SCHOOL INFORMATION AND REQUIRED SIGNATURES

SCHOOL: Greenville Senior High Academy of Law, Finance, and Business

DISTRICT: Greenville County Schools

SCHOOL RENEWAL PLAN FOR YEARS: 2013-14 through 2017-18 (five years)

SCHOOL RENEWAL ANNUAL UPDATE FOR: 2017-2018 (one year)

Assurances

The school renewal plan, or annual update of the school renewal plan, includes elements required by the Early Childhood Development and Academic Assistance Act of 1993 (Act 135) and the Education Accountability Act of 1998 (EAA) (S.C. Code Ann. §59-18-1300 and §59-139-10 et seq. (Supp. 2004)). The signatures of the chairperson of the board of trustees, the superintendent, the principal, and the chairperson of the school improvement council are affirmation of active participation of key stakeholders and alignment with Act 135 and EAA requirements.

STAKEHOLDER INVOLVEMENT FOR SCHOOL PLAN

(Mandated Component)

List the name of persons who were involved in the development of the school renewal plan. A participant for each numbered category is required.

1. PRINCIPAL: Mr. Jason Warren

2. TEACHER: Ms. Morgan Miller

3. PARENT/GUARDIAN: Mrs. Nancy Kennedy

4. COMMUNITY MEMBER: Mr. KJ Jacobs

5. SCHOOL IMPROVEMENT COUNCIL: Mr. Jim Baumgardner, SIC Chair

6. READ TO SUCCEED READING COACH: Mrs. Blair Haag

7. SCHOOL READ TO SUCCEED LITERACY LEADERSHIP TEAM LEAD: Mr. James Sharpless

8. OTHERS* (May include school board members, administrators, School Improvement Council members, students, PTO members, agency representatives, university partners, etc.)

ASSISTANT PRINCIPAL: Mr. James Sharpless

INSTRUCTIONAL COACH: Ms. Blair Powers

MAGNET COORDINATOR: Mrs. Kathryn Rowan

TEACHER: Mr. Phillip Hall

GUIDANCE COUNSELOR: Mrs. Adelaide Fackler

STUDENT: Ms. Caszmere Stokes (11th)

STUDENT: Ms. Myddie Parker (10th)

PARENT: Mr. Eric Mitchell

COMMUNITY MEMBER: Mrs. Monica Barnett

ASSURANCES FOR SCHOOL PLAN

(Mandated Component)

Act 135 Assurances

Assurances, checked by the principal, attest that the school complies with all applicable Act 135 requirements.

Academic Assistance, PreK-3

The school makes special efforts to assist children in PreK–3 who demonstrate a need for extra or alternative instructional attention (e.g., after-school homework help centers, individual tutoring, and group remediation).

x Academic Assistance, Grades 4–12

The school makes special efforts to assist children in grades 4–12 who demonstrate a need for extra or alternative instructional attention (e.g., after-school homework help centers, individual tutoring, and group remediation).

x Parent Involvement

The school encourages and assists parents in becoming more involved in their children's education. Some examples of parent involvement initiatives include making special efforts to meet with parents at times more convenient for them, providing parents with their child's individual test results and an interpretation of the results, providing parents with information on the district's curriculum and assessment program, providing frequent, two way communication between home and school, providing parents an opportunity to participate on decision making groups, designating space in schools for parents to access educational resource materials, including parent involvement expectations as part of the principal's and superintendent's evaluations, and providing parents with information pertaining to expectations held for them by the school system, such as ensuring attendance and punctuality of their children.

x___ Staff Development

The school provides staff development training for teachers and administrators in the teaching techniques and strategies needed to implement the school/district plan for the improvement of student academic performance. The staff development program reflects requirements of Act 135, the EAA, and the National Staff Development Council's revised *Standards for Staff Development*.

<u>x</u> <u>Technology</u>

The school integrates technology into professional development, curriculum development, and classroom instruction to improve teaching and learning.

x Innovation

The school uses innovation funds for innovative activities to improve student learning and accelerate the performance of all students. Provide a good example of the use of innovation funds.

x Collaboration

The school (regardless of the grades served) collaborates with health and human services agencies (e.g., county health departments, social services departments, mental health departments, First Steps, and the family court system).

x <u>Developmental Screening</u>

The school ensures that the young child receives all services necessary for growth and development. Instruments are used to assess physical, social, emotional, linguistic, and cognitive developmental levels. This program normally is appropriate at primary and elementary schools, although screening efforts could take place at any location.

Half-Day Child Development

The school provides half-day child development programs for **four-year-olds** (some districts fund full-day programs). The programs usually function at primary and elementary schools, although they may be housed at locations with other grade levels or completely separate from schools.

<u>Developmentally Appropriate Curriculum for PreK-3</u>

The school ensures that the scope and sequence of the curriculum for PreK-3 are appropriate for the maturation levels of students. Instructional practices accommodate individual differences in maturation level and take into account the student's social and cultural context.

Parenting and Family Literacy

The school provides a four component program that integrates all of the following activities: interactive literacy activities between parents and their children (Interactive Literacy Activities); training for parents regarding how to be the primary teachers for their children and full partners in the education of their children (parenting skills for adults, parent education); parent literacy training that leads to economic self-sufficiency (adult education); and an age-appropriated education to prepare children for success in school and life experiences (early childhood education). Family Literacy is not grade specific, but generally is most appropriate for parents of children at the primary and elementary school levels and below, and for secondary school students who are parents. Family Literacy program goals are to strengthen parent involvement in the learning process of preschool children ages birth through five years; promote school readiness of preschool children; offer parents special opportunities to improve their literacy skills and education, a chance to recover from dropping out of school; and identify potential developmental delays in preschool children by offering developmental screening.

