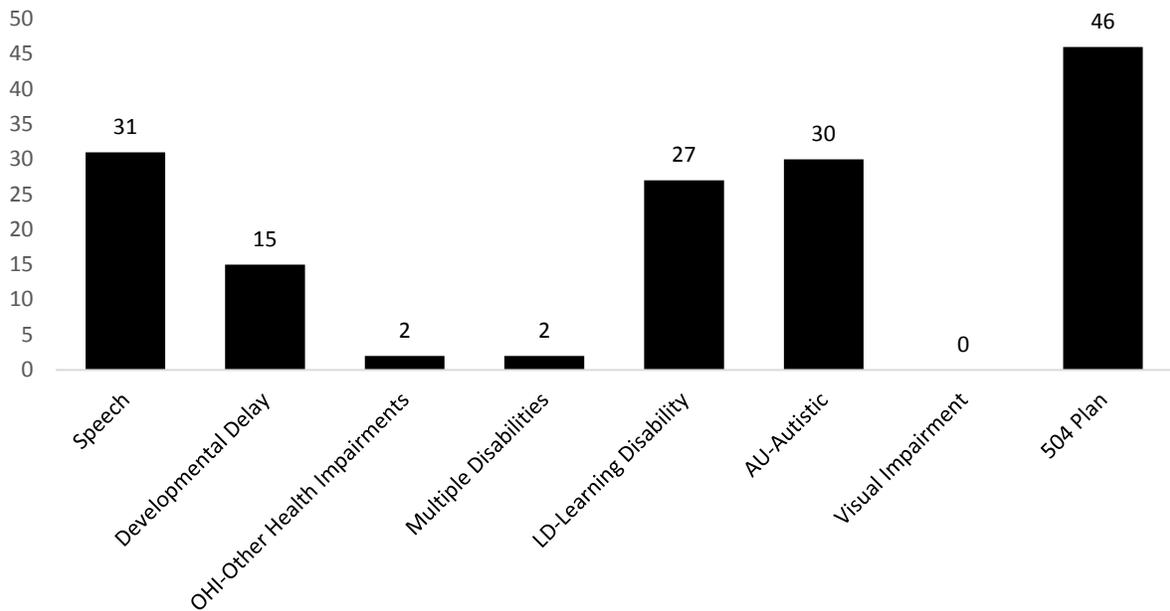

Student Attendance	
2018-2019	97.0%

### Special Education Placement Over Time 2016-2019

### **Academic and Behavioral Features/Programs/Initiatives**

The core curriculum provides rigorous learning activities in the areas of reading, math, science, and social studies. Essential learning is facilitated through the use of the South Carolina State Standards and correlating support documents, district-developed units of study, and supportive instructional materials. Students attend classes in the media center and computer labs, where research and technology skills are reinforced.

Early identification and intervention of struggling students are critical components of student success. At the first sign of a struggling student, teachers intervene and develop strategies to assist the student. Intervention may include a change in delivery method to meet the student’s learning style or additional remediation activities.

### ***-Intervention***

FastBridge benchmark reading fluency tests are administered to all kindergarten and first grade students, and select second grade students at the beginning of the school year for identification of those students who may be “at risk” for reading achievement. The fall kindergarten benchmark test screens for fluency in the areas of letter identification, letter sound identification, onset sounds, and concepts of print. The fall first grade test screens for fluency in the following areas: word segmentation, nonsense words, sight words, and sentence reading. The fall second grade test screens for fluency within several CBMReading passages. “At risk” students receive research based intervention and reading assistance five days per week in a small group setting.

The Early Reading Intervention (ERI) program, a research based tier II intervention program, is implemented to all “at risk” kindergarten students. Leveled Literacy Intervention (*LLI*), a research based tier II intervention program, is used to provide intense and targeted intervention for first, second, and some third grade students determined to be “at-risk”. Classroom data and fall FastBridge benchmarking data are used to determine where students enter reading intervention. All “at risk” students are progress monitored every two weeks using the FastBridge assessment system. In addition, students in reading intervention are progress monitored using full reading records every other day in LLI. When students consistently meet their target goals, they are dismissed from the reading intervention program.

Mid-year benchmark tests are administered to all kindergarten and first grade students, and select second grade students in January. The kindergarten test measures fluency in letter sounds, word segmentation, nonsense words, and onset sounds. The first grade test measures fluency in sight words, word segmenting, nonsense words, and oral passage reading fluency. The second grade test measures oral reading fluency with CBMReading passages. Students who are identified as “at risk” at this time begin receiving reading assistance with either the school’s literacy specialist or reading interventionist. These students continue to be progress monitored in the program until they meet their goals.

In May, all kindergarten and first grade students, and select second grade students are evaluated again using the end of year benchmark goals for the fluency measures. Kindergarten students are measured using word segmentation, nonsense words, sight words, and letter sound assessments. First graders are assessed on oral reading passages to determine a per minute fluency rate in addition to sight words, word segmenting, and nonsense words. Second grade students are assessed using a collection of CBMReading passages for oral fluency. This final information is used to help identify any students who may need additional reading assistance the following year.

Three times each year, Oakview’s administrators, literacy specialist, reading interventionist, and instructional coach, meet to review the progress of “at risk” students, as well as the benchmark data for each grade level. Decisions to dismiss students from the intervention program or to add students are made based on the benchmark data and teacher recommendations.

On Track, another intervention component, is a data-inquiry process where school staff track the well-being of students using the Early Warning Indicators. This system analyzes three student factors: attendance, behavior, and grades. The team then determines how to support student success in the most effective way. During an On Track meeting, staff members use qualitative and quantitative data to make decisions for the well-being of the student. The team identifies Tier 1, Tier 2 and Tier 3 levels of support, as well as the intervention manager. The intervention manager then finds resources and supports for the student. Some students may be referred to the Assistance Team process if a disability is suspected or to check for 504 eligibilities.

The Assistance Team is a teacher-based team that works collaboratively with school personnel to assist students experiencing academic and/or behavioral difficulties. The A-Team consists of the student’s classroom teacher, the student’s parents, a school administrator, the school psychologist, any other pertinent school personnel, and the Assistance Team Coordinator.

