SCHOOL RENEWAL PLAN COVER PAGE

SCHOOL NAME: Riverside Middle School

SCHOOL RENEWAL PLAN FOR YEARS 2018-19 through 2022-2023 (*five years*)

SCHOOL RENEWAL ANNUAL UPDATE FOR 2022-2023 (*one year*)

Required Signature Page

The school renewal plan, or annual update, includes elements required by the Early Childhood Development and Academic Assistance Act of 1993 (Act 135) (S.C. Code Ann. §59-139-10 *et seq.* (Supp. 2004)), the Education Accountability Act of 1998 (EAA) (S.C. Code Ann. §59-18-1300 *et seq.* (Supp. 2004)), and SBE Regulation 43-261. The signatures of the chairperson of the board of trustees, the superintendent, the principal, and the chairperson of the School Improvement Council, and the School Read to Succeed Literacy Leadership team lead are affirmation of active participation of key stakeholders and alignment with Act 135 and EAA requirements.

Assurances for the School Renewal Plans

The assurance pages following this page have been completed and the district superintendent's and school principal's signature below attests that the school/district complies with all applicable assurances requirements including ACT 135 assurance pages.

ASSURANCES FOR SCHOOL RENEWAL PLANS

Assurances checked below, along with the signature page signed by the superintendent and school principal, attest that the school complies with all federal and state applicable statute and regulation requirements, including those listed.

Early Childhood Development and Academic Assistance Act (Act 135) Assurances

[S.C. Code Ann §59-139-10 *et seq.* (Supp. 2004)]

NA **Academic Assistance, PreK–3**

The district makes special efforts to assist children in PreK–3 who demonstrate a need for extra or alternative instructional attention (e.g., after-school homework help centers, individual tutoring, and group remediation).

☒ **Academic Assistance, Grades 4–12**

The district makes special efforts to assist children in grades 4–12 who demonstrate a need for extra or alternative instructional attention (e.g., after-school homework help centers, individual tutoring, and group remediation).

☒ **Parent Involvement**

The school encourages and assists parents in becoming more involved in their children's education and will make special efforts to meet with parents at convenient times, provide parents with their child's individual test results, interpretation of the results, and information on the district's curriculum and assessment program. The school will encourage frequent communication between home and school, thus providing more opportunities for parental participation. The school will make efforts to designate space for parents to access educational resource materials. Part of the principal's and superintendent's evaluation may include parental involvement expectations. The school will make efforts to provide parents with information pertaining to expectations held for them by the school system, such as ensuring the attendance and punctuality of their children.

☒ **Staff Development**

The district provides staff development training for teachers and administrators in the teaching techniques and strategies needed to implement the school/district plan for the improvement of student academic performance. The staff development program reflects requirements of Act 135, the EAA, and the National Staff Development Council's revised *Standards for Staff Development*.

☒ **Technology**

The district integrates technology in professional development and classroom instruction in order to improve teaching and learning.

☒ **Innovation**

The district funds innovative activities to improve student learning and accelerate the performance of all students.

☒ **Collaboration**

The district (regardless of the grades served) collaborates with health and human services agencies such as county health departments, social services departments, mental health departments, First Steps, and the family court system.

- ☒ **Developmental Screening**
The district ensures that students receive all services necessary for growth and development. Instruments are used to assess physical, social, emotional, linguistic, and cognitive developmental levels. This program is primarily at primary and elementary schools although screening efforts could take place at any location.
- NA Half-Day Child Development**
The district provides half-day (and sometimes full-day) child development programs for four-year-olds. The programs primarily operate at primary and elementary schools, may be at locations with other grade levels, or be located in a completely separate school.
- NA Developmentally Appropriate Curriculum for PreK–3**
The district ensures that the scope and sequence of the curriculum for PreK–3 is appropriate for the maturity levels of students. Instructional practices accommodate individual differences in achievement levels and take into account the student's social and cultural context.
- NA Parenting and Family Literacy**
The district provides a four-component program for parents and children that integrates all of the following activities: interactive literacy activities between parents and their children; training for parents to be partners in their children's education; parent literacy training in economic self-sufficiency through adult education; and age-appropriate education to prepare children for success in school and life experiences. Family Literacy is not grade specific, but is generally most appropriate for parents of children at or below the primary and elementary school levels, and secondary school students who are also parents. Family Literacy program goals are to strengthen parental involvement in the learning processes of preschool children ages birth through five years; promote school readiness of preschool children; offer parents special opportunities to improve their literacy skills and education; provide parents educational opportunities; and identify potential developmental delays in preschool children through developmental screening.
- NA Recruitment**
The district makes intensive efforts to seek out and serve those parents or guardians of children, from birth to five years of age, who are considered at-risk for school failure. "At-risk children" are defined as those whose school readiness is jeopardized by any of, but not limited to, the following personal or family situation(s): poverty, limited English proficiency, significant developmental delays, a parent without a high school diploma or equivalent, instability or inadequate housing and/or family, poor health (physical, mental, emotional), and/or child abuse and neglect.
- ☒ **Coordination of Act 135 Initiatives with Other Federal, State, and District Programs**
The district makes efforts to ensure that all programs and funding, including Act 135 initiatives, are coordinated with programs such as Head Start, First Steps, Title I, and programs geared towards students with disabilities.

INTRODUCTION

Riverside Middle School has, from the opening of the school, in the fall of 1999, been a school striving for improvement for the sake of the students. Throughout the school's history Riverside Middle School has developed the school improvement plan with the investment of all stakeholders via a common process. The school portfolio is a living document that describes RMS and includes actual evidence of our work. It describes who we are, our vision for the school, goals, plans, progress, and achievements in the context of client demographics and needs, and school partnerships. The portfolio also describes how we build and utilize our overall school plan for the purpose of increasing student learning— our ultimate outcome.

The initial development and continual update of the portfolio originally involved the RMS community organized into committees based on the portfolio sections and working under the Baldrige model. In the fall of 2009, RMS applied for, and was accepted into, the Making Middle Grades Work (MMGW) program, a part of the Southern Regional Education Board (SREB) middle grades initiative. RMS used this model for continual improvement until state funding was eliminated for the program.

In the fall of 2015 the RMS community selected the National Forum to Accelerate Middle-Grades Reform Schools to Watch initiative as a basis for continued school improvement. Member schools believe that three things are true of high- performing middle-grades schools. Schools to Watch are academically excellent, developmentally responsive and socially equitable. During the 2015-2016 school year RMS began the Schools to Watch process with a detailed self-assessment.

The following school year, ten focus teams of stakeholders were formed based on the results of this self-assessment process to address areas of need in the school. These focus teams developed action plans with specific goals and action steps which were executed during the 2016-2017 and 2017-2018 school years. The focus teams were asked to complete the cycle by collecting data and assessing effectiveness of the strategies implemented in order to develop a continuing action plan for coming school years. The focus teams are listed below. Each team was comprised of 10-15 faculty and staff members.

- Capturing Kids Hearts: The School Environment
- Coaching and Mentoring
- Discipline and Data
- Interdisciplinary Studies
- Professional Learning Communities
- Project Based Learning
- Student Incentives
- Scheduling and Intervention
- School and Community Connections

RMS has been honored to be nominated as both a South Carolina School to Watch and a Capturing Kids Hearts National Showcase School. Although neither distinction was awarded to the school, both processes, which involved intensive observations from outside committees and extensive self-study and reflection, yielded invaluable feedback which has helped to inform this renewal plan, as well, during the School Portfolio Revision outlined in the chart at the conclusion of this section.

