Our Vision

The vision of Simpsonville Elementary is to prepare students to be productive, respectful, and responsible.

Our Mission

We are...

Successful citizens

Empowered with 21st Century Skills

Academic achievers

Leaders and life-long learners

Simpsonville Strong

SIC Annual Goals

Current Goals, Actions, & Outcomes:

- Raise the academic challenge and performance of each student.
- Increase learning outcomes for traditionally underperforming student demographic groups.
- Increase the percentage of K-5 students reading on grade level.
- Hire and retain qualified, diverse teachers.
- Create and maintain a positive environment for teachers, students, and parents.

We have several things in place to help reach our academic goals, including morning math tutoring, academic coaching, OnTrack, intervention programs, small group academic groups, and more. To promote teacher retention, we supply a “Sharpen the Saw” station for teachers. We also provide monthly treats to our staff and coordinate various ways to promote morale. Our SIC/Parent Lighthouse Team leads an annual “All Seals on Deck” day at our school where volunteers spend time working on our school environment. SIC/Parent LHT members are currently working on an outdoor classroom for our students and teachers.

Additional Information

We are a Prek-5th Grade school. Currently, we serve 790 students at Simpsonville Elementary. We are proud to be a Leader in Me school! Based on *The 7 Habits of Happy Children*, The Leader in Me equips students with the self-confidence and skills they need to be successful for life. We strive to help all students develop the life and career characteristics of the Profile of the South Carolina Graduate by “Preparing students to be productive, respectful, and responsible”.

Our cohesive academic enrichment and strong standards-based core instruction contribute to students' success. We are continuously measuring and monitoring student achievement. Our vision is to help each child reach their full potential through creative and challenging learning opportunities. We will continue to keep our standards high by analyzing test data, through commitments to team planning, and maintaining an atmosphere where children love to come to school to learn.

Having the support of our families and our community is important to us- we welcome anyone who wishes to become more involved in our school!
