

Leader In Me Pledge

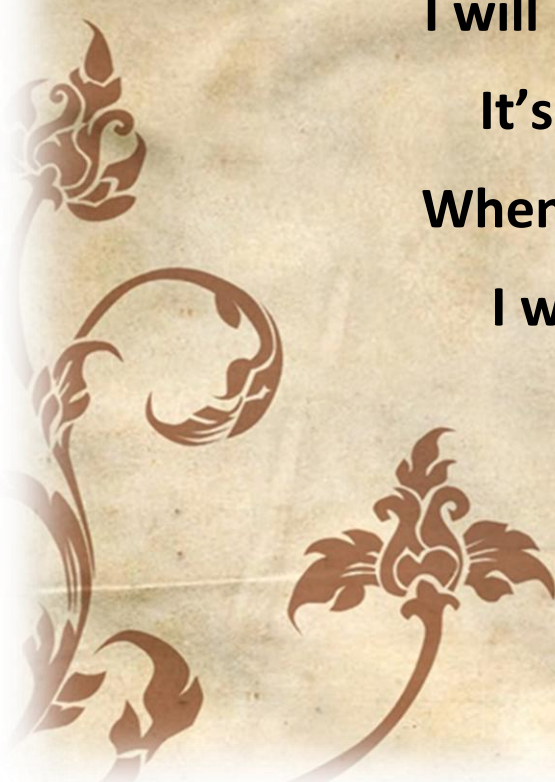

**I pledge to be a leader,
I will work hard every day,
To follow the 7 habits,
And do things the right way.**

**I will strive to be proactive,
And own each choice I make.**

**I will lead by example,
And wisely choose the path I take.**

**I will begin with the end in mind,
It's the best way to succeed.**

**When I have a well thought plan,
I will reach my goal indeed.**

**I will put first things first
It is a smart way to be.
I'll work hard then I'll play,
And do something for me.**

**I will seek the best solution,
So everyone can win.
It's the perfect way to go,
So I will always think win-win.**

**I will always seek to listen first,
And help out when I can,
Before I tell my side,
So I can understand.**

**I promise to work with others,
Because it would be wise,
To put our thoughts together,
So we can synergize.**

**I know that I'm important,
And I must take care of me.
I promise to sharpen my saw,
To relax and feel stress free.**

**By using the 7 habits,
I'm the best me I can be.
I pledge to take the journey,
To bring out the Leader in Me!**