Regardless of the improvement process being implemented, as a learning community, RMS collects necessary data, solicits input from the staff, SIC Committee, student representatives, PTSA representatives and community representatives, disaggregates and analyses data, researches current literature and best practices, surveys as needed, develops or modifies goals and school practices, updates the portfolio as needed, and reports to various community groups concerning the entire process. When further direction and input is needed, RMS calls on a variety of sources including district professionals, community leaders, other school experts, state educational representatives, and consultants.

As a result of this continual reflection and introspective examination, various challenges have been brought to light over the years. Those challenges have been met with great determination and many have been eliminated. Some, while giving best effort, have proved to be more demanding and remain our focus for our school action plan. Others have arisen more recently because of various facts such as a changing population. Because of the commitment of RMS to continually improve, these challenges have been discovered and are being confronted. One observation that is continually at the center of the process when children are involved: RMS will never be so good that it can't do better.

Please enjoy this comprehensive document as it provides the story of who we are and how we work together to continuously improve what we do to prepare our students to become successful citizens and participants in the future world!

The Staff of Riverside Middle School

EXECUTIVE SUMMARY

Riverside Middle School is a collaborative school community where stakeholders work together for the success of all students. Striving for and attaining excellence is a persistent desire among faculty, staff, and the community and the only point of satisfaction for Riverside Middle School. In our pursuit of excellence, faculty and staff use all available data to identify areas of growth and the strategies most likely to lead to student achievement.

Student Achievement

With student achievement at the forefront, significant resources are allocated to studying the needs of our students. Overall, the students at RMS historically have performed at a higher level than the district and state averages as evidenced by the mean averages for the various state assessments. Even within subgroups RMS students perform, on average, better than district and state average. However, on each assessment, certain subgroups, did not perform at the same level as the general RMS population. Of particular note is the subgroup of “With Disabilities” which has achieved a lower mean score relative to non-disabled peers, but above the state and district average for students with disabilities. Also of concern are the subgroups of African-American, Limited English Proficient, and Students in Poverty. These subgroups are the target for many of the strategies developed with the Schools to Watch focus teams including a schedule that allows for an intervention (Flex) period, teacher-staffed before school extra help labs, teacher-staffed academic remediation programs after school, building relationships through the Capturing Kids Hearts model, and increased awareness of best practices for diverse student populations. Quarterly benchmark data analysis, Student Work Analysis Protocols (SWAP), as well as the teachers’ annual Student Learning Objectives reflect a focus on these identified student needs.

Teacher and Administrator Quality

Having a qualified certified staff is paramount to attaining the student achievement goals set for our school. RMS currently has 84% of the teaching staff has advanced degrees, with two of those being Doctorate level degrees. Five teachers are “National Board” certified. Ninety-seven percent of academic, essential arts, and special education classes are taught by teachers certified in that specific area. As staff members retire or elect to take other positions, great effort is placed on hiring new staff highly qualified to meet the demands of a middle school environment. In addition, all staff members are provided with a variety of staff development opportunities designed to help meet the school goals. All administrators have principal certification among other supervisor and subject areas certifications. The guidance counselors all have state guidance certification and career development certification, with one counselor being certified by the National Board of Certified Counselors. The media specialist holds media specialist certification, and the instructional coach is National Board certified and is highly qualified in two middle level areas. Among the academic support staff there is a total of 90 years of experience in education.

School Climate

The overall school climate of RMS continues to be positive. In state report card questionnaire results, teachers, students, and parents have encouraging views of the school. This year when questioned if satisfied with the learning environment, teachers gave 96% satisfactory rating, while students scored 81% and parents, 87%. The percent satisfied with the social and physical environment was 96% for teachers, 82% for students, and 78% for parents. Asked if satisfied with school-home relations, teachers reported 98% satisfaction, students 91% and parents at 68%.

Challenges

While these statistics are considered acceptable by most, RMS is not content to accept anything less than 100%. Significant challenges over the past few years continue to be the various subgroups that perform lower than the total population of RMS on various state assessments. RMS has implemented processes and activities that we believe will assist in this effort. We have established an intervention and remediation period during the school day called Flex time. Teachers are able to meet with students who need extra help or who need to make up work. In response to the Covid-19 pandemic, we have implemented an afterschool remediation program to help get students back on track academically. We offer a full spectrum of Special Education services that focuses on inclusive practices and targeted interventions, in which students with special needs are included in the general education setting to the greatest extent possible while also provided with a continuum of special education support services based on their individual needs. This model has been effective in increasing the on-grade level instruction for students, and students with special needs have demonstrated growth toward grade level standards on school-wide benchmarks and embedded assessments in intervention programs, however, we have not seen that growth translate into higher achievement school-wide on state standardized tests.

Another challenge faced by the school has been the need for improved communication to the home and community. RMS continues to emphasize the importance of a strong partnership with our families and community. While the survey results in this area would not necessarily be considered low scores to most, RMS prides itself on nothing but the best. Much conversation and work has gone into improving these areas. More announcements sent home via telephone and email, a stronger public relations drive, a redesigned website, a stronger social media presence, and continued development of teacher websites to include specific classroom information have been some of the focused efforts. In non-pandemic years, additional opportunities for community involvement, including a Community Spirit Fest and Family Literacy Night have served to strengthen home-school connections, as well. Preliminary results indicate that these perceptions are improving but more work is needed in this area.

Accomplishments

Challenges allow Riverside Middle School to accomplish much. RMS has had a growth rating of “Excellent” on two of the three most recent school report cards where ratings were issued. RMS has won the Palmetto Gold Award for many years in the area of General Performance and the Palmetto Silver or Gold Award in the area of Closing the Gap several times over the same time period. RMS has been a Red Carpet Award winner and the Palmetto’s Finest Middle School in the past. Several students and faculty have won various competitions, events, honors, and awards at the state and national level. The school was also awarded the National PTSA School of Excellence designation in 2015, and multiple times, an RMS teacher has been named the SC PTSA State Teacher of the Year. In the Spring of 2018, RMS Principal, Ms. Kate Malone, was named the SC PTSA State Middle Level Administrator of the Year, and RMS PTSA President, Mrs. Jennifer Phillips was named the SC PTSA State Volunteer of the Year. Mrs. Natalie Ingle was awarded the 2021 South Carolina Association of School Librarians Library Paraprofessional of the Year award. During the 2017-2018 school year, RMS was nominated as both a South Carolina School to Watch and a Capturing Kids Hearts National Showcase School, distinctions the faculty and staff are excited to continue to pursue in the coming years.

Exceptional student accomplishments include the highest number of all-state, region and county orchestra participants from a middle school in the district in both Orchestra and Band, multiple Superior Ratings in both band and orchestra at state level competitions, the Outstanding Performance Award from the SC Association of

Band Directors, SC Junior Scholars/Duke TIP Scholars, PTSA district and state Reflections Winners, Math Counts Regional Competition, Special Olympics Unified School, and Model United Nations Distinguished Delegation, among others.

Though always proud to discuss successes, faculty, staff, parents and students realize that excellence is the vision and not a destination. As a community, we will continue to assess our progress, adjust goals as necessary, and hold ourselves accountable to meet these goals through rigorous and intense yearly review.