An assistant principal serves as the Assistance Team Coordinator and works alongside the literacy specialist and reading interventionist to provide intervention strategies for the classroom teacher to use in helping students who are struggling. These strategies may include changes in teaching methods, consultation with community resources, or additional assessments. Interventions may increase student performance and the effectiveness of the interventions is based on data collected. If further help is needed the student may be referred by the Assistance Team for a psycho-educational evaluation.

### *-Gifted and Talented Education*

Students who demonstrate higher skills or aptitude need opportunities to grow and accelerate their learning. Challenge, the gifted and talented program, is designed to meet the needs of academically gifted and talented students. In order to qualify for the program, students must meet the state criteria in aptitude, achievement, and academic performance.

This pull-out enrichment program encourages inquiry, flexibility, creativity, and critical thinking. Third grade students attend Challenge for 205 minutes each week. Fourth and fifth grade students attend for 320 minutes each

week. In November of each year, the State Department of Education provides testing for students in grade two to determine their eligibility for Gifted and Talented Programs. The Iowa Test of Basic Skills, an achievement test, and The Cognitive Abilities Test (CogAT), an aptitude test, are administered. As soon as results are available in mid-January, parents are notified of their child's performance on these tests.

Beginning in grade three, students who meet the state criteria may be placed in the academically gifted and talented program. This program is called "Challenge" in Greenville County. At the elementary level, Challenge is a pull-out program.

Each school receives a Challenge teacher based upon the number of qualified students in that school. Oakview currently has one full time Challenge teacher and one part-time Challenge teacher.

Students may qualify automatically with an extremely high aptitude or IQ score at 96th percentile or higher for their age group. If students do not qualify solely on aptitude, this process will be used for screening:

#### In Dimension A - Reasoning Abilities

Students must demonstrate high aptitude (93rd national age percentile or above) in one or more of these areas: verbal, nonverbal, quantitative and/or a composite of the three.

#### In Dimension B - Academic Achievement

Students must demonstrate high achievement (94th national percentile and above or advanced status) in reading and/or math as measured by a nationally normed or South Carolina statewide assessment instruments.

#### In Dimension C - Intellectual/Academic Performance

Students must demonstrate a high degree of interest in and commitment to academic and/or intellectual pursuits, or demonstrate intellectual characteristics such as curiosity/inquiry, reflection, persistence/tenacity in the face of challenge and creative, productive thinking. Rising third, fourth, fifth, and sixth grade students may be eligible to take the Performance Task Test in March if they have already met the criteria in Dimension A or Dimension B. Students must meet the criteria in two of these three dimensions to participate in the Gifted and Talented Program. Private testing results are not accepted for placing students in the Challenge program.

#### *-Literacy Instruction*

Oakview has always had a strong emphasis on literacy. In 2011-2012, the district began using the Fountas and Pinnell balanced literacy model with eleven pilot schools. While Oakview was not a pilot school, the faculty decided to begin a gradual implementation on its own. With the assistance of PTA, Oakview purchased a leveled bookroom of guided reading materials for students in kindergarten through fifth grade. Training and implementation began taking place with first and second grades in late fall 2011. Professional Development began in the spring of 2012, for all kindergarten teachers. Kindergarten teachers joined first and second grades in implementation of balanced literacy in the fall of 2012. Full implementation of the balanced literacy program began in the 2013-2014 school year. All teachers, in all elementary schools, in all grade levels throughout the School District of Greenville County, are implementing the balanced literacy model.

A Balanced Literacy Model is used to provide instruction in reading and writing through the components of: guided reading, independent reading, reading conferencing, independent literacy work, guided writing, independent writing, and writing conferencing. In addition to these components, students are exposed to targeted language and word study instruction through interactive read-aloud, shared reading, phonics and word study, community writing, and handwriting. Approximately two hours of instruction is allocated to the Balanced Literacy model each day. The Leveled Library, along with many other literacy materials, is used to support the curriculum and the development of strategic readers. Teachers benchmark students in the fall to

determine their instructional and independent reading levels. Groups are then formed to provide small group guided reading instruction focused on each student's level. Students are encouraged to select books within their range.

The school's literacy mentors completed the full two-year training—TAKE THIS OUT. Last summer, the literacy leadership team met and discussed the next steps for the 2018-2019 school year. Professional development initiatives this year focused on tailored support dependent on grade level teams' needs. Grade levels have worked on unit planning for reading workshop, developed deeper level questioning for interactive read-alouds, and used data to drive word study instruction. Kindergarten and first grade were provided Fountas and Pinnell Word Study Kits by the school district and began implementing explicit word study instruction in the 2018-2019 school year.

Oakview has a strong volunteer reading program. These volunteers work one-on-one with students who may need a little extra boost in reading and self-confidence. During the 2018-2019 school year, fifty-nine students worked with a reading tutor. The volunteers are trained by Oakview's instructional coach and literacy specialist. Volunteers are made up of parents, community members, bank employees, grandparents, and retired teachers.

The school has worked to build a strong home-school connection to support literacy instruction. The school's literacy specialist delivered a "Parent Reading Workshop" to parents of kindergarten and first grade students. The workshop was taken to one of the neighboring apartment complexes where a large portion of the school's minority students live. During the workshop, families received specific and targeted strategies for improving reading and writing achievement at home which is supplemental to Oakview's strong classroom literacy instruction. This workshop is also part of our outreach program that is taken out into local neighborhoods. Our Community Oakview Outreach (CO2) brings information to families who may not be able to take part in the traditional school setting.

### *-Writing Instruction*

Writing is integrated throughout other subject areas. The writing process is used to guide students from brainstorming to a published piece. Student work is published in many ways through individual or student created books, class displays, school-wide writing projects, and as a part of local and state contests. Three times a year students respond to district writing prompts that focus on specific types of writing - opinion, narrative, and informational.

