

# TAKE EINSTEIN TO WORK OR COLLEGE!

*In order to help our students learn more about different colleges and careers, we would like to send our mascot, Einstein, to work or college with you! During his visit with you, we would like you to take pictures or a video of him in different areas around your campus or workplace. We will also need you to answer our list of questions about your college or career. Einstein must be picked up from one of the school counselors by an adult. We cannot send Einstein home with a student.*