SCHOOL PROFILE

Riverside Middle School is a suburban middle school serving approximately 1130 students in the northeastern part of Greenville County. Due to the rapid growth on the eastside of our county in the mid-1990s, a new middle school was necessary to accommodate the community. The school building plan started with an initial budget of

\$14,953,000 situated on land valued at \$805,800. The school quickly took shape as the new area middle school and opened its classrooms to the community in the fall of 1999, bringing together 692 students reassigned from three surrounding middle schools.

Our School Community

The school facility was designed to accommodate 1,050 students and consists of the following: 137,000 square feet of space and contains . . .

- 50 classrooms
- 9 science labs
- Fine Arts rooms including Art, Band, Strings, and Chorus 1 Food and Nutrition Services lab
- 2 technology lab rooms
- 1 computer lab/industrial technology expansion room
- 1 gymnasium with seating capacity of 350
- cafetorium seating 364 for dining and 444 for assemblies 3 softball/baseball fields
- football/soccer/lacrosse fields 2 lighted softball fields
- 1 track
- 4 paved basketball courts
- 4 tennis courts
- 2 gaga ball pits

The administration area houses the principal, secretary, attendance clerk, workroom, and a volunteer/PTSA room. The health room, Technical Assistance Coordinator, and the media center occupy other spaces in this area. The three assistant principals and guidance counselors are housed on each grade level hall, while the instructional coach is centrally located on the main corridor going to the grade level hallways.

The school is very functional and flexible. Every effort has been made to design the school to be attractive and inspiring. This was accomplished with skillful use of windows, open areas, color and arrangement of drives, sidewalks, walkways, and athletic fields. The site provides a beautiful campus with landscaped areas at entrances and in the courtyard. In 2019, school safety was enhanced by placing a fence around the majority of the campus' perimeter.

School Leaders

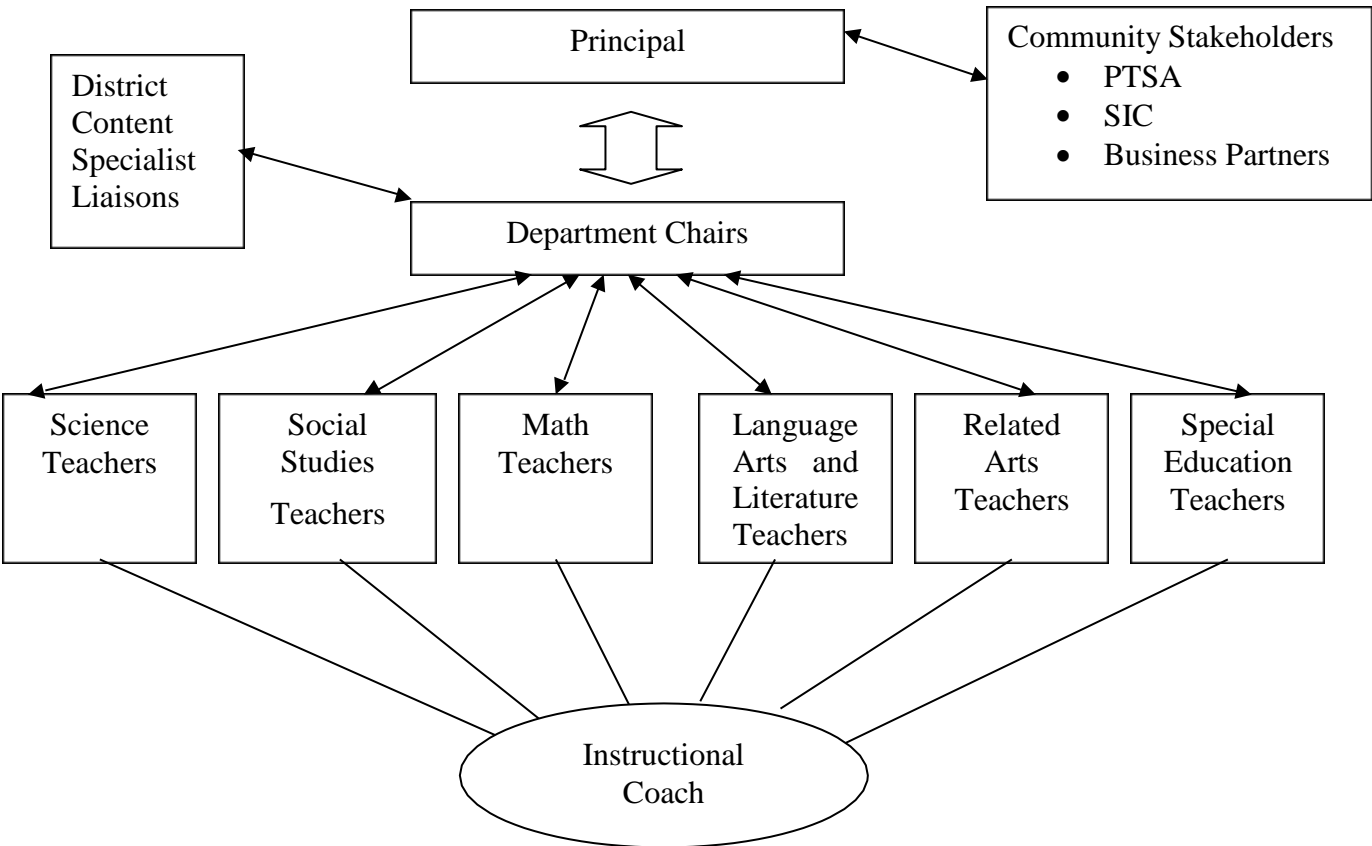

Ms. Katherine Malone was selected in the spring of 2014 as the fourth principal of the school. She was an assistant principal and interim principal at another district middle school before accepting the principal position at the start of the 2014-2015 school year. The administrative team also includes three assistant principal positions. Mr. Christopher Guth became assistant principal at the beginning of the 2016-2017 school year after having taught social studies at another district middle school. Mrs. Danielle Orgovan joined the Riverside Middle administrative staff in 2020 with eight years of educational experience from South Carolina and New

York combined. Additionally, Mrs. Virginia Walker, with 36 years in Greenville County Schools, joined our administrative staff as a long-term substitute at the beginning of 2022. Her many years of administrative service, teaching, and counseling are a big asset to RMS this school year.

The daily operations of the school were established in accordance with the School Board Policies and adapted to better meet the needs of our student body. The School Board and our administrative team work in a reciprocal relationship that allows the leadership of the school to make local decisions that maximize student achievement.

As a direct result of increased demands for higher student achievement and accountability at the classroom level, the administrative team works collaboratively with the faculty to maintain quality teacher expectations by implementing a collaborative decision-making process, and a systematic approach for information dissemination.

To ensure the faculty continues to be active in upholding the school’s vision, the leadership of the school clearly articulates the importance of the goal across grade levels in order to make sure that faculty members understand and apply identified standards to achieve the school's vision. As can be seen in the chart below, a school-wide structure for information dissemination and project completion was developed for both departmental goals and school wide program delivery.