Recruitment

The school makes special and intensive efforts to **recruit** and give **priority** to serving those parents or guardians of children, ages birth through five years, who are considered at-risk of school failure. "At-risk children are defined as those whose school readiness is jeopardized by any of, but no limited to, the following personal or family situation(s): Educational level of parent below high school graduation, poverty, limited English proficiency, significant developmental delays, instability or inadequate basic capacity within the home and/or family, poor health (physical, mental, emotional) and/or child abuse and neglect.

Coordination of Act 135 Initiatives with Other Federal, State, and District Programs

The school ensures as much program effectiveness as possible by developing a district-wide/school-wide coordinated effort among all programs and funding. Act 135 initiatives are coordinated with programs such as Head Start, First Steps, Title I, and programs for students with disabilities.

INTRODUCTION GREENVILLE SENIOR HIGH ACADEMY OF LAW, FINANCE, AND BUSINESS SCHOOL PORTFOLIO

Greenville Senior High's school portfolio was developed to document the changes for a five-year period beginning with 2013-2014 and ending 2017-2018. The portfolio reflects the needs of the school as determined by its own self-reflection and needs assessment, but also the recommendations of district, state, regional and community entities. Specific stakeholders that provided vision and leadership during this process include the Leadership Team, the Administrative Team, SIC, PTSA, the Freshman Academy staff, department and course level teams, teachers and student organizations.

Three key areas of focus include:

- Emphasizing an improved graduation rate with instructional, truancy, and individualized strategies for students along with ACT and EOC preparation.
- Developing curriculum focused on the newly adopted Common Core standards
- Improving the effective use of technology in the classroom

Materials and resources on which this current Portfolio is based include the No Child Left Behind legislation, the SC Department of Education Strategic Plan, the State Technology Plan, the Greenville County Schools' Education Plan, the Ten Key Practices of High School That Work and EEDA 2005. Current research in the areas of best practices, effective use of technology in the classroom and the adoption of the Common Core standards provided the backbone for development of the professional development plan. In 2015-2016, the faculty and staff of Greenville High will focus on effective strategies to improve graduation rate and student expectations, the effective use of technology, and the implementation and development of Common Core standards across the curriculum.

EXECUTIVE SUMMARY GREENVILLE SENIOR HIGH ACADEMY OF LAW, FINANCE, AND BUSINESS SCHOOL PORTFOLIO

Greenville High Academy of Law, Finance, and Business has a proud tradition of excellence in academics, school spirit and athletics. We have a diverse student population with the heritage of four or more generations attending Greenville High School. The community is excited to accept the challenge of working with the students, parents and guardians, faculty and staff members and the Greenville community in meeting the challenges of public education in the 21st century. Our mission is to provide opportunities for students that will enable them to become productive citizens and lifelong learners. Our vision is that of a community working together to encourage and foster individual academic and personal achievement. Our belief is that each student can be successful. Greenville continues to advance the achievement of students in all instructional programs and encourages personal growth. We are proud of the following successes in our school programs:

Freshman Academy common planning provides teachers opportunities for continued collaboration, resulting in the continued decline of 9th grade failures. During the past ten years, the ninth grade retention has continued to decline from 32.5% to 8% in 2016.

Curriculum revision provides additional instruction time for students at-risk in English and math. Peer tutoring, extended day instruction, and the willingness of individual teachers to work with students on an as-needed basis insure that each individual has optimal opportunities for academic success.

Practice EOC tests were conducted in 2016- 2017 to target at-risk students. This process identified students and provided data for modified instruction in English and math classes and high stakes courses such as Biology and US History. In addition students were targeted for extra help in HSAP Math and English classes. The results hopefully will lead to gains in the first-time HSAP pass rate and an overall gain on End-of-Course tests in the same period of time.

Ninth grade at-risk students and EOC students receive additional remediation through the USA TestPrep program, an online researched based program.

The Career Development Facilitator (CDF) to the staff enables students to develop Individual Graduation Plans based on their specific academic needs and career choices. The CDF and counselors met with students and parents for the purpose of academic planning during the spring registration process (2011, 2012, 2013, 2014, 2015, 2016, and 2017).

Student computers are available for use in the Media Center, a Writing Lab, the Foreign Language Lab, four business classrooms, an engineering lab and six portable wireless labs. In addition an iPad mobile cart was added in 2012-2013. Two additional computer labs were installed in April of 2012 to accommodate the growing finance and marketing portion of the magnet program. Chromebook carts have been added to enhance a personalized learning environment for all students.

Project Lead the Way (PLTW), implemented in 2006, continues to expand its offerings. In February 2009 the Greenville High program earned national certification. Students who successfully complete the year-long course (Principles of Engineering and/or Introduction to Engineering Design) and pass a national exam are eligible for college credit. In May 2009, forty Greenville High students earned college credit at

Clemson University and the University of South Carolina. Based on the success of PLTW courses, a second-tier course, Digital Electronics (DE) was added for the 2010-2011 school year.

In August 2009 Greenville High officially became the Academy of Law, Finance, and Business. Extensive planning involving the faculty and staff, students, and the community during 2008-2009 led to the development of an enriched magnet program grounded in hands-on experiences, rigorous classroom instruction, and innovative teaching strategies. This program has grown from 125 magnet students in 2009 to 405 magnet students in 2015-2016. Greenville High has the highest number of magnet students at the high school level in the district with this total of 405. The first Mock Trial team participated in competition in 2010 and has continued to compete annually.

19 students were named as Palmetto Fellow Scholarship recipients for 2015-2016.

2 National Merritt Scholarship Semi-Finalist.

The Class of 2016 was awarded \$8.4 million for scholarships.

GHS had 20 AP Scholars with Distinction, 18 AP Scholars with Honor, and 49 AP Scholars including 4 National AP Scholars.

Robotics Team 2014, 2015 and 2016 State Champions.

Twenty-three varsity sports teams competed in 15 sports in South Carolina AAAA. Our 2016 overall athletic GPA was 4.03.