### *-Math Instruction*

Our mathematics program is academically challenging. It is active, relevant, and integrated with other curriculum areas. Teachers have received training in Everyday Counts Calendar Math, which provides lessons and activities to preview, review, practice, and discuss critical math concepts and skills. The Go Math Mathematics series is used in all grades to support the curriculum. Approximately one hour is scheduled for math each day. Students capitalize on previously learned knowledge, focusing on building number sense, basic numeric operations, algebraic concepts, geometric patterns and relationships, measurement, logical reasoning, probability, and statistics. Our instruction emphasizes problem-solving and hands-on strategies, which allow students the opportunity to make connections between classroom learning and real-life experiences. Daily Oral Math and Core Bites are warm-up activities used to spiral the curriculum. Hands-On Equations are used with our gifted and talented students as an introduction to algebra.

Oakview, along with all the schools in the district, work diligently to teach all of the standards using a variety of resources and strategies to increase higher order thinking skills. Oakview teachers use Think Central online software to enhance math in the classroom and provide additional resources for students at school and at home. Teachers also use a variety of online resources to supplement and enhance instruction, such as Front Row,

Khan Academy, Prodigy, and IXL. Students who need additional math practice may participate in the morning W.I.N. Club. Teachers continuously participate in professional development within and outside of the district to improve and enhance classroom instruction. The digital program IXL math and ELA will be available for teachers to enhance math instruction in the 2019-2020 school year.

In an effort to meet the needs of individual students who enter school with a variety of educational experiences, many Oakview teachers have taken steps to introduce guided math instruction. Guided math provides opportunity for teachers to level math instruction based on performance levels. Additionally, this approach helps to decrease the size of the teaching group which has traditionally led to increased student performance. Our goal in the 2019-2020 school year is to use model classrooms currently implementing guided math as a learning lab in an effort to increase understanding among other teachers about how the model works and how it can be used to better meet the needs of students. Our goal is to implement guided math instruction in all grade levels in the coming years.

Oakview has experienced great success in math times. For the past three years, our students have increased their performance levels by a continuous three percent. Currently, 82.4% of the third, fourth, and fifth graders at Oakview Elementary meet or exceed in mathematics on SCReady state assessment.

### *-Social Studies Instruction*

Oakview Elementary's Social Studies curriculum is based on the 2011 South Carolina Social Studies Standards. Teachers include special instructional days to help students connect to their learning. Third grade produces a South Carolina play, and fourth grade teachers host a Native American Day while also producing a play about the 13 colonies. Fifth graders celebrate American culture through Western Expansion Day and Roaring 20s Day. Teachers throughout the school take field trips to enhance the Social Studies curriculum including the third grade trip to The South Carolina Statehouse and State Museum, the fourth grade trip to King's Mountain to study about the Revolutionary War Battle, and the kindergarten trip to a local grocery store and the fire station to learn about community helpers. In addition to outside field trips, students enjoy social studies based virtual field trips in our virtual lab through collaboration with district approved partnerships. Trips to Ellis Island, Wall Street, and a large working farm have been enjoyed by students without ever leaving the Oakview school building!

### *-Science Instruction*

Oakview Elementary's science curriculum is based on both the National Science Education Standards and the South Carolina Science Education Standards. The School District of Greenville County helps teachers address the science standards by providing supplies through an inquiry based science kit program for three of the four grade level units.

The school's STEM Lab extends classroom instruction through weekly lessons for third through fifth grade students. Kindergarten, first, and second grade students are seen quarterly. STEM Lab instruction focuses on integrating and enriching grade level standards and engineering processes through inquiry based instruction and STEM projects. Teamwork and collaboration are developed through real-world, career-based problem solving activities. Examples include, fifth graders designing and creating paper roller coasters, fourth grade students exploring the environment by creating and using student-designed solar ovens, and third graders designing solutions to erosion and landslide problems. Students' understanding of science concepts are further developed through activities in the award-winning butterfly garden, nature trail, and new vegetable garden. Classroom teachers also use these environments to further extend their yearly environmental units beyond the kits and textbooks.

On alternating years, "STEM FEST" and "Outdoor Day" are offered to involve the community, families, and students in enriching science activities at the school. In the spring of 2019, parents, teachers and children worked and explored together in classrooms during a STEM break out night which included scientific,

mathematical, and/or technology related activities. The cafeteria was filled with local businesses who shared their use of science and technology, and the gym showcased students' Science Fair projects while the STEM Lab demonstrated the use of our new 3D printers. Last spring, students were excited to participate in Fossil Fun Day. This was an amazing event with huge fossil piles for students to dig through and take home, speakers from our local area who shared their knowledge of fossils, soil, and dinosaurs, and lots of hands-on experiences in every classroom. Oakview parents, students, and teachers are proud of the science opportunities provided every day and throughout the year.

### *-Environmental Education*

Oakview has been recognized often for our comprehensive environmental programs. Since 2011, Oakview has been recognized as one of only 26 schools in South Carolina to be certified as a South Carolina Green Steps School. To receive this certification, Oakview must have at least 1 sustained project in each of 3 areas: Conserve, Protect, and Restore. Currently, Oakview has eight on-going, sustained projects across these three categories, including a butterfly garden, digital nature trail, raised bed vegetable garden, school-wide composting program, participation in the Breathe Better program to reduce idling, and increasing our environment through fifth grade tree plantings. Due to the number and quality of our environmental outreach programs, Oakview has won many state awards: 2018 South Carolina Green Steps Restore School of the Year and 2012 South Carolina Green Steps School of the Year Award.