Academic department meetings are scheduled each month and published in the staff handbook. During department meetings, teachers in all content areas discuss ways to implement teaching and learning strategies that reflect best practices, changes in curriculum, and events or programs that may lead to greater student

achievement, including vertical articulation and data analysis. Department chairs disseminate information or materials that are relevant to the department. Vertical teaming discussions help teachers gauge how to implement the state standards, build on the students' prior knowledge and provide differentiated instruction that is appropriately on grade level. Teachers in each department also work with elementary and secondary teachers to improve curriculum alignment to better prepare students that are entering the middle grades or moving on to high school. Departments also meet with elementary and secondary teachers to assist in aligning the middle school curriculum to better prepare students that are entering the middle grades or moving on to the high school. Department minutes are emailed to the administrative team.

Decision-Making Process/School Leadership Team

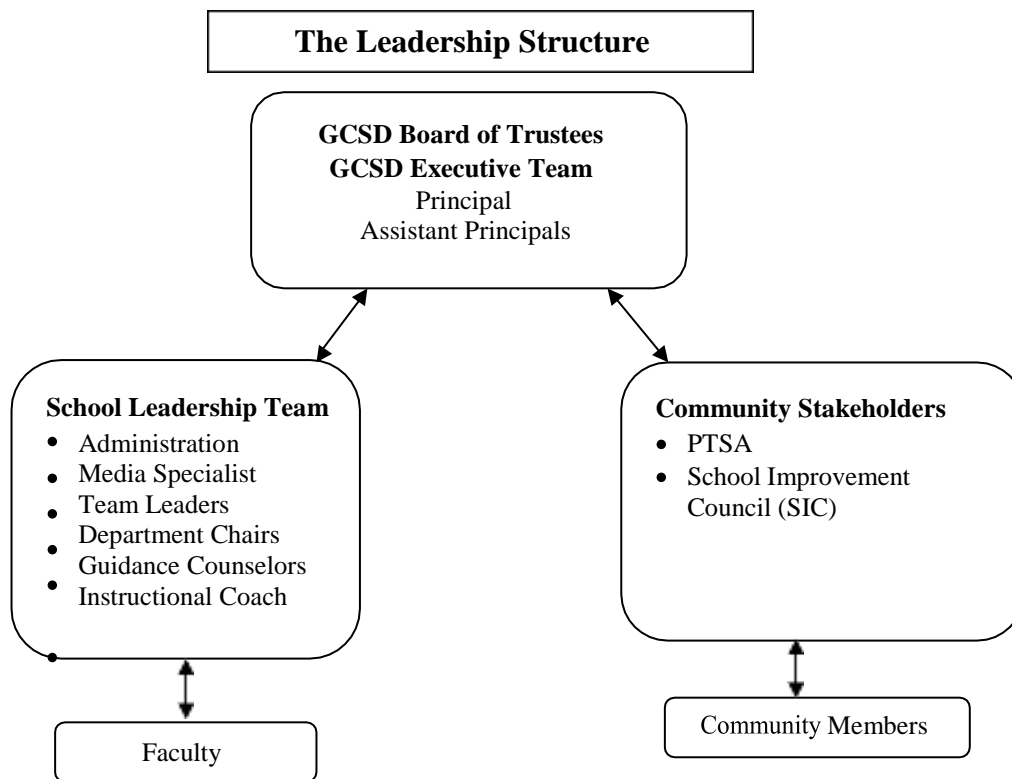

The School Leadership Team consists of the principal, three assistant principals, a guidance counselor, the media specialist, the instructional coach, grade level team leaders, department chairs, and related art representatives who meet each month on a date and time conducive to the whole group. Leadership meetings provide small group discussions that initiate the shared decision-making process. During the meetings, members express concerns about school-wide issues, present new ideas to better the school or maximize student achievement, and suggest solutions to problems that impact the entire school. The leadership team is then responsible for taking the discussions to each team or department and acquiring further input from the faculty. Further input from teams and departments is then provided to the administrative team to make sound decisions that maintain the mission and the school vision. This effective method ensures that all faculty and staff are informed and have input and thus held accountable and responsible for the shared information and decision-making process.

School-Wide Information Dissemination

Administrative meetings are held, as needed, on Wednesday of each week during morning planning periods. Faculty meetings, if needed, are after school on the first Wednesday of the month. These meetings serve to unite the staff through professional development and collegiality and broaden the school-wide awareness of up-coming events and activities. These meetings also provide opportunities to strengthen one area of the school-wide focus: maximizing literacy instruction across the curriculum.

Each Thursday is set aside for Grade Level meetings during planning periods. Curriculum or professional development meetings are scheduled for Wednesday during the first part of planning. Tuesdays of each week are for grade level academic Professional Learning Communities (PLCs) to collaborate and plan. One Tuesday per month is devoted to district-wide PLC meetings. These various meetings are used for a variety of informational or professional development topics as they arise throughout the year.

Emails are an efficient way of communicating important information in a fast, effective manner. However, to minimize the time spent checking emails and coordinating efforts, each week the principal prepares and sends an electronic newsletter she has titled the “RMS Weekly Update” that consolidates school-wide information and allows teachers to refer back to the content, as needed. As appropriate, the staff receives the portions of the district “eManagement Memo” to maintain a level of awareness on the district level, as well. The principal also sends a weekly messenger via phone, email, and social media to all students, parents, and staff.

Grade Level Teams

Riverside Middle School has various teams in place to support students: grade level teams (all grades), academic teams (all grades), and interdisciplinary teams (three in the 6th grade and four in both 7th and 8th grades). Dissemination of information is not just one-way; teams work collaboratively towards improved student achievement in all subject areas. Each grade level team meets periodically throughout the week during a common planning period to discuss cross-curricular planning, student work, effective teaching strategies that address varied learning modalities, student issues (social, academic, emotional, behavioral, etc.) that may impede student learning, grade level business, and school topics. Beginning in the 2017-2018 school year, grade level teams also participated in On-Track meetings aimed at creating interventions for students who demonstrate a need in either academics, behavior, or attendance. Allowing time for teachers to discuss successful strategies as well as their experiences in the classroom helps each team focus on areas that are strong and areas that need improvement. During each team meeting, information that is discussed is recorded and sent in minute form via email to the leadership team. Members of the leadership team will respond with comments or concerns for the team leader to discuss at the next team meeting. Teams meet with the Instructional Coach to create a shared vision for the school and for professional development and training. Team minutes are e-mailed to other teams to keep each team informed of other team decisions.

Community Stakeholders

As an integral part of the decision-making process, our Parent Teacher Student Association Board and School Improvement Council meet monthly to provide input from the community's view point. The PTSA Board consists of 40 members who work diligently to ensure that the needs within the classroom are being met. During the PTSA meetings, the President and other committee leaders ask for input from the teacher and student representatives on how PTSA can assist in the daily and financial functioning of the school. The PTSA coordinates tea sales, school store, volunteers, dances, fundraisers, spirit days, teacher luncheons, and many other areas that allow the school to operate efficiently each day. Teachers, parents, business leaders, students, and a school administrator comprise the School Improvement Council. During the SIC meetings, the committee works to improve student and teacher life and morale as well as discuss and brainstorm solutions to challenges facing the school. In recent years, our SIC has been responsible for conducting a community study of transportation routes to school that resulted in the community expanding the walking paths adjacent to the school, resulting in a Silver Level Partnership with the Safe Routes to Schools Initiative of the SCDOT. SIC and PTSA have also partnered to increase the social justice in our school through efforts to incorporate meaningful multi-cultural activities, and to raise awareness of important issues facing our students including digital citizenship and the effect of technology on students' lives.

