

About Us

Bonds Career Center offers fourteen Career and Technical Education programs for high school students. There are approximately five hundred students enrolled, comprised mainly from four high schools: Blue Ridge, Eastside, Greer, and Riverside. Students have the opportunity to earn industry recognized certifications and/or participate in a Work Based Learning program while enrolled at Bonds. Bonds Career Center gives students a competitive advantage of graduating from high school both college and career ready.

How to Apply

Students interested in attending must apply through the Backpack during the application window from January-March. Visit our website for more information about our programs and the application process.

College and Career Ready

✓ Professional and technical skills

Students will develop skills through hands on lessons, real world applications, networking events, and professionalism workshops.

✓ Industry recognized certifications

Every student will have the opportunity to earn state and industry specific certifications.

✓ Dual Credit opportunities

College credit hours can be earned through a few of our programs.

✓ Real world job opportunities

Experience what its like to work in the real world by earning a paid or unpaid work based learning opportunity.

Work Based Learning

Through experiences such as internships, apprenticeships, and co-ops students are able to take the skills they are developing in their classrooms and apply them into the real world. Our business partners can help put our students to work!