One of the largest Green Steps initiatives is our school-wide recycling program. Oakview recycles classroom paper and cardboard, plastic bottles, aluminum cans, crayons, eye glasses, markers (all types), printer cartridges, packing materials, six-pack plastic rings, cell phones, and other electronics. Each year during America Recycles Week in November, students also recycle gently used shoes. These shoes are sent to a national charity, World Wear Project, that sells the shoes for a discounted price and then uses the funds raised to help build wells in Africa so communities have safe drinking water. Also, in partnership with our local fire department, Oakview donates the proceeds from the recycled aluminum cans to the South Carolina Firefighters' Aluminum Cans for Burned Children program. Oakview has raised over \$26,000 for burn victims over the last 22 years. Finally, during lunch, students compost food waste, participate in reducing the volume of trash by "tapping" and "stacking" their Styrofoam trays and pouring out liquid waste in special cans, and recycling their paper scraps and milk cartons. Students take pride in making wise choices that benefit the environment. This emphasis on the importance of recycling across the school has brought several awards and grants to Oakview. In 2005-2006, Oakview received the South Carolina Recycling School of the Year award. This was the third time that Oakview had received this honor. In 2007-2008, Oakview received an honorable mention from the DHEC Champions of the Environment award for our rainwater garden irrigation system, and in 2016 we received the South Carolina Department of Health and Environmental Control's Rising Star Recycling Award. Our Environmental Engineers and Art clubs received a \$500 grant in the spring of 2015 to create a recycled art mural (made using recycled materials such as bottle caps, juice tabs, and broken CDs) which now proudly hangs outside of the STEM Lab. This mural came from a natural extension of our busy recycling program.

### *-School Counseling*

Using a comprehensive developmental counseling program, Oakview's school counselors work as a team with teachers, students, parents, and community to create an atmosphere where children's social/ emotional and behavioral/ academic needs are recognized. These needs are targeted through classroom lessons, small groups, and individual counseling.

Having a common language throughout the school helps to create a positive and consistent school environment. For the 2017-2018 school year, our focus was *Kindness Matters*. Kindness was emphasized throughout the school in a variety of ways. The school counselors addressed kindness in monthly classroom counseling visits

through connecting kindness with other important character traits. Kindness was also promoted daily on the morning news show through student shout-outs and a kindness quote for the day. Some classrooms incorporated their own kindness incentives to help create a culture conducive to kindness. As a final culmination to our focus on kindness, all students and faculty painted their own rock to display in a school-wide kindness rock garden. Social and Emotional Learning has been the focus of the 2018 – 2019 school year. Our areas of focus are Self-Awareness, Self-Management, Social Awareness, Relationship Skills, and Responsible Decision Making. Social Emotional Learning has become a priority in all areas of Oakview and the SEL Program components are promoted daily throughout our building. The skills taught through the classroom lessons are also connected to post high school education and careers.

The school counseling department also sponsors and assists with different activities and programs, such as “Fill-a-Backpack” - a program that helps gather school supplies for students, and “Backpack Blessings” - a program that gives children food to take home for the weekends. School Counselors also help fifth grade students transition into the middle school years by organizing tours of the middle schools and assisting with middle school registration. School counselors provide consultation with teachers, administrators, school psychologists, school social workers, and outside agencies concerning the welfare of the students.

### *-Students with Special Needs*

Special needs students are served by a variety of district and local school programs. Oakview Elementary houses speech classes, preschool special education, two multicategorical self-contained classes, and two special education resource classes. Students are also served on a weekly and bi-weekly basis through occupational therapy and physical therapy services. The appropriate regular education teachers are trained by the special education teachers concerning each child, their disability, and their IEP. A variety of in-services are held for regular education teachers and parents regarding disabilities, strategies to use in the class and at home, in-services on ADHD, homework strategies, and question and answer sessions. Teachers are trained to provide accommodations within the classroom for students who require additional assistance.

### *-Technology*

Since Oakview opened in 1995, the administration, faculty and parents have set as a high priority the technology program of the school. From the earliest SACS documents and ACT 135 plans, technology was a recurring theme for school improvement. Through the joint efforts with the PTA, much has been accomplished to establish a firm foundation in technology applications at Oakview.

The first computer cart with thirty wireless laptop computers was added during the 2006-2007 school year. Additional carts were added during the 2007-2008 and the 2016-2017 school years with the district refresh cycle. Oakview offers in-service hours in technology training for its teachers every year. Workshops have included, ActiveInspire, teacher web pages, Virtual Reality cart, ipads in the classroom, ActivTable, Google, Video on Demand, Discovery Ed, and other new software applications. Each year, all classroom teachers are trained in the electronic gradebook, PowerTeacher. This program is used across the district and state of South Carolina. Training is offered each fall for new and current teachers to set up the gradebook for the coming year. The school web page, maintained by the technology specialist, is an ongoing project. All teachers have their personal web pages linked to the school’s page.

Greenville County Schools upgraded our computer wiring with the installation of fiber lines throughout the building. Oakview updated its wireless infrastructure to include access points in every other classroom. The district refresh technology program added Wi-Fi in every classroom.

Every teacher at Oakview has an interactive whiteboard for classroom instruction. The purchase of these boards was made possible by Oakview’s PTA, Palmetto Gold Award money and matching funds from The School

District of Greenville County. Teachers are given time to create and plan with grade level teachers using standards based interactive lessons for use in the classroom. Students are active participants as instruction is enhanced and integrated with technology using these interactive whiteboards.

All teachers implement curriculum-based units infused with technology in addition to technology based assignments throughout the year. Teachers and students use Chromebooks, iPads, virtual reality, and virtual field trips during the school year to enhance and reteach as needed.

Oakview continues to expand technology use through a variety of initiatives and devices. Oakview has three interactive tables. These touch screen tables allow students to work collaboratively on various problem-solving programs or independently using headphones and USB ports. Oakview now has over 200 iPads and student laptops in our building. Grades K-2 have six iPads and six student laptops per classroom allowing for small group instruction and station work. Additional iPads are available in the media center for whole group instruction or projects. Oakview has a permanent Distance Learning Lab. The high definition flat screen with integrated equipment supports the school's efforts to collaborate with others outside the school. The science lab screen allows space for additional distance learning field trips as well as possible science teaching capabilities with other schools in the future. Through video conferencing, the school has taken virtual field trips to places such as London, Australia, Texas, Florida, Canada, and to museums and special science centers around the U.S.

Oakview's personalized learning device initiative began in the 2018-2019 school year. Each student in 3rd through 5th grade received a personalized learning device in the form of a Dell Chromebook. Students are provided lessons in digital citizenship and internet safety. Twenty-first century skills are embedded in classroom curriculum lessons. Students work collaboratively in an engaging and challenging environment that will prepare them for the future. Teachers create a student-centered environment that encourages innovation and creativity. Staff members are provided continual support and professional development to support the personalized learning device initiative.