Personnel Data

With an outstanding faculty (84% with advanced degrees and 63% with 20+ years of educational experience) who loves a challenge (12% are currently pursuing advanced degrees), Riverside is able to offer a rigorous academic program for the academically gifted child, the average learner, and the struggling student. Currently, there are five National Board Certified teachers among our faculty. The administrative staff consists of one principal and three assistant principals. The support staff consists of five guidance counselors, an ESOL teacher, a media specialist, one instructional coach, one part-time licensed speech therapist, one nurse, one resource police officer, one social worker, a secretary/bookkeeper, one attendance clerk, one guidance clerk, one receptionist, three special education aides, one in-house substitute, one plant engineer, one food services manager, one library clerk, one technical assistance coordinator, five custodians, and seven food services workers. The entire staff is dedicated to providing quality education for all students in grades six through eight.

Each grade level has two common planning periods and meets as needed to plan interdisciplinary studies and activities and to assess student progress.

Teachers participate in professional development programs offered by the district as well as in-house professional development and offerings through colleges, universities, and technical schools in the area. The instructional coach provides support for faculty in the areas of curriculum, technology, and research. The school's technology plan provides direction for future efforts in technology integration, which included RMS's participation in the Discover Education Digital Leadership Corps to build capacity among teachers for the implementation of the GCSD Personalized Learning Initiative. Technology goals address increasing accessibility, offering more frequent opportunities for education and training, upgrading and replacing existing systems, and expanding the types of technology made available to students and staff members.

In keeping with the school's tagline, "*Learning Today, Leading Tomorrow*," the Riverside Middle faculty and staff strive to work together to educate every student. Along with core subject areas, the arts are viewed as equally important components of a well-balanced education. As a part of that commitment, each student participates in two essential arts classes each day.

The Riverside Middle faculty commitment to personal excellence is seen by a majority affiliating with professional educational associations and participating in national, state, and local conferences such as: National Association of Middle Level Educators, National Science Teachers Association, National Conference of Teachers of English, SCASSA, Leadership Greer project, South Carolina Science Council, International Reading Conference, Clemson Research Forum, Music Educators' National Conference, SC Association of Middle Level Education, SC Aquarium, South Carolina Art Commission, SCHAARHER, GCCTM, SCCTM, South Carolina Council for Social Studies, National Council for Social Studies, SC Association of School Administrators, and ITC. The RMS faculty members attend numerous workshops and conferences on such topics as: gifted and talented, ADEPT, writing skills, vertical teaming, SAT improvement plan, implementing the state standards, classroom management and assessment, and incorporating technology in the curriculum.

Other staff members participate in a variety of professional development activities such as custodial college, food service certification programs, technology training courses, and Continuing Growth for Office Professionals.

RMS teachers have been awarded Alliance, EIA, SCIRA and PTSA grants, selected for Space Camp scholarship, published research, and have presented at state and national conventions. Several teachers at RMS have won scholarships to participate in the Upstate Writing Project Summer Institute. Two teachers have won fellowships from SCDE, Carnegie, and Greenville County Schools to attend Bread Loaf School of English. Two teachers participated in a two-day Master Teacher seminar with the Anne Frank Center in NYC and the Anne Frank House in Amsterdam, Netherlands. One teacher received a scholarship for a six-week summer study abroad from the Consulat Francais (French Consulate). One teacher was chosen to participate in the Teaching Asia seminar and has been selected in a study tour of China and Japan. One was also selected by the Goethe Institute to participate in the Transatlantic Outreach program to study and travel in Germany for two weeks. Two others were also selected by the Riley Institute at Furman to study government at Furman University and in Washington DC. Three have been chosen Greenville County Top Ten Teachers of the Year. One RMS teacher was a Christa McAuliffe Fellowship state finalist. Another teacher has been recognized as the State and National Social Studies Teacher of the Year. Others have been recognized as Distinguished

Teachers of Reading and Science Teachers of the Year. One Fine Arts teacher has won three SC DOE Arts Curriculum Innovation Grants of the Target 2000 grant series and a grant to attend the Music Technology institute at Petrie School of Music at Converse College and a Greenville Music Club grant. These grants have been used to purchase technology and other equipment to provide in-service opportunities in the Fine Arts. The school nurse was a finalist in the Diabetic nurse of the year awarded by the juvenile diabetic association. Recently, a teacher received a \$5,000 Best Buy Grant. The RMS MakerSpace received a grant through Global Promise Initiative and was featured in that organization’s documentary about the impact of MakerSpaces in schools. Several teachers have presented at local, state, and national conferences like EdTech, SCIRA, SCAMLE, South Carolina Social Studies Conference and the National Social Studies Conference, NECC, and the SCASA iImagine Conference. RMS teachers have been published in national journals and magazines. One teacher was selected to participate in writing the state social studies standards. Several teachers have been selected to write curriculum for the district. One teacher has won the Yale Distinguished Music Educator Award.

Student Population Data

The school serves a community with an area of approximately 36.84 square miles. This area has seen a major increase in the number of households and a significant population growth. According to the most recent available U.S. Bureau of Census statistics, the population in this area has grown approximately 29% since the school opened. The mean adult age for the area is approximately 37 years old. The ethnic composition of the area is 89% White, approximately 7% Black, 3% Hispanic, and 1% Asian, which is less diverse than the ethnic composition of RMS. The education composition of this area is 90.1% of the population completing a minimum of a high school education with 38.5% having a minimum of a bachelor’s degree. Income levels vary with approximately 10.6% of the population living in poverty and a median household income of \$67,083. The area has a diversity of businesses affording a variety of community partnerships, shadowing programs, and guest speakers, including partnerships with Michelin, Milliken, BWM Manufacturing, WiredMinds, local churches, and more.

As can be seen in the above chart, the student enrollment has increased steadily since the opening of the school. Our total population for the 2020-2021 school year is 1,122 students. Currently, 765 of our students (349 boys & 416 girls) are being served in 5-day a week, face-to-face services by four administrators, 56 teachers, and 33 support staff. In response to the Covid Global Pandemic, 357 of our students (163 boys &

194 girls) have chosen to participate in the Greenville County School’s Virtual Program, but are still part of the RMS family.

Riverside Middle School’s current enrollment is:

Grade	2017-2018 Enrollment	2018-2019 Enrollment	2019-2020 Enrollment	2020-2021 Enrollment	2021-2022 Enrollment
Grade 6	334	362	378	360 (257 in person & 103 virtual)	335
Grade 7	427	396	374	383 (247 in person & 136 virtual)	385
Grade 8	369	371	414	379 (261 in person & 118)	410

The current ethnicity of the school is African American-13%, Asian-10%, Hispanic-12%, Two or more ethnicities-5%, American Indian or Alaska Native-<0.5%, Native Hawaiian or Other Pacific Islander-<0.5%, and Caucasian-59%. Approximately, 40% of our students are “pupils in poverty.” Since the school opened, we have become a more diverse community.

There are 82 students being served with Individual Educational Plans (IEPs) this year. Of these, nine are in a self-contained setting for students with moderate to severe intellectual disabilities and 73 are in some form of inclusion setting. Co-taught classes are offered in English/Language Arts classes and mathematics classes for all three grade levels. In addition to IEPs, Riverside serves 57 students with 504 plans who require minor accommodations (copies of notes, preferential seating, extended time) in the regular education setting.