Although Greenville High School is successful in many areas of student achievement, we face the challenge of meeting the needs of a diverse student body. Our student population for 2016-2017 is 44% Caucasian, 32% African-American, and 19% Hispanic and 5% other. Most notable, however, is the decrease in the number of students eligible for free and reduced lunch—55.5%. Due to the demographics of our attendance area, we know that a good portion of our students enter school with skill levels below high school expectations. We continue to challenge ourselves to accelerate student performance and raise the expectations for rigor and success in all academic areas. Key areas identified for improvement include:

- Declining on-time graduation rates
- Failing to meet AYP in Math and English Language Arts, particularly the subgroups of African-American males, special education students and individuals eligible for free and reduced lunch
- Struggling readers in all grade levels and across all academic abilities.

Based on meetings with stakeholders, the following performance goals have been identified:

Goal Area: Student Achievement

- Increase the percentage of students who graduate on-time in four year.
- Increase the pass rate on End of Course tests.

Goal Area: Teacher/Administrative Quality

- Increase the number of teacher using data to drive classroom instruction.
- Increase the number of teachers using literacy and technology strategies in daily classroom instruction.

Goal Area: School Climate

- Decrease the number of referrals for tardies.
- Decrease the number of referrals for disrespect and disruptive behavior.

Some of our accomplishments include:

2011-2012

- Implementation of new magnet courses—Law, Finance, and Business
- Continuation of extended day program for at-risk students
- Benchmark testing provides data for instructional decision-making in 9th and 10th grade core courses and all EOC classes
- Implementation of *Classworks* math and English intervention program in the Freshman Academy
- On-going Individual Graduation Plan (IGPs) sessions with 9th, 10th, and 11th grade students
- Freshman Academy common planning provides teachers opportunities for continued collaboration, resulting in the continued decrease of 9th grade failures
- Greenville High named as Top 1500 School by Newsweek Challenge
- Second-tier course, Digital Electronics, offered as part of Project Lead the Way
- 20 students named as Palmetto Fellow Scholarship recipients for 2011-2012
- One student named Honorable Mention for National Merit Scholarship Program for 2012
- Over 1000 Renaissance cards distributed to students for academic achievement and GPA improvement
- 23 Varsity sports teams competing in 15 sports in South Carolina AAA

2012-2013

- Continuation of Magnet focus courses in Law, Finance, and Business with 81 Magnet Distinction Awards
- Continuation of Early College/Dual Credit with Greenville Technical School classes
- Benchmark testing with data for instructional decision-making in 9th and 10th grade core courses and all EOC classes
- Continuation of USA TestPrep math and English intervention program in the Freshman Academy, EOC and HSAP classes
- Freshman Academy common planning with teachers' opportunities for continued collaboration, resulting in the continued decrease of 9th grade failures
- Named as Top 1500 School by Newsweek
- 12 AP and 34 Honors classes
- Nationally certified and award-winning Project Lead the Way program and Robotics Team
- 17 students named as Palmetto Fellow Scholarship recipients for 2012-2013
- 7 South Carolina Academic Achievement Honors Awards recipients for 2012-2013
- Team and individual awards for State, Upper State, and Regional Champions in various sports including golf, football, basketball, baseball, swimming, and track
- 40 competitive athletic teams with overall 2013 athletic GPA 3.69
- Annual Business and Law Weeks with community speakers

2013-2014

- Palmetto Gold Award in Student Achievement for 2013-2014
- Achieved "Excellent" on Report Card
- Increased Early College and AP enrollment

- 40 competitive athletic teams with overall 2013 athletic GPA 3.72
- Greenville Senior High Academy is ranked 9th within South Carolina on US News/World Report
- Ranked in Top 200 magnet schools in U.S.
- Robotics Team 2014 State Champions
- 17 South Carolina Academic Achievement Honors Awards recipients for 2013-2014
- Continuation of USA TestPrep Math and English intervention program in the Freshman Academy, and EOC
- Benchmark testing with data for instructional decision-making in 9th and 10th grade core courses and all EOC classes
- Freshman Academy common planning with teachers' opportunities for continued collaboration, resulting in the continued decrease of 9th grade failures
- 11 AP and 34 Honors classes
- Nationally certified and award-winning Project Lead the Way program
- 19 students named as Palmetto Fellow Scholarship recipients for 2013-2014
- Team and individual awards for State, Upper State, and Regional Champions in various sports including golf, football, basketball, baseball, swimming, and track
- Annual Business and Law Weeks with community speakers
- Continuation of Magnet focus courses in Law, Finance, and Business with 81 Magnet Distinction Awards
- Continuation of Early College/Dual Credit with Greenville Technical School classes
- New for 2014-15, Accelerate Program for Engineering in partnership with the SC Governor's School, dual credit opportunities for qualifying students

2014-2015

- America's Most Challenging High School Washington Post
- Greenville Senior High Academy is ranked within South Carolina on US News/World Report
- Ranked in Top 200 magnet schools in U.S.
- Robotics Team 2014 & 2015 State Champions
- 13 AP and 34 Honors classes
- Nationally certified and award-winning Project Lead the Way program
- Business, Law, and Finance community speakers
- Continuation of Magnet focus courses in Law, Finance, and Business with 70 Magnet Distinction Awards
- Continuation of Early College/Dual Credit with Greenville Technical School classes
- New for 2014-15, Accelerate Program for Engineering in partnership with the SC Governor's School. Dual credit opportunities for qualifying students
- Dual Credit Partnerships with Greenville Tech, University of South Carolina, SC Governor's School and Presbyterian College
- Tripled number of students who qualified for AP Distinction.
- 19 students named as Palmetto Fellow Scholarship recipients for 2014-2015
- Active Student Council raised more than \$206,000 for Spirit Week
- Student-run Ground Floor Coffee Shop
- Outstanding Large Delegation Award of MUNCH XV
- Fully integrated partnerships with Street Law Inc., GE, McMillian Pazdan Smith, and Greenville Federal Credit Union
- 40 competitive athletic teams with overall athletic GPA 3.68

Advanced technology to enhance a personalized learning environment for all students

2015-2016

- Increased Early College and AP enrollment
- America's Most Challenging High School Washington Post
- Named Best High Schools Niche Report

SCHOOL PROFILE GREENVILLE SENIOR HIGH ACADEMY OF LAW, FINANCE, AND BUSINESS SCHOOL PORTFOLIO

Greenville High School is an inner city school located a few blocks away from the downtown areas of the city of Greenville. Founded in 1776 as a trading center, Greenville was chartered as a city in 1869 and grew to become a leading textile and manufacturing area. Far-sighted leadership kept the city of Greenville viable by recruiting industry and corporate headquarters when retail businesses relocated in the 1950's and 1960's. Today, the city of Greenville is the center of business, entertainment, and culture in the county. A strong revitalization effort of the downtown area is in progress and making great strides.