### *-Media Center*

The media center houses a collection of 15202 titles. Our annual circulation for 2018-2019 (August –March) was 35,984. The media center provides a strong literacy program that encourages reading and teaching of information skills. Oakview has a large collection of books available for checkout with 13.6 per student. Students are encouraged to visit the media center at any time to exchange books. Students and parents can search the card catalog using the internet based Destiny system. Reference resources, book suggestions, South Carolina Book Award program information, and sites for authors are all available through the Oakview media center web-site.

The media center offers numerous reading incentive programs such as Real Men Read, Caldecott Awards, and the South Carolina Children's and Picture Book Award programs. The media center sponsors two book fairs a year and at least one author/illustrator visit. Author and Illustrator, Julie Olson, visited during the 2019 school year.

To develop effective communication skills, rising fifth grade students audition for the Oakview News Crew. The media specialist sponsors the broadcast team. The Scholastic Book Fair is held in the fall and spring.

### *-Music Education*

The music program at Oakview is a comprehensive sequential program from kindergarten to fifth grade. It is based on the National Standards for Music Education set forth by the National Association of Music Education. Each class receives 45 minutes of instruction per week, with kindergarten receiving 40 minutes of instruction. The program covers all aspects of music education including singing, playing instruments, music

literacy, arranging, composing, movement, listening, identifying styles and cultures, and performance opportunities. The program develops individual musicianship and aims to foster an understanding and appreciation of music in our community and around the world. Many students elect to take chorus, band, or strings in middle school due to these experiences in Oakview's elementary music classrooms.

Oakview's music teachers collaborate with classroom teachers to integrate classroom content while preparing music for the kindergarten Thanksgiving play, the second grade Mother's Day Program, third grade "From the Mountains to the Sea" play about South Carolina history, and the fourth grade "Thirteen Colonies" play. The music program integrates fifth grade social studies concepts as students' study jazz music. Fourth grade students combine science and music concepts while working with an artist in residence to create digital instruments using Makey Makey circuit boards and recycled materials. All students participate in international music studies as songs and dances from other countries are explored. Percussion instruments are studied and played as the various countries are emphasized.

The Greenville Symphony Orchestra has its members visit, present to, and perform for district elementary schools as part of their EdReach program. Oakview has hosted a string quartet, percussionists, and numerous other musicians through this program. Fourth and fifth grade students study recorder as a part of the program. Recorders are wind instruments that give students experience in reading music. Students have the opportunity to purchase a recorder and learn to play. Many students elect to play in the band in the sixth grade due to their experience with recorders.

In addition, fourth and fifth grade students study dulcimers and folk music as a part of the music program. They also do a West African Drumming Unit with djembes, shekeres, and gankogui and other African instruments. Students play these instruments as an ensemble, and learn songs and dances from the West African cultures. Students learn to play ukuleles to introduce them to the string family of instruments.

Fourth and fifth grade students are also given the opportunity to audition for a select chorus. In addition, third through fifth grade students are invited to participate in Uke Krazy, STRUM, Chimes, and DRUM clubs. These performing ensembles meet weekly from 7:30 am to 8:30 am. These students perform at school and in the community during the school year.

Fifth grade chorus students have the opportunity to audition for the annual District Spring Sing performance. Spring Sing is an auditioned group of over 250 elementary students district-wide. Students selected for Spring Sing participate in Saturday rehearsals followed by a rehearsal and performance at the Peace Center with a guest clinician conducting. In the 2018-2019 school year Oakview had seven students participate in the 39th annual Spring Sing.

### *-Art Education*

The visual arts lessons for the students of Oakview Elementary School are based on the South Carolina Visual Arts Curriculum Standards. The content of the standards is based on the National Standards for Arts Education. These standards present what all children should know and be able to do in art. The students are motivated to think, appreciate, design, and create.

The students are introduced to a variety of media, including colored pencils, chalk, oil pastels, watercolor and acrylic paints, and clay. One of our art rooms contains digital electric kiln for firing stoneware clay sculpture in the visual arts area.

The first through fifth grades receive 45 minutes and kindergarten receives 40 minutes of art instruction each week.

The South Carolina Arts in the Curriculum \$10,000 Grant was received to implement International Arts Studies. This grant provided materials and equipment to integrate the International Festival and arts activities for all the students in the arts classes. Several PTA mini-grants have provided books about artists for students to read to integrate language arts and computer applications for involving technology in the art programs, and funds for refurbishing tools and purchasing new equipment.

South Carolina Arts Commission Grants have been given to the arts program to provide the following Artists-in-Residence: Yoshiko Moon, and basket maker Nancy Basket. The PTA also provides for Artist in Residence. A few of the artists who have come to Oakview over the years include Jennifer Amor, quilt maker, who worked with the art students to create two large quilts that hang in the school. Brod Baggert worked with students in the area of writing. He used technology as students worked with him to write new poetry. Yoshiko Moon taught students the art of Japanese calligraphy, origami, sumi painting and about Japanese culture. Yoshiko Moon has made several trips to Oakview. Jim Creal has done two printmaking residencies with students and last year, ceramicist, Shane Bryant created a tile mural with fourth graders. Michael White, an award winning artist, encouraged students to illustrate their own books while sharing interesting information about himself.

Art teachers have participated in the Metropolitan Arts Council's Smart Arts Program. This week-long summer teacher program provides workshops and planning sessions for art integration and collaboration with core subjects. Teachers participating in the program plan a week-long residency session with a local artist who then comes in during the school year to implement the residency. Poets Vera Gomez and Kelly Pheiffer came to Oakview and combined ELA standards with Visual Arts techniques which energized and excited students as they put new ideas onto paper.

Students have also enjoyed the sounds of Legends of West Africa while watching and listening to African drumming techniques and traditional dances. Tim Lowry, storyteller has made books come alive for students as he told stories relating to curriculum. Other artists include Dean Eades and Laura Boosinger.