Approximately 41% of the total school population has been identified as Gifted and Talented. These students are served, for funding purposes, through the ELA classroom in GT ELA and English I Honors. However, there are multiple opportunities for students to excel in all areas of their academic life, including two levels of math at each grade level and over a dozen high school credit classes in core and related arts subjects.

Some students at Riverside Middle School have chronic long-term health issues. We have a certified nurse on staff who addresses these in alignment with the students' doctor's care plan. These plans may include daily medications, monitoring of glucose levels, or PRN visits (as needed). All students are able to access the nurse for any medical needs that arise during the school day. In general, the student activity level and acuity in our health room is steady on a daily basis.

Our students are quite talented and are recognized for their efforts. The RMS Band and Strings performing groups received Disney Music Festival Superior ratings and the Chorus earned an "Excellent" rating. A record number of orchestra students qualified for SCMEA All State Orchestra and Upstate West Region Orchestra. One of our students placed 3rd in the Annual South Carolina Governor's School for the Arts and Humanities Junior Artist Piano Competition, while another ranks 3rd in the 2022 MATHCOUNTS Spartanburg Chapter Competition (Greenville-Spartanburg area). Our Speech and Debate team has placed at local debates, especially in Lincoln-Douglas Debate. Additionally, our co-ed 8th grade robotics team was given the "Create" award for the most innovative robotics design in a regional competition, the Falcon IQ Winter Tournament in 2022.

The 2020-2021 school year student body attendance rate was 94.66%. The out-of-school expulsion rate for violent and/or criminal offenses was 0.0% of the total school population.

School Features

Library Learning Commons

At the beginning of each school year, the library staff provides instruction to all students concerning the availability and use of resources in the library. Throughout the year, special events are scheduled by the library staff to promote and encourage reading for pleasure, as well as learning. Programs include South Carolina Junior Book Award activities, guest author visits, Library Club, Scholastic Book Fairs, Summer Reading, the Greenville Drive All-Stars reading program and the end of the year book exchange. Collaborative planning and teaching with the faculty through subject areas allows students to receive integrated instruction in technology and information literacy skills. Students learn to access information from a variety of resources including books, DISCUS databases and Internet sources to support and enrich class assignments. Early in the school year, the librarian provides hands-on-training to all sixth graders on the use of student home directories, the school district's Acceptable Use Policy and student email accounts. Students are allowed to visit the library on an as needed basis throughout the day. They can also put books "on hold" through the library's website, and the librarian will reserve those for students to pick up the following day. The library is open thirty minutes before and after school for students to browse, check out books, read and complete research using the library resources during these times. They may also utilize library technology to produce assignments. The library also serves as the venue for special activities such as Library Book Club, Book Fair, author visits, SIC and PTSA board meetings, and faculty and other committee meetings, and for this reason is currently undergoing a multi-year update including the purchase of flexible furnishings and organization of the books by genre to be more student-friendly. The library also provides opportunities for students in Service Learning classes and Beta Club to work as student assistants to perform such tasks as shelving books, organizing shelves and preparing books for processing.

Counseling and Other Student Support Services

Riverside Middle School provides a variety of academic supports for students in order to help "Build a Better Graduate." Teachers, administrators, guidance counselors, and parents work together to identify the supports needed. Various supports include:

- Parent Conferences
- Daily posting of work not completed and time built into the school day to work with a teacher on them
- Computer-assisted instruction (Mathia, IXL, No Red Ink, Mastery Connect, etc)
- PTSA volunteer tutoring Peer tutoring
- Teacher directed small group instruction during Flex time.
- Riverside High School student tutoring in and supporting the performing arts
- Individual assistance offered by teachers during and after hours
- Web-based sites provide Social-Emotional Learning support for all students (ReThink Ed, Managing Mental Health, School Links).

School-to-Work activities are infused throughout the curriculum at Riverside Middle School. Career awareness is enhanced through the following existing program:

- Career Education and Teen Leadership classes at all grade levels
- Guest speakers from various career fields

- School Links to explore career clusters and college search
- Specialized field trips planned by teams and individual teachers
- Individualized Graduation Plan (IGP) conference held with every 8th grade student and parent
- Junior Achievement (JA) in a Day Program

The guidance department also led several professional development opportunities for teachers related to student mental health, assisted in the roll-out of a new protocol to identify students in crisis, and support students with social and emotional needs through direct counseling services. The RMS guidance department were pioneers in the district when they brought the documentary Screenagers to our school in 2016, and in 2017, they expanded this effort to educate our community about the impact of technology on children by partnering with Riverside High School to expand the potential audience.

The Student Council, Beta Club, Drama, Teen Leadership, Stories and Swords, and other clubs provide opportunities and experiences for leadership skills. Local businesses provide classroom speakers who share work related experiences and their relationships to the study of language arts, mathematics, science, social studies, and the arts.

Parent Involvement

Riverside Middle School has implemented the following parental involvement strategies in an effort to improve parental involvement:

- Riverside Middle School Agenda/Student Handbook delineate parent and student expectations
- Individual teacher syllabi and introductory letters provide individual class expectations for both parents and students
- All teachers provide classroom websites for parents and students, including a Weekly Planners.
- PTSA Open House once a year and PTSA programs five times a year Sixth grade orientation which encourages parental involvement PTSA volunteer response forms invite parental involvement
- Eighth Grade IGP Conferences
- Open invitations to our School Improvement Committee meetings
- Weekly PTSA/Administrative newsletter and phone blast encourages parent involvement
- PTSA e-newsletter
- Increased social media presence by individual teachers and the school as a whole Parent volunteers
- Parent conferences, School Website, Parent Portal, Google Classrooms, Parent email groups

In an effort to improve the overall school culture and the quality of relationships among and between adults and students, all RMS staff has undergone Capturing Kids Hearts training as part of a two-year grant program funded through the SC state department of education and the Department of Justice. Through implementation of the Capturing Kids Hearts model and the EXCEL communication style, the school culture has improved, and student discipline has decreased. Teachers and students hold each other accountable to social contracts established through collaborative protocols, and follow a variety of specific strategies for communication and relationship building. In the 2017-2018 school year, RMS also eliminated In School Suspension and replaced it with Saturday School. This change allowed the personnel formally allocated for In School Suspension to served students through the On-Track and STAR programs as a positive and pro-active mentor, and decreased the number of hours students were out of class due to disciplinary issue dramatically.

MISSION, VISION, AND BELIEFS

As a learning community that believes in the promise of public education, the faculty, staff, administration, parents, and students of Riverside middle school are committed to our unified vision, values, beliefs, and purpose. Through surveys, focus teams, faculty-wide discussion, and revisions, we have developed the following mission, vision, and set of beliefs.

Our Vision: “Learning Today, Leading Tomorrow”

Our Mission: Riverside Middle School is a community of learners, developing the world class skills to be productive, engaged members of a global citizenry.

Our Beliefs:

- The student is the heart of the school.
- Educational experiences should occur in an inclusive and safe environment; Respect for diversity is a strength that builds bridges between people.
- Family, volunteer and community partnerships are critical to the learning process.
- Every student can capitalize on his or her unique gifts to be an active and engaged learner.
- Middle School should provide a variety of developmentally appropriate experiences to allow students to participate in a global and digital citizenry.
- Curriculum and instruction should meet students’ needs and provide opportunities for all students to achieve their greatest potential.