Located in a picturesque setting near downtown, Greenville High School Academy of Law, Finance, and Business is rich in tradition. The Wall of Fame exhibits many plaques recognizing distinguished graduates dating back over a century. Our mission is to foster excellence by empowering students to become critical thinkers, productive citizens, and lifelong learners. Academically grounded and motivated for success, today's graduates are well prepared to enter the workforce or to attend the finest colleges and universities across the nation. Pride in the community and in its heritage permeates the school.

The school is composed of a heterogeneous group of students who function well together. The socioeconomic status within the attendance area varies from the most poverty stricken to the most affluent. While some students enter the halls with a strong academic background, others enroll with a skill level below high school expectations. The unique combination of these varied backgrounds provides a setting where students can develop skills for life as well as find a more complete perspective of the makeup of their society. Most importantly, students will experience academic opportunities with technological and curricular support for all programs.

Students who enroll in Greenville High School become ingrained in the continual building of character that has been the tradition for generations. The opportunity to be involved in a traditional high school with the many outlets for school and community involvement is an asset for our students. This will continue as it is a vital part of the educational process. Graduates will not only have an academic or career focus, but they will also have developed these character building skills to use throughout life.

The Greenville High community is proud of our history-rich campus and facilities. Our main building was first used in 1938. It has been modified and renovated over the past seven decades, but has still retained that Greenville High School spirit of quality academic endeavor that has marked out graduates from that time on. Greenville High School underwent an extensive renovation in 2006. We now have 81 state-of-the-art classrooms, a new classroom wing, and a new gym.

Greenville High School launched a new Magnet Academy of Law, Finance, and Business in 2009-2010. This unique specialized program (an extension of Greenville High's core academic program), with its learning-based activities, develops students' understanding of a wide variety of topics and issues. Highlights of the program include a rigorous and relevant curriculum, opportunities for job shadowing and real world experiences such as Mock Trial, Forensics and Virtual Enterprise.

LAW: Students who are interested in pursuing a career in the legal profession or in law enforcement will be engaged in stimulating challenging instruction that introduces them to topics in law, criminal justice, and public policy.

FINANCE: Students, who are interested in serving our community or managing their own personal finances, will be introduced to such topics as banking, securities, and financial planning. This will prepare them to compete in a changing specialized profession that is driving our global society.

BUSINESS: Students who are interested in understanding the sound decisions that must be made in the global context of business and its impact on society will be offered courses that apply to real world situations.

Jason Warren, principal leads an Administrative Team of four assistant principals, one curriculum resource teacher (CRT) and one half-time career development facilitator (CDF). In addition to the Administrative Team, leadership structures include the School Leadership Team composed of the principal, the CRT, and department chairs from all content areas, guidance and the media center and the School Improvement Council (SIC).

Greenville High has a staff of 77 educators which include one naval instructor in the JNROTC program. Forty-seven are female; 30 are male. Three teachers are National Board Certified. In 2016-17 there were 14 new teachers to GHS.

The staff includes five full-time counselors, one media specialist, and one technology integration specialist. The school district funds a Curriculum Resource Teacher and a 0.5 Career Development Facilitator. The current staff includes both veteran teachers and those new to the teaching profession. Three are recognized as National Board Certified Teachers. The attendance rate for the faculty in 2015-2016 was 95.5%. The percent of teachers returning from the previous year was 83.8%. Part of the turnover is due to retirement and teacher relocation, the administration intends to do all that it can to support and encourage teachers to return.

The non-instructional staff members are an integral part of our team and are encouraged to attend school meetings and functions. Their work is critical to the safety and quality of our instructional program. Clerical personnel are district trained. Our data clerk is district trained, as are our nurse, who is fully licensed. Our resource officer is a Police Academy graduate. Also, on the staff are five special education aides, a plant manager, thirteen custodial workers, one NJROTC instructor, and a food service staff of eleven. Non-instructional personnel serve on our School Improvement Council. They also meet with the faculty and the administrative team to express concerns, share insights, and help make decisions in areas in which they have expertise.

Table 1: School Enrollment by Grade Level

GRADE LEVEL	2012-2013	2013-2014	2014-2015	2015-2016	2016-2017
9 TH GRADE	464	402	419	420	402
10 TH GRADE	371	390	331	347	359
11 TH GRADE	258	314	339	302	319
12 TH GRADE	360	247	298	337	297
TOTALS	1453	1353	1387	1406	1377

Table 2: School Enrollment by Ethnicity (Percentages)

ETHNICITY	2012-2013	2013-2014	2014-2015	2015-2016	2016-2017
CAUCASIAN	41.02%	43.68%	43.13%	43.0%	44.3%
AFRICAN AMERICAN	44.9%	39.53%	38.15%	35.5%	32.4%
HISPANIC	11.6%	13.9%	16.01%	18.2%	19.4%
OTHER	3.48%	2.89%	2.17%	3.3%	3.9%

Table 3: School Enrollment by FARMS (Percentages)

YEAR	2012-2013	2013-2014	2014-2015	2015-2016	2016-2017
FARMS %	55%	57%	57%	51%	55.5%

Table 4: School Enrollment by Special Education (Percentages)

YEAR	2012-2013	2013-2014	2014-2015	2015-2016	2016-2017
SPECIAL EDUCATION %	10.7%	11.8%	11.5	15.2%	11.6%

The total number of students in Special Education has declined significantly. Students with disabilities other than speech decreased from 11.8% in 2013-2014 to 11.5% in 2014-2015 and then increased to 15.2% in 2015-2016 and decreased again in 2-16-2017 to 11.6%. This group continues to challenge the faculty and staff in terms of student achievement. Students with special needs are visible and included in all school activities and events. Because Greenville High is the inner-city hub for special education services and because of the excellent reputation of our program, many students are bussed to the school from outside of the attendance area. There are 7 special education teachers, three aides, and two itinerant specialists (vision and speech).