Each year, third grade Challenge students enjoy a visit from a Warehouse Theatre actor. This week-long class provides an in-depth look at Shakespearean theater which is part of the third grade Challenge curriculum.

Over the years, the art department has participated in activities that benefit the students and their families. One activity was the printing of re-useable grocery bags in connection with a science recycling project "Kick the Bag Habit." Art Clubs have participated in the Roper Mountain Science Center Holiday Lights postcard contest. During the 2011-2012 school year, the Art Club participated in the Festival of Trees. Art Clubs also help with decorations and backdrops for school choral productions.

The Principal selects artwork each year to be framed and hung throughout the school. This permanent art collection represents a variety of grade levels and art media. The art enhances our school environment.

Art Explorers and Art Owls, extracurricular programs, are provided for the students who wish to be involved in more visual arts activities. This club meets in the afternoons for special projects.

### *-Physical Education*

The Oakview Elementary Physical Education Program is comprehensive, educational, and age appropriate. Each class receives 45 minutes of instruction per week, with kindergarten receiving 40 minutes of instruction weekly. The comprehensive program teaches the skills, attitudes, and knowledge needed to develop and maintain a physically active lifestyle. The program has clear expectations for the students to acquire the skills and knowledge of the physically educated individual.

Oakview Elementary uses the South Carolina Standards set forth by the South Carolina Physical Education Framework based on the National Standards. In addition to Physical Education Standards, the Physical Education teachers use the FITNESSGRAM program as a fitness assessment and reporting system for all 5th graders.

The educational program recognizes the unique contribution of physical education to develop physical skills and abilities in a way that contributes to the broader educational goals of a community. The very nature of physical education provides a laboratory of social and personal development of students.

Age appropriate programs are sequential over grades kindergarten thru fifth grade. Programs are tailored for the developmental needs of children of different ages, as well as the different needs of children of the same age. Children bring different experiences, different potentials, and different rates of learning to physical education. An age appropriate program accounts for individual differences through instructional processes. In addition to age appropriate programs held throughout the day for students, Oakview's physical education teachers sponsor various after-school clubs, such as Boy's Track Club, Archery Club, Flag Football Club, Girl's Track Club, and Chess Club. Other events offered and organized by the physical education teachers are two family fun runs, a wellness event, field days, International and South Carolina Walk to School Days, and various artist in residencies.

### *-Health Services*

Oakview Elementary has the services of one full-time and one part-time school nurse. They work together to provide health related assistance to our students and families. They administer medication and First Aid to ill or injured students, consult with parents, staff, and medical personnel regarding student health needs, monitor the accuracy of immunization records, maintain up to date cumulative health records on students, prepares Individual Health Care Plans (IHP) and/or Emergency Action Plans (EAP) for those students identified with Chronic Illnesses and communicate information (one on one) with teachers, participating in 504 and IEP meetings so accommodations can be considered to meet a student's health needs along with the academic needs, perform Vision and Hearing Screening, reports outbreaks of Communicable diseases or injuries to Nurses Supervisor and Principal, Completes UAP (Unlicensed Assistive Personnel) training on medication administration when applicable for Field Trips and when there is no RN at school. UAP Training follows the guidelines established by the LLR Nursing Board in Opinions Established related to School Health, Performs vision and hearing screenings, Enhance employee wellness programs by encouraging participation in preventive screenings, fitness and nutrition/weight loss programs and influenza immunization clinics, engage school in wellness efforts through the Alliance for a Healthier Generation's Healthy Schools Program working with the PE department, and provide reports as required to Medical Health Services.

### *-Resource*

Students needing additional assistance in order to access and make progress in the general education curriculum may qualify for special education services. Special education services are delivered in a variety of models on a continuum ranging from specialized instruction in a special education classroom for a majority of the school day to consultation between a special education and general education teacher to support the student who qualifies. In between those two extremes are multiple combinations of specialized instruction and supports tailored to meet the specific needs of students who qualify. Specialized instruction can be delivered in a separate, special education classroom or within the general education classroom (inclusion model). Specialized instruction and supports help students in their specific areas of academic and functional deficits such as reading, writing, math, or social/emotional. Before students can receive services, it must be determined that a disability is significantly affecting their ability to access and progress in the general education curriculum. This meeting is attended by parents, the school psychologist, the student's classroom teacher, a special education teacher, and an administrator. Once a student qualifies, an I.E.P. (Individualized Education Plan) is generated at a meeting

attended by parents, the student's classroom teacher, a special education teacher, and an administrator. The I.E.P. Plan clearly defines the areas of academic and/or functional need, the way in which services will be delivered, and yearly goals in the deficit areas. I.E.P. plans are monitored quarterly and parents receive an update on progress on specific goals at that time. I.E.P. Plans are reviewed and rewritten annually. Two full time teachers serve qualified students. A group of teachers served on an inclusion committee during the 2016-2017 year. During the 2017-2018 school year, new inclusive practices were implemented throughout the school and successfully continued in the 2018-2019 school year. Additional training is provided yearly for all staff members serving special education students.

### *-English as a Second Language Support*

We implement an array of support services to address students performing above and below grade level. English Language Learners receive support in English language acquisition and content instruction through a pull-out program and collaboration with teachers and other school personnel to assist them with overcoming language barriers. Students scoring below grade level in reading and math on the MAP assessment have the opportunity to participate in a before-school tutoring program.

### *-Speech*

Students are referred for screening by their regular education classroom teacher or parent. If a student fails the screening and parent permission is obtained, a complete speech/language evaluation is administered. If the student qualifies for the program and parental permission is obtained, an I.E.P. is developed and the student is enrolled in therapy. Students participate in the speech program until the students meet their goals or maximum improvement is achieved.

### *-Health Education*

Recently, Oakview has promoted a healthier school climate for students and employees. A team of staff members received training for CATCH (Coordinated Approach to Child Health). Strategies are implemented to support the CATCH program. A Culinary Creations Menu was adopted in the cafeteria and students are encouraged to take advantage of the healthier options. Teachers infuse brain breaks into their daily instruction. The PTA assists in our efforts by encouraging parents to provide healthier food options during class parties and student incentives. As a result, our school has received numerous awards including the Greenville County Safety Award and Greenville County Elementary Healthy School Award.

