

# We invite you to support The Raider Fund!

**The PTSA and Greenville High Academy Staff would like you to support our effort to improve the education of the students at Greenville High. You can help by supporting The Raider Fund!**

**Why support this campaign?** Recently, **US News and World Report ranked GHS #15 in South Carolina** and it was included among the **Washington Post's List of America's Most Challenging High Schools**. Contributions to this fund will be used to provide valuable classroom support and assist with other important improvements for our school. Parent, Alumni and community involvement is essential to "raising the bar" in education and we hope you will contribute to make a difference for our students.

**Who can support the The Raider Fund?** Parents, alumni, extended family or businesses in our community that are interested in continuing the tradition of excellence in education at Greenville High can contribute to the fund. Depending on your contribution level, we are pleased to offer a listing on our PTSA webpage, in the Greenville High Atrium and as other opportunities become available.

## **Sponsorships**