It is obvious from the above data that Greenville High School is an increasingly diverse population, reflecting its surrounding community. As we welcome the new to our community, we recognize many families who are second, third or even fourth generations at this school. We applaud this blend of old and new as we strive to meet the needs of each student.

MISSION, VISION, AND BELIEFS GREENVILLE SENIOR HIGH ACADEMY OF LAW, FINANCE, AND BUSINESS SCHOOL PORTFOLIO

Mission Statement

Our mission is to foster excellence by empowering students to become critical thinkers, productive citizens, and lifelong learners.

Our Beliefs

All individuals can learn.

Education is a lifelong process.

Each student is a valued individual, with unique intellectual, physical, social, and emotional needs.

Quality teaching requires both love of students and content matter.

Clear goals and high expectations for student achievement according to state and Common Core standards should guide the development of the curriculum and the design of instructional strategies and learning activities.

All individuals have the right to be treated equally with dignity and respect.

All individuals have the right to a physically and emotionally safe learning environment.

Parents and guardians should be responsible and accountable for actively supporting the learning process.

Education is a total community effort involving home, school, and business.

Our Vision

- Students will actively engage in learning.
- Students will develop a lifelong love of learning.
- Students, faculty, and parents (or guardians) will share a sense of unity and mutual respect.
- Students will meet all educational expectations.
- Students, faculty, and parents (or guardians) will together develop and nurture extracurricular interests and involvement.
- Students, teachers, parents (or guardians), and community will contribute to create an atmosphere of quality learning and to instill a lifelong desire for learning.

Our Expectations

- Teachers will incorporate a variety of strategies and resources to insure a relevant, challenging, and engaging learning environment.
- Teachers will promote meaningful learning opportunities both in and beyond the classroom.
- Teachers will plan instructional activities based on best practices that are informative and inspiring.

Curriculum will be:

rigorous and meaningful.
designed to meet the needs of each individual. standards-based.
reflective of high expectations.
driven by what is best for every student.

Instruction will be:

structured with both student and teacher-centered practices. well planned by highly qualified teachers.

based on best practices.

engaging to motivate students.

Assessment will be:

varied and appropriate to the content and grade level. reflective of different learning styles. ongoing.

linked to standards.

formative and summative.

based on mastery of skills and concepts.

The **learning environment** will be:

safe, inviting and nurturing. consistent and fair. clean and comfortable.

DATA ANALYSIS AND NEEDS ASSESSMENT GREENVILLE SENIOR HIGH ACADEMY OF LAW, FINANCE, AND BUSINESS SCHOOL PORTFOLIO

District Expectations

Greenville County Schools' expectations for student learning are outlined in the district's Strategic Education Plan for 2013-2018. *Charting a Steady Course for Excellence in Education* clearly reflects the measures outlined in federal and state plans. The goals identified for Greenville County Schools are:

- 1. Raise the academic challenge and performance of each student.
- 2. Ensure quality personnel in all positions.
- 3. Provide a school environment supportive of learning.
- 4. Effectively manage and further develop necessary financial resources.
- 5. Improve public understanding and support of public schools.

The School Board identified Goal 1 as the primary goal with Goals 2-5 as support goals. All five goals are fully developed in the district's Strategic Education Plan. That plan, available at the district web site, contains objectives, strategies and resources for effectively achieving each goal. Goals 1, 2, and 3 relate directly to Greenville High's Action Plan.

Local Expectations at Greenville High School

A study of expectations at Greenville High School begins by referencing the school mission statement: Our mission is to foster excellence by empowering students to become critical thinkers, productive citizens, and lifelong learners.

Our school in many ways is not one school but two. One group consists of the higher-level classes-honors and AP classes which represent 40 percent of our population. A diverse and adequate number of AP courses are offered at the school. The other includes the vast majority of grade repeaters, Exit Exam failures, and the high dropout rate. The Action Plan developed for 2012-2018 attempts to meet the needs of both groups in an effort to increase rigor, promote critical thinking, and increase student performance for all students.

STUDENT ACHIEVEMENT GREENVILLE SENIOR HIGH ACADEMY OF LAW, FINANCE, AND BUSINESS SCHOOL PORTFOLIO

Student Achievement

Data from the most recent School Report Card (2014) indicated Greenville Senior High School is effective in some areas and is still working to improve in others. Our overall ratings have been good, as shown in the chart below. We are very proud to reclaim the level of "Excellent" in 2013.

Table 1: School Report Card Ratings 2009-2014

YEAR	SCHOOL REPORT CARD RATING	FEDERAL ESEA WAVIER	
2012	Good	78.8% (C)	
2013	Excellent	58.6% (F)	
2014	Excellent	87.4% (B)	
2015	NA	NA	
2016	NA	NA	

Greenville Senior High's graduation rate has increased since 2012. In 2010 the on-time graduation rate was 70.8% and decreased in 2012 to 69.8%. Graduation rate has become a major focus for the school and any program we consider.