DATA ANALYSIS AND NEEDS ASSESSMENT

The focus of school improvement is on creating a comprehensive learning organization that understands, cares about, and works for students. In a comprehensive learning organization focused on students, leadership works to *prevent* student failure as opposed to reactively implementing the latest innovations. A focus on students causes a shift in teachers’ roles from providers of information to researchers who understand and can predict the impact of their instruction on students and student achievement; and students from recipients of knowledge delivery to goal-setting, self-monitors who produce independent, quality products. In schools where students and student learning are clearly the focus, expected student outcomes are known; teachers collaborate and are skilled in action research, in knowing, predicting, and acting on the implications of a variety of data about student learning to increase student achievement.

To institute changes that are long lasting and effective, historical and current data are disaggregated and analyzed to isolate and better understand areas of need. When those needs have been discovered, an action plan is formulated based on experience, current research, ability, and inspiration. The following data analysis is a condensed graphic depiction of the self-study process.

Student Achievement Needs Assessment

The following is a fundamental progression of data analysis that takes place each year during program review and portfolio updating.

6th Grade ELA SCReady Test Data

**2020-2021: Not all students tested due to a federal accountability waiver in response to Covid-19.

7th Grade ELA SCReady Test Data

**2020-2021: Not all students tested due to a federal accountability waiver in response to Covid-19.

8th Grade ELA SCReady Test Data

**2020-2021: Not all students tested due to a federal accountability waiver in response to Covid-19.

6th Grade Math SCReady Test Data

7th Grade Math SCReady Test Data

8th Grade Math SCReady Test Data

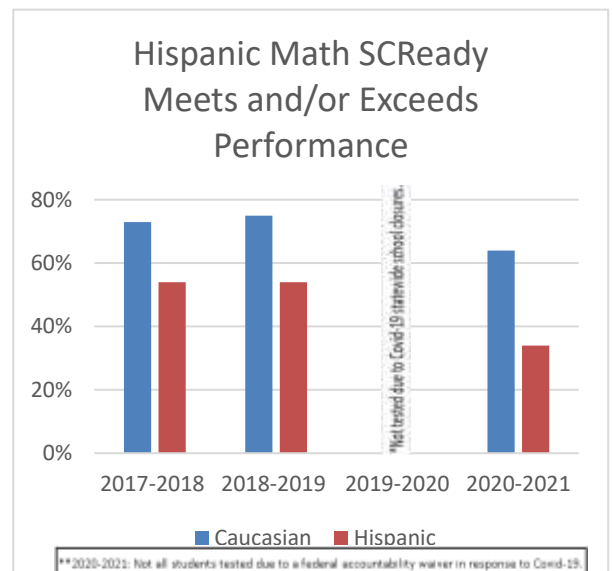

Percent of tests with scores of 60 or above on EOC Exams in:	RMS 2016- 2017	RMS 2017- 2018	RMS 2018- 2019	RMS 2019- 2020	RMS 2020- 2021**
Algebra 1/Math for the Technologies 2	100%	99%	100%	No EOCs given due to Covid-19 statewide school closures	99%
English 1	100%	100%	100%	EOC for English I stopped in 2019	EOC for English I stopped in 2019

**2020-2021: Not all students tested due to a federal accountability waiver in response to Covid-19.

As can be seen from the graphs above, RMS percentages for all tests show a higher percentage in the Met and Exceeds/Exemplary categories in all subjects and at all grade levels. RMS shows a very low Not Met or Approaches percentage and a very high Exemplary or Exceeding percentage.

However, as shown below, students with disabilities and students with Limited English Proficiency are performing below their non-disabled peers and those who speak fluent English. African American Students and Hispanic students, who are also disproportionately represented in the LEP and Disabled subgroups in our school, also show significant performance gaps compared to their non-minority peers.

Teacher and Administrator Quality

The main goal of professional development is to support student achievement. To accomplish this RMS staff realizes a need to continually improve, professional development is extremely important to the learning community. To maximize limited resources, a professional development plan is a fundamental part of the RMS school improvement model.

Riverside Middle School staff attend workshops and conferences based upon individual teachers' professional needs with prior approval from the principal for any requests that require professional leave time. Faculty members who have attended off-site professional development are asked to share what they had learned within our school's Professional Learning Communities (PLC). Our PLC Structure consists of departments, grade level content teams and grade level teams (cross-curricular), as well as work in professional development across the disciplines with the whole-school PLC. The department and school-wide PLC's meet at least monthly, and the grade level content teams meet weekly during content planning. A great deal of professional development is conducted through these PLC's.

In addition to asking each PLC to develop a social contract as part of the Capturing Kids' Hearts protocols and to use the EXCEL communication model for weekly meetings, each Content Team conducts a SWAP: Student Work Analysis Protocol at least once per nine weeks, and analyzes district-wide benchmark data each nine weeks, both of which ask teachers to analyze student data for the purpose of improving instruction, in real time. Finally, each administrator attends the weekly PLC meetings for the same content area to which they are assigned to observe for the nine weeks, that way we can be part of the entire cycle of professional development and instruction and see the commonalities across grade levels.

General school professional development occurs in a wide range of settings including faculty meetings, monthly departmental meetings, weekly curriculum meetings with the Instructional Coach, specialty classes like Promethean Board training, and daily grade level meetings. Professional development at Riverside Middle School is designed to address the annual school-wide student achievement goals, and some activities support multiple goals. There is a focus on analysis of student data to inform instructional decisions. By including various types of professional development opportunities, RMS staff remains current on educational trends and research, as evidenced by the following staff development plan.

Professional Development Plan for 2021-2022

Date	PD Activity	Audience	Cost	Funding Source	Leader(s)
Goal 1	Ensure that students will meet state readiness standards in each of the five subject areas on the state-wide assessment by implementing academic intervention strategies via the MTSS framework				
6/7/2021	This We Believe at RMS	All Teachers	0	N/A	IC, Principal

School Climate Needs Assessment

Student Questionnaire Results

The eighth-grade students attending Riverside Middle School responded to a pre-designed questionnaire from the South Carolina State Department of Education. The results of this survey were used to help compile the South Carolina School Report Card. The following chart lists the responses that were less than 80% of “Mostly Agree” or above. Of the forty-four questions, twenty- eight were shown in this category.

Levels of Student Engagement	2017-2018	2018-2019	2019-2020	2020-2021
Percentage of “Committed” Students	53.0%	66.8%	This data was not collected due to Covid-19 state-wide school closures.	<i>Note: Cognia surveys have been discontinued.</i>
Percentage of “Cognitively Engaged” Students	45.4%	64.5%	This data was not collected due to Covid-19 state-wide school closures.	<i>Note: Cognia surveys have been discontinued.</i>
Percentage of “Behaviorally Engaged” Students	61.0%	72.5%	This data was not collected due to Covid-19 state-wide school closures.	<i>Note: Cognia surveys have been discontinued.</i>
Percentage of “Emotionally Engaged” Students	52.6%	63.5%	This data was not collected due to Covid-19 state-wide school closures.	<i>Note: Cognia surveys have been discontinued.</i>

Opinion Survey Results- Students	2017-2018	2018-2019	2019-2020	2020-2021
Percent satisfied with learning environment	71.4%	76.3%	This data was not collected due to Covid-19 state-wide school closures.	80.9%
Percent satisfied with social and physical environment	71.6%	77.3%	This data was not collected due to Covid-19 state-wide school closures.	82%
Percent satisfied with school-home relations	80.5%	79.9%	This data was not collected due to Covid-19 state-wide school closures.	90.6%

In the first few years of this portfolio, students could select terms that they associate with our school. The most common ones that appear each year are “Helpful,” “Respectful,” “Comfortable,” and “Open.”

