Where Enlightening Strikes!

Greenville Early College Program

The Greenville Early College Program serves approximately 200 6th-12th graders in a personalized learning environment that provides the skills and tools to assist them toward becoming the first in their families to attend college. Greenville Early College is a partnership between Greenville County Schools, Clemson University, Furman University, University Center, and USC Upstate.

The Greenville Early College Program has received significant support and investment from partners including Michelin North America, The Community Foundation of Greenville, The Hollingsworth Foundation, the Jolley Foundation, the Symmes Foundation, and United Way.

Home School

Parents/guardians may choose to home school their children instead of enrolling them in a public, private, or parochial school. South Carolina statutes provide parents/guardians with three different options. Option One allows parents to home school their children under the auspices of the school district, if approved by the Board of Trustees. You must complete an application and provide a copy of your high school diploma or GED to the Home School Office. Applications are available at www.greenville.k12.sc.us.

Through Option Two, parents may home school their children with the support of the South Carolina Association of Independent Home Schools. Through Option Three, parents may choose a home school association which has no fewer than fifty members and meets the home school requirements. South Carolina Department of Education (www.ed.sc.gov).

Parents/guardians may select the particular home school option that is best for their children.

Satellite Diploma Program

The Satellite Diploma Program, housed at the district's four career centers, is an adult education program which serves students who are 17 or older and have few credits toward graduation. Students and parents interested in the program should contact their school principal or guidance counselor for more information.

Twilight High School Program

The Twilight High School Program offers an additional option to traditional high school for students who have failed a class, need credits to graduate or get on grade level, or need a more flexible schedule. Students must be 15 years of age or older and attend a GCS high school or career center at least a half-day. The program is free to students and provides smaller classes, with individual instruction via VirtualSC. Twilight School offers core courses in English 2, 3, 4; Algebra 2; Geometry; Pre Calculus; Earth Science; and Chemistry. Students must provide transportation.

Virtual School Program

Greenville County Schools Virtual Program courses are taught online, offering increased flexibility for students in rising 7th through 12th grades. Any student who has the permission of the school counselor and principal may participate. A student may enroll in a Virtual Program course to resolve a scheduling conflict, to make up lost credit due to transfer from one school to another, to repeat a course failed, or to take additional courses to get ahead. South Carolina's state virtual program, an additional option, offers online courses in collaboration with local school districts to rising 9th through 12th graders. For Greenville County Schools students, registration for both programs is through the home school counselor and requires permission from the school.