Table 2: Greenville Senior High School's Graduation Rate

YEAR	GRADUATION RATE			
2011	70%			
2012	69.8%			
2013	81.5%			
2014	82.8%			
2015	87.3%			
2016	91.2%			

End-of-Course tests, one of the indicators on the School Report Card, continue to be an area of emphasis. Greenville Senior High is attributed to an ongoing school wide initiative using data with classroom instruction aimed at specific skills areas, the use of online test prep programs (USA Test Prep), and study sessions prior to exam days. In addition, teachers in the English, Math, Science and Social Studies Freshmen Academy departments meet during the summer and continue to meet throughout the school year. Periodically throughout the school year, the district's learning consultant for that content area meets to discuss Common Core expectations and strategies with the team. In addition, the purpose of these planning sessions is to continue the development of instructional strategies (best practices) aimed at increasing EOC scores. Closer scrutiny of EOC scores indicate that the subgroups who are identified as at-risk are the same subgroups who fail to score at 70% or better on EOC: African-Americans, Hispanics, subsidized lunch students and students with disabilities.

Table 3: Greenville Senior High School EOC Test Results

EOC	2015 Pass Rate	2016 Pass Rate
Algebra 1	89%	75%
Biology 1	82%	77%
English 1	70%	7%
US History	67%	75%

SAT and ACT are two college entrance tests available to students interested in attending a four-year college or university. Therefore, success on these tests translates into improved opportunities for Greenville High students after high school. Continued efforts towards appropriate test selection and better preparation for these tests have led to steady numbers in average composite scores over the past five years.

Table 4: Greenville Senior High School SAT Test Results by Area

YEAR	CRITICAL READING	MATH	WRITING*	COMPOSTIE SCORE*
2012	474	479	455	953
2013	474	478	458	952
2014	491	482	465	973
2015	470	460	450	930
2016	496	484	475	980

The ACT and ACT WorkKeys is the state testing program (2015), given to grade 11 students are defined as students in the third year of high school after their initial enrollment in the ninth grade.

Table 5: Greenville Senior High School ACT Average Grade Distribution

AVERAGE SCORE	ENGLISH	MATH	READING	SCIENCE	COMPOSITE

Student achievement in Advanced Placement courses (AP) provides an indication of course rigor and student ability to meet such rigorous expectations. Performance in AP classes indicates readiness for post-secondary work. The percent of students scoring three or higher on AP exams remains steady. A major concern continues to be the small number of minority students enrolled in AP courses. Efforts have been made to address this trend. Beginning in 9th grade, teachers will work more closely with counselors and the career development specialist in an effort to align student achievement with academic goal setting. This includes insuring that all students experience academic rigor from the onset of their high school careers through 12th grade.

Table 10: Advanced Placement – Number of Exams Given

Teacher and Administrator Quality

In order to assess the quality of education in our school and to determine the strengths and weaknesses of that education, Greenville Senior High conducts a survey of teachers, parents, and students in the spring of each year. Surveys were administered to eleventh grade students and to teachers, and surveys were sent home to parents of eleventh-graders. Participation was limited with student populations, and as is common at the high school level, it was very limited with parents. These survey results are from the spring 2016 administration.

Table 11: Greenville Senior High Survey

Criterion	Teachers	Students	Parents
Percent satisfied with learning environment	98.7	85.6	94.5
Percent satisfied with social and physical environment	96.1	80.7	78.8
Percent satisfied with school-home relations	97.4	89.4	87.2

Results from the survey were informative and encouraging. While few of the indicators were identified as "highly functional", several areas were seen as "emerging" (evidence indicates early or preliminary stages of implementation) or "operational" (evidence indicates that practices are actively implemented). The majority of teachers agree that the curriculum is standards-based, that common syllabi include clear expectations and guidelines for students, and that systems are in place to effectively support ninth grade students in their transition to high school

Common planning time is a must if effective instruction is the expectation. For four years, common planning has been scheduled for Freshman Academy teachers. This group and grade level groups meet weekly for the purpose of sharing ideas, developing common assessments and lessons, and analyzing student work. Social Studies teachers meet as a department monthly for the same purpose with emphasis being placed on high stakes courses such as US History.

School Climate

The survey of 2016 did reveal some areas of limited effectiveness that need improvement. One of those areas was home-school relations, which received mixed ratings. Students and teachers felt a sense of satisfaction with home-school relationships, but parents tended to be less satisfied; only 87 % of the parents agreed that these relations were satisfactory. A second area for improvement revealed by the survey was in the area of student behavior. Unacceptable behavior is a factor in all large groups of adolescents and must be addressed. The discrepancy in student and teacher perceptions of what is acceptable may reflect the diverse student population at Greenville High, which includes a large percentage of both high-achievers and at-risk students in the same student body. As new academic programs and extensive tutoring programs are being developed and implemented at Greenville High to increase the motivation of all students and to ensure the success of failing ninth and tenth graders, faculty, staff and parents may have opportunities to affect change in behaviors also.

Creating a climate of high academic expectations involves building a community-wide expectation of mutual respect among all stakeholders as well as pride in the campus environment. In response to concerns about issues such as the number of discipline referrals, increasing diversity in the student body make-up, and litter around campus SIC was prompted to form a subcommittee to address these areas. Efforts to-date focus on engaging students and adults in dialogues aimed at ways in which to incorporate the Red Raider Spirit into everyday activities in the classroom, on campus grounds and at school-sponsored events. In March 2011, over 400 Greenville students and 60 community leaders and teachers participated in the 2nd Challenge Days held at the West End Community Development Center. Students focused on team-building activities designed to overcome fears and pre-conceived notions; then attention was turned to developing long-term solutions for the GHS community. It is the hope of SIC and the faculty and staff that this work has continued and will be at the forefront of initiatives in upcoming years. Action steps to consider include:

- Creating a student forum.
- Developing a campus litter program in conjunction with a service learning project.
- Continuing dialogue among various student groups during the school day.
- Sponsoring professional development programs and speakers focused on diversity and working with multicultural populations.