### *-What I Need (W.I.N) Club*

The W.I.N. (What I Need) Club is a before school tutorial program offered to students scoring Not Met or Approaching on SCReady testing. At minimum, students attend a session per week in the area of greatest need, based on students' SCReady scores or district benchmark data. Students utilize an online program called IXL and/or attend a small group with a teacher. These teachers plan and deliver small group lessons based on student data.

### *-Extended Day Program*

The Extended Day program offers a service to the school community and provides enriching, structured care for children. It is offered to students in all grade levels from 2:30-6:00 on school days. Students are provided homework assistance, recreational activities, snack, arts and crafts, and access to educational technology. Students utilize Compass Learning in reading and math while attending the program in order to impact academic achievement. Special events such as a talent show and outdoor water games are planned throughout the year.

# Mission, Vision, and Beliefs

## Mission

The mission of Oakview Elementary School, in cooperation with our students' homes and the community, is to prepare students with strong character who are college and career ready, responsible citizens, and lifelong learners by:

- Opening opportunities for all students,
- Accepting individual differences,
- Keeping our focus on math, reading, and writing,
- Varying teaching techniques,
- Identifying and addressing each student's strengths/weaknesses,
- Engaging students in learning activities,
- Working collaboratively as a team

## Vision

We envision a school:

- With adequate funding to support the curriculum and instructional needs
- With a positive learning environment that inspires students to achieve to their fullest potential and become productive citizens
- That produces students who think critically, solve problems, reason, and get along with others
- Where students are active participants in a comprehensive academic program
- Where students are provided opportunities to experience and develop skills for technology
- Where collaborative support and communication between home, school, and community is essential for an effective educational program
- With an appreciation and awareness of cultural and ethnic diversity

## Beliefs

The following are statements of fundamental truths which form the foundation of Oakview Elementary School's educational system.