Parent Questionnaire Results

Parents whose children were attending the eighth grade at Riverside Middle School were asked to respond to a pre-designed questionnaire from the South Carolina State Department of Education. The survey was designed to measure how they feel about their learning environment. The results of this survey were used to help compile the South Carolina School Report Card.

Opinion Survey Results- Parents	2017-2018	2018-2019	2019-2020	2020-2021
Percent satisfied with learning environment	87.9%	83.8%	This data was not collected due to Covid-19 state-wide school closures.	86.9%
Percent satisfied with social and physical environment	88.1%	86.7%	This data was not collected due to Covid-19 state-wide school closures.	77.6%
Percent satisfied with school-home relations	76.2%	67.3%	This data was not collected due to Covid-19 state-wide school closures.	68.2%
Percent who agree or strongly agree that their child feels safe at school	89.6%	91.3%	This data was not collected due to Covid-19 state-wide school closures.	93.5%
Percent who agree or strongly agree that their child's teachers and school staff prevent or stop bullying at school	56.3%	57.2%	This data was not collected due to Covid-19 state-wide school closures.	58%

In addition to these positive responses, parents could select terms that they associate with our school. The most common ones that appear each year are “Helpful,” “Supportive,” “Brief,” and “Respectful.”

Most parents rate RMS in a favorable manner. Noted in the section concerning what parents do, RMS has a very high rate of participation in activities like Open House and student performances. Over 80% of the parents responded that they attend events at school. A high percentage of parents also report involvement in their students’ lives, including assistance with homework.

Although these numbers are high, items in this survey show room for improvement. The vision of RMS will not be completely met until all children feel safe at school and feel their teachers care about them. It will not be complete until every parent who wants to be involved will be and that every parent and student feels welcome and that all RMS staff care for their welfare.

Teacher Questionnaire Results

All non-administrative staff with a current educational certificate were asked to respond to a pre-designed questionnaire from the South Carolina State Department of Education.

Opinion Survey Results-Teachers	2017-2018	2018-2019	2019-2020	2020-2021
Percent satisfied with learning environment	74.4%	82.6%	This data was not collected due to Covid-19 state-wide school closures.	96.3%
Percent satisfied with social and physical environment	82.1 %	90.5%	This data was not collected due to Covid-19 state-wide school closures.	96.3%
Percent satisfied with school-home relations	84.7%	87.3%	This data was not collected due to Covid-19 state-wide school closures.	98.2%
Percent who agree or strongly agree that they feel safe at their school	92.3%	100%	This data was not collected due to Covid-19 state-wide school closures.	96.3%
Percent who agree or strongly agree that rules for behavior at their school are enforced	79.5%	68.3%	This data was not collected due to Covid-19 state-wide school closures.	90.7%

Most teachers rate RMS in a favorable manner. Morale has turned in a positive direction after a few years of decline. Changes in State and District directives, new standardized testing, and continued increases in staff requirements on paperwork and staff development seem to be contributing factors in several areas having a lower satisfaction rating.

ACTION PLAN ON FOLLOWING PAGES

Impact of COVID-19:

On March 27, 2020, the U.S. Department of Education approved the SC Department of Education's request to waive statewide assessment, accountability, and reporting requirements of in the Elementary and Secondary Education Act (ESEA) for the 2019-2020 school year due to widespread school closures related to COVID-19.

For spring 2020, South Carolina did not administer any of the following assessment programs:

- SC READY (English language arts and mathematics in grades 3–8);
- SCPASS (science in grades 4 and 6);
- End-of-Course Examination Program (English, Algebra, Biology, United States History and the Constitution) the requirement that these examinations count 20 percent has been waived;
- Prekindergarten assessments – 4-year-old kindergarten (Phonological Awareness
- Literacy Screening (PALS Pre-K™), Individual Growth and Development Indicators (myIGDIs™), and Teaching Strategies® GOLD); and
- Alternate Assessments – some students have already taken the alternate assessments.

The following assessments were unable to be administered due to COVID-19 and required a waiver

- Grade 10 PSAT
- Ready to Work
- ACT, SAT
- AP, IB, Cambridge International

Performance Goal Area: ☒ Student Achievement* ☐ Teacher/Administrator Quality* ☐ School Climate (Parent Involvement, Safe and Healthy Schools, etc.)* (* *required*) ☐ District Priority

Gifted and Talented Requires ☐ Gifted and Talented: Academic ☐ Gifted and Talented: Artistic ☐ Gifted and Talented: Social and Emotional *1 Academic Goal and 1 Additional Goal* ☐ Gifted and Talented: Other

PERFORMANCE GOAL 1: The percentage of students scoring Meets Expectations and Exceeds Expectations on SC READY ELA will increase from 59% in 2016-17 to 64% in 2022-23.

Per SBE Regulation 43-261, measurable performance goals, written in five-year increments, shall be developed to address the major areas of discrepancy found in the needs assessment in key areas reported in the district and school report cards.

SMART goal must include: WHO will do WHAT, as measured by HOW and WHEN.

INTERIM PERFORMANCE GOAL: The percentage of students scoring Meets Expectations and Exceeds Expectations on SC READY ELA will increase by 1% annually.

ACTION PLAN FOR STRATEGY #1: Identify at risk students for behavior, attendance, and grades by implementing OnTrack and using GCSource and provide needed support and intervention for these students with guidance and mental health programs and services.					EVALUATION
ACTIVITY	TIMELINE (Start and End Dates)	PERSON RESPONSIBLE	ESTIMATED COST	FUNDING SOURCE	INDICATORS OF IMPLEMENTATION
1. Train staff on using OnTrack, GCSource, and Intervention Connection to identify and monitor at-risk students for behavior, attendance, and grades.	2018-2023 July 2018 Training	Principal Leadership Team Guidance	NA	NA	July 2018 Training
2. Use peer buddies, such Royal Ambassadors to help students transferring after the beginning of the school year to adjust and provide empathy.	2018-2023	Principal Guidance Staff Leadership Team Student Ambassadors Student Council	NA	NA	Program in place and used each year.
3. Continue to train all staff in Capturing Kids Hearts model to promote ongoing proactive and positive support to help guide student decisions, deescalate situations, and build a positive, mutually-accountable school culture. This program helps to insure that every student has a connection to a caring and supportive adult in the building.	2018-2023 Additional staff trained in July and August 2018	Principal Administrative Team All Staff CKH Process Champs	NA	NA	In place and on-going.
4. Continue to provide positive incentive programs to encourage students to attend school and be engaged in learning such as: <ul style="list-style-type: none"> Quarterly Incentive Awards 	2018-2023	Principal Administrative Leadership Team Guidance Staff	Not Known	PTSA Funds	Incentive programs are in place and used each year.

<ul style="list-style-type: none"> • FLEX Reward Day each week for students who meet targets for Behavior, Grades, and Attendance • Royal Day at the end of the year to promote good behavior and attendance, and positive academic performance • Monthly Spotlight Students for each grade level • PE Bucks for positive character recognition • Guidance intervention • Clear expectations and consistently enforcing discipline policies • Staff/administration mentorships for struggling students 		PTSA