Professional Development 2016-2017

Background/rationale:

In Results Now, Mike Schmoker argues persuasively that "unprecedented improvements" can occur in teaching and learning when leadership can be redefined on the basis of teams of teachers, administrators, support personnel and community members coming together to form professional learning communities (PLCs). The focus of learning communities is a desire to continuously seek and share learning in the form of current research and best practices which can then be acted upon in the school environment. The goal of PLCs is to enhance effectiveness as professionals so that students benefit. This arrangement has also been termed communities of continuous inquiry and improvement.

Lucianne Carmichael stated, "Teachers are the first learners." Through their participation in a professional learning community, teachers become more effective, and student outcomes increase - a goal upon which we can all agree." (Carmichael, L. 1982, October. Leaders as learners: A possible dream. Educational Leadership, 40(1), 58-59.)

PLCs are characterized as follows:

supportive and shared leadership, collective creativity, shared values and vision, supportive conditions, and shared personal practice.

The Greenville High faculty and administration adopted school-wide goals and objectives during the 2009 – 2010 and has continued this initiative through the current school year. The over-arching goal is for all students to graduate in four years. This is supported by the following objectives: increase pass rate on EOCE (Algebra 1, English 1, US History, Biology); increase rigor and relevance in all courses by providing focused professional development.

Initiatives focused on achieving these objectives for 2015-2016 include:

EOC Initiative
Authentic literacy across the curriculum
Increased use of effective technology strategies

The current model for professional development calls for teachers to attend two days of training per month. Thus far, experiences have been limited to developing technology proficiency (Promethean Boards, software such as Rosetta Stone, the use of online programs such as USA Test Prep, the use of electronic formats for grade keeping and lesson planning), and the implementation of Common Core standards. To implement new practices and to provide sustaining support or allowing for reflective practices professional development sessions, after school sessions have been added at the district level as well as the school level . Planning sessions include teachers from all departments; it is difficult to focus on specific content areas or issues. Additionally, days designated by GCSD for Professional Development are scheduled into the calendar early in the year. These days occur at the onset of the school year when teachers are busy getting their classrooms ready for students, at the end of grading periods or the last few days of school when teachers are finalizing grades, cleaning rooms and mentally checking out for the summer. We have moved to the next level—to make professional development more readily accessible, more relevant to practice and more embedded into the craft of teaching. We are closing the gap between what we know and what we do in each and every classroom at Greenville High. As Mike Schmoker states, "Any faculty could improve performance tomorrow if they never attended another professional development." The key is small professional learning communities—core departments, the Freshman Academy team, the department chairs, the leadership team, the SIC focused on continuous improvement in instructional practices which impact student achievement.

GHS PLCs will:

- analyze and disaggregate data,
- research and discuss strategies for improving student achievement by focusing on reading, writing and vocabulary development in content areas,
- develop and critically review common assessments,
- develop and reflect upon best practices for engaging students

develop instructional strategies geared toward Common Core standards.

Our guiding principles within each PLC will be as follows:

- We accept learning as the fundamental purpose of our school and we are willing to examine all of our teaching practices in terms of their impact on learning.
- We are committed to working together to achieve our goal.
- We will assess our effectiveness bases on results rather than intentions.

Three critical questions serve as the foundation for our planning:

- What do we expect students to learn?
- How will we know students have learned?
- How will we respond when students have difficulty learning?

Implementation Plan 2016-2017:

Our goal: All students will graduate in four years.

Action Steps:

- Increase student performance in English Language Arts (EOCE, grade level coursework, literacy skills);
- Increase student performance in Mathematics (EOCE, grade level coursework, literacy in math skills):
- Develop a Code of Conduct which promotes lifelong learning and values diversity.

Focal areas:

- Continuous professional development focused on best practices including:
- literacy across the curriculum (critical reading, discussion, writing),
- critical thinking and problem solving,
- assessment based on standards.

<u>Timeline for 2016-20167</u>

August 2016

- Department Days focused on identifying power standards, developing curriculum maps, course matrices and common syllabi, and initiating development of common assessments for core courses
- New Teacher Orientation
- PowerTeacher Training
- Rubicon Curriculum and Unit Plan Training

First Semester/September 2016

- o Freshman Academy PLC identifies students at-risk and strategies to address their needs.
- o English PLC and math PLC identify students at-risk and strategies to address their needs.
- o Department PLCs identify students at-risk and strategies to address their needs.
- Freshman Academy, English and Math PLCs analyze data for 9th grade during common planning; adjust instruction based on assessed needs
- English and Math PLCs analyze HSAP data for 10th grade and repeat test-takers during common planning; adjust instruction based on assessed needs
- Science and Social Studies meet monthly to review goals

- Training: PowerTeacher, PAS-T Evaluation Process, PAS-T Goal Setting Conferences, Teacher
 Web Pages, Rubicon Curriculum Training
- Technology Training through monthly professional development including Google Classroom

October 2016

- Freshman Academy PLC continues strategies to address student needs.
- English PLC and math Department PLCs continue strategies to address student achievement and needs.
- All departments analyze first nine weeks grades and adjust instruction accordingly
- Teachers examined student achievement data such as benchmark scores and current grade distributions to adjust instructional strategies
- Technology Training through monthly professional development
- School Professional Development: Common Core Literacy Design Collaborative Template
 Tasks Scaffolding Writing
- School Professional Development Learning Focus Best Practices
- District Common Core Implementation Secondary meetings
- District Common Core Implementation Secondary meetings

November 2016

- Freshman Academy PLC continues strategies to address student needs.
- English PLC and math Department PLCs continue strategies to address student achievement and needs.
- Science PLC and Social Studies PLC meet monthly to review goals; implement literacy strategies in classroom instruction
- Technology Training through monthly professional development
- o Training: PowerTeacher, PAS-T Evaluation Process, PAS-T Goal Setting
- School Professional Development Common Core LDC Module Writing
- District Common Core Implementation Secondary Meetings

December 2016

- Freshman Academy PLC continues strategies to address student needs.
- English PLC and math Department PLCs continue strategies to address student achievement and needs.
- Science PLC and Social Studies PLC meet monthly to review goals; implement literacy strategies in classroom instruction
- Technology Training through monthly professional development District
- Common Core Implementation Secondary Meetings

January 2017

- o Freshman Academy PLC continues strategies to address student needs.
- English PLC and math Department PLCs continue strategies to address student achievement and needs.
- Science PLC and Social Studies PLC meet monthly to review goals; implement literacy strategies in classroom instruction
- All departments analyze first semester grades and adjust instruction accordingly.
- Department chairs meet to review progress, adjust and revise goals as needed for second semester
- o CRT meets with administration to review and revise PD Plan for 2nd Semester.