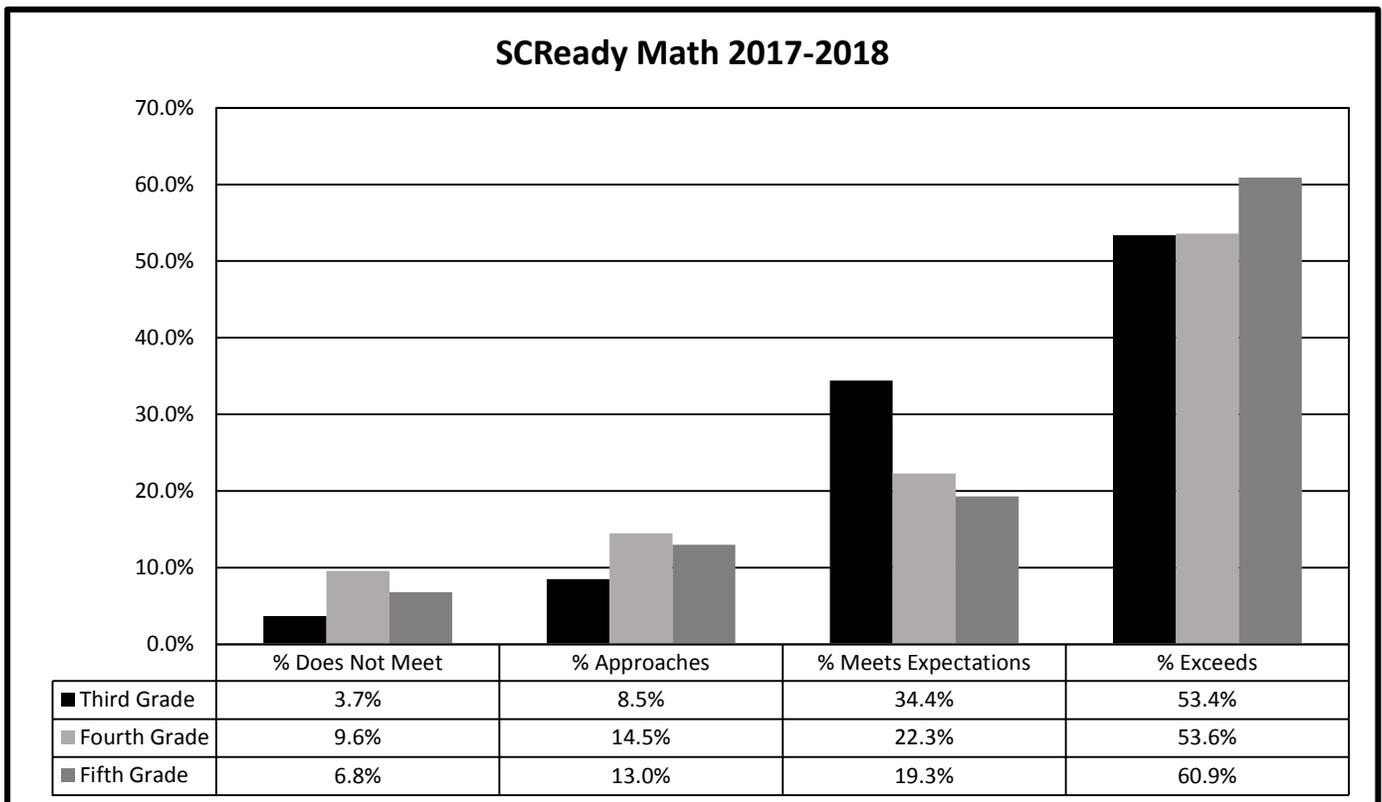

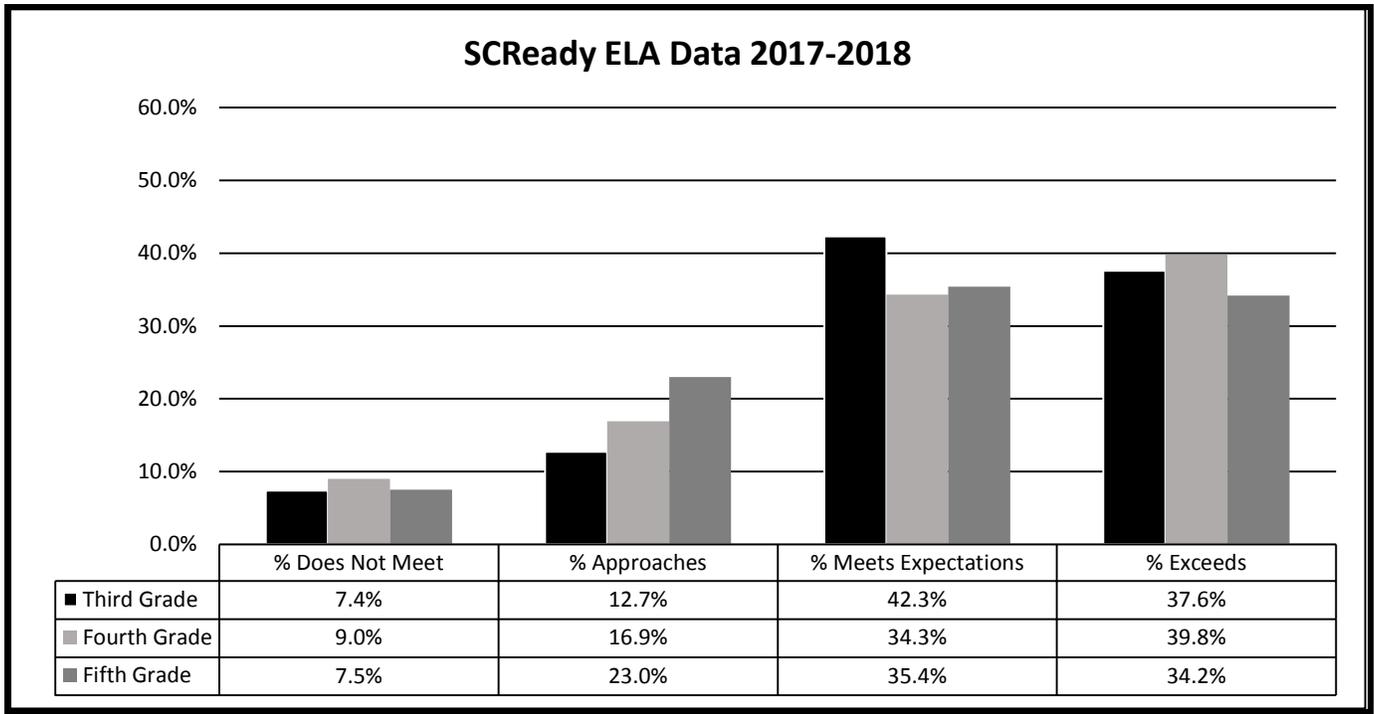

We believe:

- Children learn best in a safe, healthy, and nurturing environment that creates students who are empathetic, respectful, resilient, and act with integrity.
- All students are capable of learning and have the right to the same educational opportunities that evolve and change to reflect the world around them.
- Children will learn to communicate and collaborate effectively, solve problems competently, think critically and creatively, and act responsibly.
- Children will be engaged in a variety of differentiated instructional strategies and experiences for active participation in the learning process.
- Children deserve a highly competent faculty and staff that will develop a culture to meet the needs of students socially, emotionally, and academically.
- Education is a shared responsibility involving students, parents, the school, the community, and the school district.

## School Climate Needs Assessment

### South Carolina Report Card Survey Results:

Our school administers surveys to students, teachers, and parents for the yearly School Report Card. Below is a summary of the results from the most current survey (2017-2018).

<b>School Environment</b>			
<b>Number of Surveys Returned</b>	<b>Teachers*</b>	<b>Students*</b>	<b>Parents*</b>
	<b>39</b>	<b>147</b>	<b>59</b>
Percent satisfied with learning environment	89.7%	94.5%	96.6%
Percent satisfied with social and physical environment	92.3%	90.5%	94.9%
Percent satisfied with home-school relations	100.0%	95.2%	78.0%

<b>School Safety-Parent Input</b>	
<b>Number of Surveys Returned</b>	<b>Parents*</b>
	<b>59</b>
“My child feels safe at school.”	100.0%
“My child’s teachers and school staff prevent or stop bullying at school.”	80.0%

<b>School Safety-Teacher Input</b>	
<b>Number of Surveys Returned</b>	<b>Teachers*</b>
	<b>39</b>
“I feel safe at my school before and after hours.”	100.0%
“The rules for behavior are enforced at my school.”	100.0%

The latest results from the surveys administered in the 2017-2018 school year also validate the effectiveness of the school’s efforts to support student achievement. The survey is limited to fifth grade parents, students, and teachers.

From the parents’, students’ and teachers’ perspectives, the following areas are very positive concerning the learning environment of our school. Even areas that are lower than others are still considered positive.

Parents, students, and teachers all reported high levels of satisfaction in all areas of the survey. After looking closely at the data for 2017-2018, the following statements had lower rates of satisfaction and could be viewed as challenges:

#### Parents

- Percent satisfied with home-school relations

#### Students

- The bathrooms at my school are kept clean.

Based on this data, strategies have been developed to address the areas of concern. The Action Plans that follows includes strategies that will be implemented.

**AdvancEd Climate and Culture Student Survey:**

Our school administers the AdvancEd Survey to students. Below is a summary of the results from the 2017-2018 survey.

<b>Number of Surveys Returned</b>	<b>Students* 84</b>
Percent of students describing their teacher as caring	96%
Percent of students reporting feeling afraid	1%
Percent of students reporting feeling lonely	6%
Percent of students reporting feeling angry	0%

Students reported high levels of satisfaction in all areas of the survey. After looking closely at the data for 2017-2018, the following statements had lower rates of satisfaction and could be viewed as challenges:

**Students**

- Percentage of students feeling lonely

Based on this data, strategies have been developed to address the areas of concern. The Action Plan that follows includes strategies that will be implemented.