- o Technology Training –during monthly professional development
- District Common Core Implementation Secondary Meetings

Second Semester/February 2017

- o Freshman Academy PLC continues strategies to address student needs.
- English PLC and math Department PLCs continue strategies to address student achievement and needs...
- Science PLC and Social Studies PLC meet monthly to review goals; implement literacy strategies in classroom instruction All departments review and revise plans for HSAP, EOC, AP prep
- Technology Training during monthly professional development
- o District Common Core Implementation Secondary Meetings

March 2017

- Freshman Academy PLC continues strategies to address student needs.
- English PLC and math Department PLCs continue strategies to address student achievement and needs.
- Science PLC and Social Studies PLC meet monthly to review goals; implement literacy strategies in classroom instruction
- All departments analyze third nine weeks grades and adjust instruction accordingly
- District Common Core Implementation Secondary Meetings
- Common Core Assessment Research and Writing Strategies

April 2017

- Freshman Academy PLC continues strategies to address student needs
- English PLC and math Department PLCs continue strategies to address student achievement and needs.
- Science PLC and Social Studies PLC meet monthly to review goals; implement literacy strategies in classroom instruction
- District Common Core Implementation Secondary Meetings
- Technology Training through monthly professional meeting

May 2017

- Freshman Academy PLC continues strategies to address student needs.
- English PLC and math Department PLCs continue strategies to address student
- Science PLC and Social Studies PLC meet monthly to review goals; implement literacy strategies in classroom instruction
- All departments analyze second semester grades and adjust instruction accordingly.

SCHOOL-BASED PROFESSIONAL DEVELOPMENT CALENDAR 2016-2017 PERFORMANCE STANDARD 5: PROFESSIONAL DEVELOPMENT GREENVILLE SENIOR HIGH SCHOOL

ADVANCED ACCREDITATION STANDARD 3: TEACHING AND LEARNING

A school is successful in meeting this standard when it implements a curriculum based on clear and measurable expectations for student learning that provides opportunities for all students to acquire requisite knowledge, skills, and attitudes. Teachers use proven instructional practices that actively engage students in the learning process. Teachers provide opportunities for students to apply their knowledge and skills to real world situations. Teachers give students feedback to improve their performance.

ADVANCED ACCREDITATION STANDARD 4: DOCUMENTING AND USING RESULTS

A school is successful in meeting this standard when it uses a comprehensive assessment system based on clearly defined performance measures. The system is used to assess student performance on expectations for student learning, evaluate the effectiveness of curriculum and instruction, and determine interventions to improve student performance. The assessment system yields timely and accurate information that is meaningful and useful to school leaders, teachers, and other stakeholders in understanding student performance, school effectiveness, and the results of improvement effort.

GREENVILLE COUNTY SCHOOL DISTRICT PROFESSIONAL DEVELOPMENT REQUIREMENT

- All teachers must participate in a minimum of 24 hours of professional development (PD) during each school year.
- At least 12 of these 24 hours will be offered by the school/principal.

PROFESSIONAL DEVELOPMENT EXCHANGE DAY(S)

- Teachers may earn 1 or 2 days off for PD received during "off contract" time from the day after school's out in 1 year until the day school's out the next year.
- "Off contract" time includes weekend, holiday, after school, and summer hours that are outside of the teacher's regularly scheduled working hours.
- Hours used toward a day off can't have been used to gain in-service credit for certificate renewal, college course credit, or a stipend. They can be part of the district yearly-required 24 hours.
- 7 hours of professional development may be exchanged for one day off.
- Days off must be taken on predetermined PD exchange days on the district calendar and be approved in advance by Mr. Warren.

STATE CERTIFICATE RENEWAL GUIDELINES

• New teachers with a SC Initial Certificate aren't eligible to accrue renewal credit points toward certificate renewal until they have a SC Professional Certificate.

- Teachers with a SC Professional Certificate with less than a Masters degree must earn at least one 3-hour graduate level course from an accredited college or university and 60 renewal points or an additional 3-hour graduate course within a five-year validity period to renew their state Professional Certificate.
- Teachers with a SC Professional Certificate with a Masters degree or higher must earn 120 renewal credit pts, 6 college credit hours, or 60 renewal credit pts. & 3 college credit hours in a 5 year validity period to renew their certificate.

DEPARTMENT PROFESSIONAL DEVELOPMENT: (TOPICS AND DATES SCHEDULED AS NEEDED)

- Each teacher will be required to attend the session during an assigned department professional development.
- Attendance will be taken at each session and will be recorded on the Portal with recertification points.

AFTER SCHOOL MEETINGS AND PROFESSIONAL DEVELOPMENT: (SCHEDULE ADAPTED AS NEEDED)

1st Wednesday, 4:00—5:00: Department Head Meetings

2nd Wednesday, 4:00—5:00: Department Meetings

3rd Wednesday, 4:00-5:00: Faculty Meeting

4th Wednesday, 4:00—5:00: Professional Development

FRESHMAN ACADEMY PROFESSIONAL DEVELOPMENT:

Bi-Weekly Thursdays, 5th Period Planning: Freshman Academy

- Each Freshman Academy teacher will be required to attend the sessions.
- Attendance will be taken at each session and will be recorded on the Portal with recertification points.
